Union Minister for Education, Shri Dharmendra Pradhan, today participated in a fireside chat organised by the US India Strategic Partnership Forum as part of the India Leadership Summit 2024. He was joined by Mr. Ryan Roslansky, the CEO of LinkedIn, and Mr. Marvin Krislov, the President of Pace University.

Speaking at the event, Shri Pradhan said that as the National Education Policy 2020 moves towards completing five years, India is giving unprecedented impetus to embracing new technologies, learning in Indian languages, and enhancing research and employability skills. He shared his thoughts on India's progress in various aspects of education, which is driving learners towards competency and knowledge-based enterprises. The Minister also highlighted how India can embrace new opportunities for developing a future-ready, responsible generation of global citizens.

Shri Pradhan further stated that the world needs to come together to solve global challenges, and India is ready to play its role. From opening doors for foreign universities to set up campuses in India to moving towards a paradigm of prioritizing competency over degrees, India will fulfill the aspirations of its society and become a growth engine for the world, he added.
