(Department of Higher Education)

**Review of Annual Report of National University of Educational Planning &
Administration (NUEPA), New Delhi for the year 2015-16**

1. National University of Educational Planning & Administration (NUEPA) was set up on 1962 as one of the four regional Centres of UNESCO to promote capacity development of educational planners and administrators in the Asian region. The Government of India took over in 1970 and renamed and retained it as the premier institution for research and training of educational administrators in India. It became a Deemed to be University in 2006. It offers M.Phil. and Doctoral level research degrees, training programmes for national and international participants and carried out empirical research and extends support to policy and planning of education in India. In the light of its seminal contribution in the area of educational policy and planning and felt need of starting a specialised postgraduate programme in educational planning and administration, the institution was conferred the status of a 'Deemed to be University' with an added mandate of awarding degree. Given a very specialised nature of course, a very small component of students are admitted to pursue postgraduate courses (M.Phil./Ph.D.) in the area of educational planning and administration. Preparation for introducing Postgraduate Master Programme M.A. in Education (Educational Planning and Administration) is in the process. Two courses being run by the University Post Graduate Diploma in Educational Planning and Administration (PGDEPA) and International Diploma in Educational Planning and Administration (IDEPA) are exclusively for educational administrators and functionaries of the Department of Education of the States and Union Territories of India and international participants belonging to the education cadre of the respective countries from Afro-Asian and Latin American countries nominated by their respective governments. Both the programmes are in tune with the original mandate of the institution, started before the conferment of the status of Deemed to be University, the former was, however, upgraded from Diploma to Post Graduate Diploma in 2014. These programmes are not open to general students.

2. NUEPA acts as a think tank and is the only national institution in the field of educational policy, planning and administration in India. The MHRD and other public policy making institutions are the major users of its research findings. All capacity development programmes are addressing the educational administrators at the state and sub-state levels. The University is fully funded by MHRD and all its services are extended free of cost to national and state governments and public educational institutions. Its main contributions to major national programmes include designing and developing District Primary Education Programme in the 1990s, SSA, RMSA and RTE in the 2000s. NUEPA undertakes several research studies at the request of the MHRD and other public bodies every year. Similarly, it organizes several training and consultative meeting at the request of MHRD. The clientele for its programme are state level educational administrators.

3. NUEPA has always played an important role in the national education policy formulation and in designing several of the national educational programmes. The policy support extended by the University include its research and contributions to debates on the formulation of 1986 education policy, its revision in 1992, acting as a Secretariat to the Committee for Evolution of New Education Policy in 2016 and support to the policy formulation exercise.

4. During the Academic Session 2015-16, amongst the series of research studies conducted by NUEPA, one research study on 'Gender Equality Outcomes of the SSA: Fieldwork in East Delhi and Ajmer District' has been completed during the academic session 2015-16. Overall 25 research studies, including the research studies initiated during the current academic session, are in progress. During the above academic session 08 Ph.D. Theses and 09 M.Phil. Dissertations have been completed and degrees awarded. 58 Training programmes/seminars/ workshops/ conferences have been successfully organized. During the academic session 2015-16, a number of publications were brought out, which include, Journal on Educational Planning and Administration, NUEPA Occasional Papers, CPRHE Research Papers and many other priced and un-priced publications.

5. The Grants-in-Aid Scheme, administered by MHRD through NUEPA, through a specially constituted Grants-in-Aid Committee had recommended grants-in-aid to 29 Government and Non-Government Organizations or organizing researches, seminars/conferences/workshops for the implementation of the various parameters of the National Policy on Education, including its further elaboration in the Programme of Action (POA).

6. During the year 2015-16, NUEPA has received an amount of Rs.3195.08 lakhs as grants of Ministry of Human Resource Development, Government of India.

Papers to be laid on the Table of Lok Sabha.

AN OVERVIEW

The National University of Educational Planning and Administration (NUEPA) occupies a unique position in the network of educational institutions in India, with its functions covering a broad spectrum of academic having both domestic and international ramifications.

The genesis of NUEPA's evolutionary journey dates back to February 1962 when the Asian Regional Centre for Educational Planners, Administrators and Supervisors was established by UNESCO under an agreement signed by the UN Agency and the Government of India. The principal functions of the Centre were to conduct research on the problems related to educational planning, administration and school supervision as well as conduct short-term training programmes for educational planners, administrators and school supervisors in Asia and offer technical assistance to member-states.

Subsequently, with effect from April 1, 1965, the fledgling Centre was rechristened as the Asian Institute of Educational Planning and Administration. The taking over of the Asian Institute by the Government of India at the end of a 10-year agreement between it

and the UNESCO paved the way for its transformation into the National Staff College for Educational Planners and Administrators in 1970. This college was restructured and re-registered as National Institute of Educational Planning and Administration (NIEPA) on May 31, 1979, with an expanded mandate.

In recognition of the important work being done by it in the area of educational policy, planning and administration, NIEPA was conferred in 2006 the status of a 'deemed to be university' under Section 3 of the University Grants Commission Act, 1956 and was renamed as National University of Educational Planning and Administration with the power to award degrees. Hereinafter also referred to as the National University, NUEPA, like any other Central University, is fully maintained by the Government of India.

NUEPA Vision and Mission

The National University envisions “a humane learning society through advancement of knowledge”. In line with this vision, a key mission of the National University has been to serve as a centre of excellence in the areas of educational policy, planning and management by promoting advanced level teaching, research and capacity building in national and global contexts.

The National University envisions “a humane learning society through advancement of knowledge”. In line with this vision, a key mission of the National University has been to serve as a centre of excellence in the areas of educational policy, planning and management by promoting advanced level teaching, research and capacity building in national and global contexts. The key strategic objectives of the National University are:

- strengthening institutional capacity at the national and State/UT levels to formulate and implement effective policies, plans and programmes to ensure achievement of education sector development goals and targets and to institutionalize a responsive, participatory and accountable system of educational governance and management at the school, community, district, State/UT and national levels;
- expanding the pool of specialized human resources, including young professionals and scholars, in the areas of educational policy, planning and administration, equipped with the knowledge and skills required to support educational reforms and to promote effective planning, design, implementation and monitoring of education sector development programmes;
- enhancing the knowledge-base relating to the areas of educational policy, planning and administration and allied disciplines in order to promote the formulation of evidence-based policy responses and effective programmatic initiatives required to address the current and emerging education sector-related challenges;
- improving access to and sharing of information and knowledge, including research results, best practices and innovations, relating to educational planning and management practices to promote adoption of improved education policies and effective educational planning and management practices to facilitate achievement of education sector development goals and targets;
- promoting inter-disciplinary inquiries that shape education policy formulation, educational planning and management practices/techniques at all tiers of education system and structures, and strategic approaches to improving educational planning processes, educational governance and management, and monitoring and evaluation of education programmes; and as a leader in inter-disciplinary inquiries that shape education policy formulation and educational planning and administration practices in the country.

Core Functions

In fulfilling its mission, the National University carries out the following core functions:

- Providing leadership in reforming educational policy, planning and management at all tiers of education systems and structures;
- Developing and organising advanced level interdisciplinary programmes of teaching, including pre-doctoral, doctoral and post-doctoral programmes, and professional development programmes to build a cadre of well trained educational planners and administrators and to ensure sustainable institutional capacity for design, implementation, monitoring and evaluation of educational policies, plans and programmes;
- Shaping the research agenda and undertaking, aiding and promoting research and evaluation to facilitate the generation of new knowledge required to support capacity development programmes and the formulation of evidence-based policy options and improved educational planning and management practices/techniques required to ensure achievement of education sector development goals and targets;
- Providing technical support to Central and State Governments as well as national and state-level institutions to meet their educational planning and management-related capacity building and research needs and to help them improve the design, implementation, monitoring and evaluation of educational policies, plans and programmes;
- Extending consultancy services to national and international agencies to help them formulate and evaluate education sector development programmes;
- Functioning as a clearing house of ideas and information for providing accessibility to existing and new knowledge in the field of education, in general, and education policies, planning and administration, in particular; providing a forum for exchange of ideas/experiences and policy dialogue among policy makers, educational planners and administrators and academics for identifying effective policies and educational planning and management techniques/practices required to address education sector-related challenges and achieve education sector development goals/targets;
- Networking and collaboration with national and international institutions and organisations, including the agencies, funds and programmes of

the United Nations system, for promoting joint initiatives/programmes and research studies to improve educational planning and management; and

- Assessing and analysing emerging trends in education sector development, identifying emerging challenges in educational planning and management, and assessing progress towards education sector development goals and targets in order to facilitate the formulation of appropriate policy options and programmatic interventions to achieve education sector development goals/targets.

The above functions of the National University are carried out in close coordination and association with governments and institutions at both the Central and State/UT levels. While pursuing high level scholarship, the National University continues to be actively engaged in matters related to planning and administration of the education system and programme implementation and evaluation. A key aspect of the University is its engagement with the field as a two-way process. The University has been trying to enrich its knowledge-base by researching field reality and interacting with field functionaries at various levels – from schools and colleges to State and Central Government departments. Being a national institution, the University has been striving to meet the educational planning and management related capacity building requirements of States/UTs by training resource persons, maintaining close linkages with State Governments and State Institutions, undertaking critical studies of their education systems, policies and programmes and giving them professional advice and technical support. Through its large number of capacity building programmes, the University has been in a sustained manner & trying to transfer its expertise, experience and insights to field-based education practitioners. By assuming such a function, the University continues to act as a think-tank in the areas of educational policy, planning and administration. This dual role has enabled the University to bring greater authenticity into its academic work of teaching and research.

Academic Structure and Support Services

The academic structure of the University comprises Departments, Centres, Special Chairs, dealing with special aspects of education, and Technical Support Units/groups and academic support system, which are responsible for the development and execution of activities relating to their respective programmatic thrust areas. The University faculty consists of Professors, Associate Professors, Assistant Professors and National Fellows, representing expertise drawn from various disciplines relevant to the areas of educational policy, planning and administration. Every Department is organised on an inter-disciplinary basis, and brings together knowledge, scholarship and other resources to offer programmes of studies and research covering a range of areas relating to education, in general, and educational policy, planning and management, in particular. Each Department has core faculty assigned to it in addition to research/project associates and secretarial staff. The Academic Departments are headed by Professors. The Departments are responsible for the development and execution of various training and research programmes, and consultancy and advisory services in the areas entrusted to them. During the year under report, the academic programmes of the University were conducted by the following eight Academic Departments and Special Chairs, Unit on School Standards and Evaluation and Project Management Unit, and India-Africa Institute of Educational Planning and Administration (IAIEPA) besides two Centres, supported by the administrative and academic support service units.

CHAIRS, AND NATIONAL FELLOWS

- Maulana Abul Kalam Azad Chair
- Chair on Teacher Management and Development
- NUEPA National Fellows

Academic Departments

Educational Planning : With the shift in emphasis from centralised to decentralised planning, Educational Planning Department, as one of the key departments of NUEPA, focuses on integration of inputs, processes and products of planning at the institutional, district, state and national levels. Further, in the backdrop of economic liberalisation, the focus has also shifted to strategic as against the comprehensive planning in the conventional sense. In recent times, with the increasing emphasis on education as a means of reducing poverty and promoting sustainable development, the scope of educational planning has been enlarged to cover not only the institutionalisation of strategic planning at the macro-level but, simultaneously, also the promotion of decentralisation and the use of local level planning techniques, such as school mapping, micro-planning and school improvement planning, for improving the quality of investment in education. This is undertaken through programmes of teaching and training, professional development of educational planners, research and capacity development programmes and also by providing consultancy to various national and international bodies. The Department has also been engaged in improving the capacities of key education functionaries in data analysis and use of key indicators for diagnosis and evaluation of educational development initiatives. The Department also contributes in conducting various teaching programmes of the National University, including transaction of various core and optional courses of the M.Phil., Ph.D. Programmes, Post-Graduate Diploma in Educational Planning and Administration (PGDEPA) and International Diploma in Educational Planning and Administration (IDEPA) programmes.

Educational Administration: The Department of Educational Administration is actively engaged in studies, research and dissemination of knowledge on various dimensions of administration and management covering all sectors and all levels of education. One of the prime concerns of the department is to build a sound knowledge base and create a strong professional support for educational administrators and researchers on multiple aspects of educational administration and management. The department has built a sound knowledge and database on educational administration and management in tuned with its focus. During the period of report, the department has conducted a number of studies and organised many outreach and capacity building programmes, including a large scale third All India Survey of Educational Administration, the scheme of National Awards for Innovations in Educational Administration and national/state level conferences of District and Block Education Officers. The department reached out to nearly one thousand and three hundred state, district and block level education officers across the States and Union Territories of India through workshops, conferences and capacity building programmes.

Scheme of National Conference on Innovations in Educational Administration and Awards Function, March 5-7, 2017

The department implemented the Scheme of *National Awards for Innovations in Educational Administration* for District and Block Level Education Officers. The basic objective of the Awards Scheme is to recognise, award and disseminate innovations and good practices in educational administration at the field level. Awards are given to the selected DEOs and BEOs in a national awards function in New Delhi coinciding with a two/three-day conference on innovations in educational administration of DEOs and BEOs. This year the National Conference on Innovations in Educational Administration Awards Function was organised from March 5-7, 2017 at Pravasi Bharatiya Kendra, Chanakyapuri, New Delhi. Participants of the conference included about 150 District and Block Level Education Officers from

different States and UTs besides a good number of resource persons and education experts. Shri Prakash Javadekar, Honourable Minister for Human Resource Development, Government of India, graced the occasion of Awards Function and distributed awards to the selected officers. About 78 cases of innovations and good practices were shared during the conference and awards functions.

State Level Conferences of District and Block Level Education Officers

Four state level conferences of District and Block Level Education Officers were organised in three states – Telangana, Chhattisgarh and Jharkhand; covering around 1000 District and Block Level Education Officers besides a considerable number of senior state and regional level officers. The Deputy Chief Minister-cum-Education Minister of Telangana inaugurated the State Level Conference for DEOs and BEOs on Educational Planning and Administration in Warangal, Telangana, October 5-6, 2016. The State Level Conference on Educational Planning and Administration for DEOs and BEOs at Ranchi, Jharkhand, January 6-7, 2017, was inaugurated by the Education Minister, Jharkhand. Parliamentary Secretary, Education, Chhattisgarh and Vice-Chancellor, Pandit Ravi Shankar Shukla University, Raipur attended the Valedictory session of the conference as Guest of Honour and Chief Guest. Besides other faculty members of NUEPA, the Vice-Chancellor, NUEPA also attended the state level conferences in three states.

Other Programmes Organised by the Department

A. ANTRIEP Regional Workshop on Educational Administration and Management: Existing Practices and Innovations, April 19-21, 2016.

B. Training Programme for Principals of Degree Colleges from Andhra Pradesh, May 16-20, 2016.

C. Implementation of the Scheme of National Awards for Innovations in Educational Administration, April 2016-March 2017.

D. Orientation Programme on Educational Administration and Management for State Level and District Level Women Administrators.

E. Orientation Programme on Educational Management for State Level Educational Administrators.

F. Orientation Programme on Leadership in Educational Governance for District Education Officers.

Research Projects in the Department

A) Third All India Survey of Educational Administration (Project Incharge: Prof. K. Sujatha till June 30, 2016 and Dr. R. S. Tyagi till July 31, 2017. Prof. Kumar Suresh is Project Incharge w.e.f. August 01, 2017.

Under the project on Third All India Survey of Educational Administration, survey work in 23 states was completed and final state reports were submitted as per the list given below:

1. Andhra Pradesh
2. Arunachal Pradesh
3. Assam
4. Bihar
5. Chhattisgarh
6. Goa
7. Karnataka
8. Kerala
9. Madhya Pradesh
10. Maharashtra
11. Manipur
12. Mizoram
13. Nagaland
14. Odisha
15. Sikkim
16. Uttarakhand
17. Gujarat

18. Haryana
19. Himachal Pradesh
20. Punjab
21. Tamil Nadu
22. Telangana
23. Uttar Pradesh

Survey work in West Bengal is near completion. Initial draft of the report has been submitted by the state. Dr. Manju Narula is coordinating with the state for report preparation.

B) Thematic Studies relating to the Third All India Survey of Educational Administration

As per the original proposal of the Third All India Survey of Educational Administration and approval thereon, the department has started preparatory work on thematic studies under the project. Different thematic studies are proposed to be conducted under the project.

C). Research Study, “**Involvement of Teachers in Non-Teaching Activities and its Effect on Education: A Study in Select States of India**”, sponsored by the Ministry of Human Resource Development, Government of India was under taken by Dr. Vineeta Sirohi and Dr. Manju Narula. The data analysis is in process and the report will be submitted by April 2017.

D). Draft Report of the Study on **Shared Responsibilities and Competence of the Local Bodies in the Management of Elementary Education in M.P. and Bihar** (Professor Kumar Suresh) is completed; the final report to be submitted with few required revisions in the draft.

E). **The Culture of Testing: Socio-cultural drivers and the effects on youth in the Asia-Pacific region** (Professor Kumar Suresh)

On the request of the Section of Inclusive Quality Education of the UNESCO Bangkok, a report on India is under preparation. This study proposes to

better understand the socio-cultural drivers behind the “culture of testing” and their effects on the relevance of education and aspirations to youth.

Educational Finance : The twin-objectives of the department are to conduct and promote serious research on economic and financial aspects of education at all levels at national, sub-national and global levels, and to build knowledge and skill capacity of manpower involved in financial planning and management in education sector in India and other developing countries. In the context of educational policy, planning and administration, finances form an important issue. The Department of Educational Finance focuses its activities-research, teaching, training and consultancy - around policy, planning and development issues relating to public and private financing of education, including specifically mobilisation of governmental and private resources, allocation of resources and utilisation of resources at all levels of education from primary to higher, estimation of resource requirements. Mostly, but not exclusively, research areas cover policy issues in financing of education; programmes; policy issues are the focus of consultancy/advisory services; and theoretical and empirical issues relating to economics and financing of education form the content of the teaching programmes; planning techniques and management approaches form the content of training and orientation.

Educational Policy: The Department of Educational Policy is committed to the study of educational policy, analyse and evaluate educational programmes, to identify trends, understand outcomes and guide policy and practice, towards finding solutions to current problems in educational governance and management. As it is dedicated to the mission of enhancing the knowledge of critical barriers facing access, equity, quality and relevance throughout the educational pipeline, the department stimulates discussions on various policy issues, from time to time, to generate knowledge-base, for the use of policy makers, practitioners and other stakeholders in the educational

and public policy arena that affects educational system in India. The research focus is on studying above issues of policy and practice in addition to those pertaining to teaching, learning and performance in educational institutions for creating better linkage between educational research and educational policy. Research outcomes are intended not only to describe the complexities of educational phenomena but also to offer recommendations for action. Keeping in view the recent changes in the society and its influence on education, the department will act as a sounding board for the stakeholders at national level for enabling needful actions from time to time. The department also undertakes training on policy issues for planners, administrators, implementers, and scholars who can act effectively and ethically within the given structures, processes and cultural contexts of organised education in India.

School & Non-formal Education : The Department of School and Non-formal Education focuses on issues of pre-school and school education, non-formal education and adult literacy from a rights-based and inclusive perspective. It also strives to develop a theoretical understanding of quality, equity, social justice and inclusion. It undertakes research studies on schools as institutions and to change as it happens in school and non-formal education in a cumulative manner in order to provide an empirical base for evolving policies and programmatic interventions. This department also engages in organising workshops and capacity development programmes for national, state and district-level officials, in addition to its participation in the PGDEPA and IDEPA programmes and the teaching programmes of the National University, such as M.Phil., Ph.D. It also plays an advisory role and extends support to the Central and State governments in the formulation and study of plans and policies. In order to establish synergic linkages, the department collaborates with national and international organisations to share experience and expertise. At present, due to practical considerations, the focus of the department is limited more or less to four areas: equity, quality and inclusion in school education

within a rights-based framework; teacher development & management; school leadership; and evolution of school standards. Members of this department also work with the National Centre for School Leadership and are also engaged in development of a Unit on School Standards and Evaluation.

Higher and Professional Education: The Department of Higher and Professional Education has, over the last quarter of a century, been constantly providing research support and policy advice to the Ministry of Human Resource Development, Government of India. The WTO cell in the Department played an important role in analysing requests and firming up India's offers under GATS. The department studied various dimensions of internationalisation in higher education and organised seminars to debate and disseminate the same. The department has been supporting the process of finalisation of different Five Year Plans for higher education and has been constantly working with the University Grants Commission for holding seminars and conferences of experts, vice-chancellors, deans and registrars of the universities, directors of academic staff colleges and college principals. It has also provided academic support to the regional conferences of UNESCO, leading to the world conference on higher education, and Planning Commission and World Bank sponsored seminar on performance funding in Indian higher education. Among the annual features of the department are regular training programmes for the principals of colleges of different categories. The department has been providing academic support to the universities and colleges in seminars on various dimensions of access, quality and academic reforms. The department is actively engaged in the transaction of coursework for M. Phil, Ph.D. and diploma programmes on educational planning and administration and has been supervising research scholars on their dissertations.

Training and Capacity Building in Education : The Department focuses on creating linkages at the national and international levels for improving the capacities of their administrators. The programmes

are designed to empower state institutions by creating more stable and dedicated institutional arrangement for creating a critical mass of trained teams in the Departments of Education. There is an effort to reach out to the grassroots through State Conferences for efficient implementation of the national programmes for the DEOs/BEOs all over the nation in a phased manner, to articulate the important programmes and policies of educational reforms which are in progress in the country. The programmes are thematic and cadre-based courses, particularly for trainees at the induction and promotion level. In addition, the department conducts two Diploma Programmes - one for the national, and the other for the international education personnel. At the national level, a modular course - Post Graduate Diploma in Educational Planning & Administration (PGDEPA) – and, at the international level - International Diploma in Educational Planning & Administration (IDEPA) - are conducted annually. The department also conducts research in training and capacity building strategies in education at the national and international levels with a focus on educational training need assessment (TNA) studies of different cadres of functionaries, field officers and administrators from the school and higher education levels.

Department of Educational Management Information System

The Department of Educational Management Information System undertakes research and capacity building activities while providing technical advice to strengthen the database and Management Information Systems (MIS) on education in India and across the world. The department has been playing an important role in strengthening MIS and database on elementary education in India. It manages District Information System for Education (DISE), with support from the Ministry of Human Resource Development (MHRD) and the United Nations Children's Fund (UNICEF). In addition, the department organises conferences/seminars on issues relating to statistics on

education as also on contemporary issues pertaining to education; and workshops/training programmes on quantitative methods in educational planning. It also undertakes consultancy, with focus on statistics and educational management information systems. The faculty members of the department were recently actively involved with the Expert Group, constituted by the Ministry of HRD, on creation of Unified System of School Education Statistics. Accordingly, the department made special efforts in this direction under Unified-DISE and data during 2012-13 was collected for the first time by using uniform data capture format across the country. During 2015-16, data from about 1.5 million schools imparting school education was collected.

The themes of some of the programmes/seminars/workshops organised by the department included 'Sensitisation Programmes and Workshops on DISE through EDUSAT'; 'Using DISE Data in Educational Research'; and 'Unified System of School Education Statistics', etc. The department also offers a course on 'Quantitative Methods in Educational Planning' as part of PGDEPA, besides tailor-made programmes on EMIS for developing countries. The department faculty also provides policy advice to the Government of India besides several state governments on EMIS and related aspects of school education.

Special Chairs

Maulana Abul Kalam Azad Chair: The Chair was instituted by the Ministry of Human Resource Development (MHRD) in NUEPA in 2008 to commemorate the contributions of Maulana Azad, who was the first Minister of Education, Science and Culture of independent India. The main research thrust of the chair is to look into the development of education, science and culture in a historical perspective, while exploring the contributions of Maulana Azad during the definitive decade of the 1950s. It also organises Maulana Abul Kalam Azad Memorial Lecture every year on National Education Day. The Chair also organises national seminars on issues related to Maulana Azad's vision and world views.

Chair to Promote Teacher Development and Management : The Rajiv Gandhi Foundation (RGF) Chair on Teacher Development and Management, which became operational from June 2013, is a manifestation of NUEPA's objective of enhancing research and analysis on teacher development and

management-related issues for evolving policies and practices conducive to improving the effectiveness of teacher development and management systems across India.

The provision, allocation and utilisation of quality teachers for meeting demands of the education systems, meeting needs of the existing corps of teachers to enable them to perform effectively; and professionalising and enhancing capacity for school/ institutional leadership are inter-related. However, there is lack of a coherent policy and programmatic framework that links them together and addresses issues relating to different aspects of teacher development and management at block, district, state and national levels. Professor Vimala Ramachandran has been appointed professor in-charge of the RGF Chair.

The special activities of the Chair include:

- Independent and collaborative research on working conditions of teachers and related educational management issues in different States/UTs. This, it is hoped, would enrich the knowledge-base required for informed decision-making and formulation of a coherent framework of policies.
- Technical assistance to State ministries and other

State/UT level institutions to help them improve teacher development and management practices.

- Facilitation and promotion of policy dialogue on issues relating to teacher development and management involving state-level education authorities and other stakeholders involved in seeking approved programmatic interventions.
- Documentation and dissemination of knowledge and information, including research findings, best practices and innovations among stakeholders at state and national levels to facilitate informed decision making.
- Advocacy for adoption of effective teacher development and management practices.

Two projects are underway, namely: Nine-state research study to document and analyse the recruitment and deployment policies and practice, salary and working conditions (transfers, postings, professional growth and development) of all categories of teachers (regular and contract teachers) working in the government schools at two levels: elementary and secondary. This is being done through state-level field-based studies involving perusal of government notifications, orders and interviews with key administrators involved in teacher management.

Centres

National Centre for School Leadership :

The National Centre for School Leadership (NCSL) was set up in the National University of Educational Planning and Administration in 2012 with support from SSA and RMSA, MHRD to empower school leaders with knowledge, skills and attitudes to transform schools. The leading priority for NCSL, therefore, is to prepare school leaders for school transformation. The NCSL envisions a flexible framework capable of addressing diversity in schools across the country through leadership development programme. It has been visualised to cover the whole range of schools from elementary to secondary, including schools under different kinds of management, geographical locations, size, school types, etc. The leadership programmes covers existing and freshly-inducted school principals, current and aspiring school heads as well as senior teachers from elementary to higher secondary levels, functioning in both government and government-aided sectors.

The motto of the centre is to reach out to each school in

the country, ensuring *every school excels and every child learns*. The centre articulated its vision and mission statements as :

Vision: To Develop New Generation Leaders to Transform Schools so that Every Child Learns and Every School Excels.

Mission: To Enhance Leadership Capability at School Level for Institution Building to Deliver Quality Education.

To achieve this mission NCSL, NUEPA has initiated a nation-wide School Leadership Development Programme on a long-term and continuous basis with a participatory approach involving professionals and practitioners at all levels from government and government-aided school sectors.

Towards this end, the centre had conceptualised activities at both national and state levels categorised in four core functions outlined in the NCSL Programme Framework.

The Four Core Functions:

Curriculum and Material Development

Capacity Building

Networking and Institution Building

Research and Development

The strand-wise activities completed by the centre in 2016-17 are as follows:

Strand 1: Curriculum and Material Development

- National Programme Design and Curriculum Framework on School Leadership Development has been contextualised, adapted and translated in Manipuri.
- Handbook on School Leadership Development has been contextualised, adapted and translated in Mizo.
- E-content, self-learning instructional material, reference resource material along with assessment of the courses for On-line Programme on School Leadership and Management for school heads right from elementary through secondary has

been developed and is ready for launch.

- Workshop for translation of curriculum and programme design and handbook in Marathi, March 15-24, 2016.
- Workshop for translation of curriculum and programme design and handbook in Assamese, May 2-6, 2016.
- The Resource Book for the One Month Certificate Course in School Leadership and Management for Secondary School Principals has been launched on December 31, 2016.

Strand 2: Capacity Building

Online Programme on School Leadership and Management

NCSL has conceptualised and designed the Online Programme on School Leadership and Management using moodle platform. The course is designed on four quadrants: (i) E-Content in the form of reading material or modules; (ii) Reference Reading Material consisting of PowerPoint presentations, case studies, audios, videos and many other types of resources; (iii) Self-learning Material with practice exercise and activities; and (iv) Assessment having Multiple Choice Questions (MCQs), assignments, practice exercises, discussion forums and portfolios. The grading system is based on MCQs, peer assignments and discussion forum. There are 7 courses to be transacted in this programme. These include Perspective on School Leadership, Developing Self, Transforming Teaching-Learning Process, Building and Leading Teams, Leading Innovations, Leading Partnership and Leading School Administration, on which different units have been designed. This course is envisioned as a basic course and, in the years to come, NCSL would be designing moderate and advanced courses.

Pre-requisites for the participants is to have basic skills in using computers and internet, involvement with the exercises, reflections on the questions, submission of assignments and participation in discussion forums, participants have to spend a minimum of three hours a week on learning and should complete the programme in a span of three-four months.

| Sl. No | Activities | Date | Sl. No | Activities | Date |

| 1. | Orientation for online programme on school leadership development in the state of Andhra Pradesh | January 20, 2017 | 8. | Orientation for online programme on school leadership development in the state of Jammu & Kashmir | February 02, 2017 |
| 2. | Orientation for online programme on school leadership development in the state of Maharashtra | January 21, 2017 | 9. | Orientation for online programme on school leadership development in the state of Uttarakhand | February 18, 2017 |
| 3 | Orientation for online programme on school leadership development in the state of Jharkhand | January 24-26, 2017 | 10. | Orientation for online programme on school leadership development in the state of Telangana | March 03, 2017 |
| 4 | Orientation for online programme on school leadership development in the state of Madhya Pradesh | January 30-31, 2017 | 11 | Orientation for online programme on school leadership development in the state of Gujarat | March 04, 2017 |
| 5. | Orientation for online programme on school leadership development in the state of Chhattisgarh | February 02-03, 2017 | 12 | Orientation for online programme on school leadership development in the state of Meghalaya | March 16-17, 2017 |
| 6. | Orientation for online programme on school leadership development in the state of Mizoram | February 07-09, 2017 | 13. | Orientation for online programme on school leadership development in the state of Assam | March 21, 2017 |
| 7. | Orientation for online programme on school leadership development in the state of Kerala | February 09, 2017 | 14. | Orientation for online programme on school leadership development in the state of Goa | March 24, 2017 |

The programme is on the NUEPA Website/Web Portal. The Centre will be soon transferring the programme on NIC Meghraj Cloud for better speed and access .

One-day consultation-cum-orientation programme was organised by the centre in selected states to examine the acceptability, receptivity and readiness for the online programme in the states. The details of the programme conducted are given below:

National Level Capacity Building Programme

- One Month Certificate Course on School Leadership & Management, June 02-30, 2016.
- One Year Post Graduate Diploma Programme on School Leadership and Management, July 15, 2015- July 15, 2016.
- Capacity Building of District and Block Level Functionaries on Orientation to School Leadership, December 26-31, 2016.

State Level Capacity Building Programme of State Resource Group

- Capacity Building of second batch of SRG for School Leadership Development Programme in the state of **Assam**, May 02-11, 2016.
- Capacity Building of second batch of SRG for School Leadership Development Programme in the state of **Madhya Pradesh**, July 02-11, 2016.
- Capacity Building of SRG for School Leadership Development Programme in the state of **Chhattisgarh** in two batches, Ist Batch: September 26- October 03, 2016 and IInd Batch: October 17-23, 2016.
- Capacity Building of SRG for School Leadership Development Programme in the state of **Nagaland**, September 21-October 01, 2016.
- Capacity Building of SRG for School Leadership Development Programme in the state of **Rajasthan**, October 17-26, 2016.

- Capacity Building of SRG for School Leadership Development Programme in the state of **Uttar Pradesh**, November 15-24, 2016.
 - Capacity Building of SRG for School Leadership Development Programme in the state of **Jharkhand**, December 05-14, 2016.
 - Capacity Building of SRG for School Leadership Development Programme in the state of **Jammu & Kashmir**, January 02-12, 2017.
 - Capacity Building Programme on School Leadership Development for DIET Principals of **Jammu and Kashmir**, January 29-February 03, 2017.
 - Capacity Building of SRG for School Leadership Development Programme in the state of **Kerala**, February 04-10, 2017.
 - Capacity Building of State Resource Group (SRG) for School Leadership Development Programme in the state of **Meghalaya**, February 20-29, 2017 and February 22-23, 2017.
 - Capacity Building of SRG for School Leadership Development Programme in the state of **Goa**, March 13-23, 2017.
 - Capacity Building of SRG for School Leadership Development Programme in the state of **Maharashtra**, January 17-22, 2017.
 - Capacity Building of SRG for School Leadership Development Programme in the state of **Jharkhand**, January 24-February 02, 2017.
 - Review and Feedback Workshop of School Leadership Programme in **Chhattisgarh**, August 11-12, 2016.
 - Review and Feedback Workshop of School Leadership Programme in **Madhya Pradesh**, September 26-30, 2016.
 - Review and Feedback Workshop of School Leadership Programme in **Uttar Pradesh**, November 25-26, 2016.
 - Review and Feedback Workshop of School Leadership Programme in **Tripura**, December 22-25, 2016.
 - Review and Feedback Workshop of School Leadership Programme in **Sikkim**, June 09-10, 2016.
 - Review and Feedback Workshop of School Leadership Programme in **Odisha**, February 27-March 03, 2017.
 - Review and Feedback Workshop of School Leadership Programme in **Telangana**, August 22-23, 2016 and November 27-28, 2016.
 - Review and Feedback Workshop of School Leadership Programme in **Himachal Pradesh**, October 06-07, 2016.
 - Review and Feedback Workshop of School Leadership Programme in **Tamil Nadu**, September 27-28, 2016 and October 12, 2016.
 - Review and Feedback Workshop of School Leadership Programme in **Rajasthan**, January 24-25, 2017.
- Strand 3: Networking and Institutional Building**
- National Review and Planning Workshop on School Leadership Development, February 21-22, 2017.
 - National Advisory Committee Meeting of NCSL at NUEPA, March 28, 2017.
 - 12 School Leadership Academies (SLAs) were established in 12 states (Assam, Chhattisgarh, Gujarat, Himachal Pradesh, Haryana, Mizoram, Rajasthan, Sikkim, Tamil Nadu, Tripura, Uttar Pradesh, Uttarakhand) for the sustainability of programme. The main functions of SLAs are:
 - ✓ Scaling up of SRG
 - ✓ One Month Certificate Course on School Leadership and Management as induction programme for newly appointed Heads of Secondary Schools.

- ✓ Documentation of best school leadership practices.
- ✓ Review of the School Leadership Programme in the state and the school-based transformation.

3.1 Consultative Meet for Establishing School Leadership Academy in the States

- Consultative Meet for Establishing School Leadership Academy in **Uttar Pradesh**, November 25-26, 2016.
- Consultative Meet for Establishing School Leadership Academy in **Gujarat**, April 18, 2016.
- Consultative Meet for Establishing School Leadership Academy in **Himachal Pradesh**, May 25, 2016
- Consultative Meet for Establishing School Leadership Academy in **Jammu and Kashmir**, May 30-31, 2016.
- Consultative Meet for Establishing School Leadership Academy in **Sikkim**, June 11, 2016.
- Consultative Meet for Establishing School Leadership Academy in **Haryana**, September 19, 2016.
- Consultative Meet for Establishing School Leadership Academy in **Uttarakhand**, September 20, 2016.
- Consultative Meet for Establishing School Leadership Academy in **Jharkhand**, January 24-25, 2017.
- Consultative Meet for Establishing School Leadership Academy in **Madhya Pradesh**, January 30-31, 2017.
- Consultative Meet for Establishing School Leadership Academy in **Chhattisgarh**, February 02-03, 2017
- Consultative Meet for Establishing School Leadership Academy in **Mizoram**, February 07-09, 2017.

- Consultative Meet for Establishing School Leadership Academy in **Kerala**, February 10, 2017.
- Consultative Meet for Establishing School Leadership Academy in **Andhra Pradesh**, January 19, 2017.
- Consultative Meet for Establishing School Leadership Academy in **Telangana**, February 23-24, 2017.

Strand 4: Research and Development

Collection of 40 outstanding practices of school heads from 19 states.

Centre for Policy Research in Higher Education (CPRHE)

The Centre for Policy Research in Higher Education (CPRHE) is set up by the National University as a specialised institute to promote policy research and support policy and planning in higher education in India. The overarching mission of the CPRHE is to act as a think tank in policy and planning of higher education in India. The centre is expected to contribute to the generation of research evidence for policy, help preparing plans and designing programmes for development of higher education in India. The centre focuses its research and activities on the current national priorities.

The regular activities of the centre consist of : i) Carrying out research projects in specified areas; ii) Organising policy dialogues; iii) bringing out an annual publication entitled 'India Higher Education Report (IHER); iv) organisation of an International Seminar on a selected theme every year; and v) organise a meeting of the Chairpersons and Vice Chairpersons of the SHECs every year.

The activities for the year 2016-17 consisted of research studies implemented in the following themes:

- a) Diversity and Discrimination in Higher Education Institutions

- b) Governance and Management of Higher Education in India
- c) Teaching and Learning in Indian Higher Education
- d) Financing of Public Higher Education Institutions in India: A Study of Flow of Funds and their Utilisation
- e) Quality of Higher Education in India: A Study of External and Internal Quality Assurance at the Institutional Level
- f) Employability of Higher Education Graduates in India
- g) Higher Education Success and Social Mobility: A Study on Coaching Schemes for SC/ST/OBC and Minorities in Universities and Colleges
- h) Concentration and Oversupply of Higher and Technical Institutions
- i) Evaluation of the Implementation of the Pandit Madan Mohan Malviya National Mission on Teachers & Teaching (PMMMNTT) Scheme

India Higher Education Report (IHER) 2016: The second 'India Higher Education Report 2016' (IHER 2016) focuses on equity in higher education. The IHER 2016 is under publication by the SAGE, New Delhi.

India Higher Education Report (IHER) 2017: The centre organised peer review meeting and prepared the draft version of the manuscript of the IHER Report 2017 on Quality and Teaching-Learning which will be published by SAGE, New Delhi in early 2018.

International Seminar on Innovations in Financing of Higher Education: The seminar jointly organised with the British Council brought together around 100 researchers and policy makers from different countries engaged in evolving alternative modes of financing of higher education to share and learn from their varied experiences. The seminar was held on February 16-17, 2017.

National Seminar on Student Diversity and Discrimination: A national seminar based on the CPRHE research project 'Student Diversity and Discrimination' was organised on February 27-28, 2017. The objective of the national seminar was to initiate a national dialogue on diversity, equity and discrimination in universities and colleges in India. The seminar is an effort to bring together academicians, educationists and policy makers concerned with institutional response to the changing nature of social diversity of student population and transformation of higher education institutions in India as a secular and democratic space.

Seminar Reports: As a part of the initiatives relating to sharing and dissemination of knowledge, the CPRHE has been publishing reports of the International Seminars organised by the centre. CPRHE brought out a report titled *International Seminar on Teaching-Learning and New Technologies in Higher Education* by N. V. Varghese and Sayantan Mandal, New Delhi, CPRHE / NUEPA and British Council, 2016.

Research Papers: CPRHE initiated a Research Paper Series and four Research Papers are published under this series during the period 2016-17.

Research Reports of Projects Completed: The centre brings out reports of the research undertaken and completed by the CPRHE. The following research reports are available at the centre:

- i) **Pandit Madan Mohan Malviya National Mission on Teachers and Teaching (PMMMNTT) Scheme: An Evaluation** by **N.V. Varghese, Anupam Pachauri and Sayantan Mandal**, New Delhi, CPRHE / NUEPA, 2017.
- ii) Diversity and Discrimination in Higher Education: A Study of Institutions in Selected States of India by **Nidhi S. Sabharwal and C. M. Malish**, New Delhi, CPRHE / NUEPA, 2016.
- iii) Diversity and Discrimination in Higher Education: A Study of Selected Institutions in Bihar by **Professor Asha Singh, Dr. Fazal**

Ahmad and Dr. Barna Ganguli, New Delhi, CPRHE / NUEPA, 2016.

- iv) Diversity and Discrimination in Higher Education: A Study of Selected Institutions in Uttar Pradesh by **Professor Nidhi Bala, Dr. Shравan Kumar and Dr. Roma Smart Joseph**, New Delhi, CPRHE/NUEPA, 2016.
- v) Diversity and Discrimination in Higher Education: A Study of Selected Institutions in **Karnataka** by **Dr. Sreejith Alathur, Professor A. H. Sequeira and Dr. B. V. Gopalakrishna**, New Delhi, CPRHE/NUEPA, 2016.
- vi) Diversity and Discrimination in Higher Education: A Study of Selected Institutions in **Maharashtra** by **Dr. H. A. Hudda, Dr. A. V. Talmale and Dr. A. C. Bankar**, New Delhi, CPRHE / NUEPA, 2016.
- vii) Diversity and Discrimination in Higher Education: A Study of Selected Institutions in **Kerala** by **Professor K. X. Joseph, Dr. T. D. Simon and Dr. K. Rajesh**, New Delhi, CPRHE / NUEPA, 2016.
- viii) Diversity and Discrimination in Higher Education: A Study of Selected Institutions in Delhi by **Dr. C.V. Babu and Dr. Satyendra Thakur**, New Delhi, CPRHE / NUEPA, 2016.

Units

Unit on School Standards and Evaluation

The School Standards and Evaluation Unit is leading the National Programme on School Standards and Evaluation (Shaala Siddhi) under the auspices of Ministry of Human Resource Development, Government of India. As part of edNEXT - National Conference on ICT in School Education, Shaala Siddhi was launched by Hon'ble HRD Minister on November 07, 2015.

Shaala Siddhi: An Initiative towards School Evaluation for Quality Improvement

The critical role of the schools, in the changing education context in terms of its effectiveness and improvement is gaining key importance to provide quality education for all children. School as an institutional space for learning is now recognized as the key agency to improve performance of learners and to realize the educational objectives. Therefore, to meet the demands for high quality education, a growing emphasis is being placed upon comprehensive and holistic school evaluation system as central to school improvement initiatives.

As part of this endeavor, NUEPA has set up a dedicated unit on School Standards and Evaluation. The unit is engaged in four major activities relating to Shaala Siddhi –Research and Development, Capacity Building and Preparedness, Institutional Arrangements and Strategic Planning and Implementation. The programme envisions reaching all schools of the country through scaling up and eventually making school evaluation as a sustainable annual feature by the States /UTs. The States and UTs have implemented the Shaala Siddhi programme at different time, hence leading to differential levels of their progress.

The major objective for creating Shaala Siddhi programme is to establish and refer to an agreed set of standards and processes which all schools must strive to achieve in a sustainable manner. It visualizes '*School Evaluation as the means and School Improvement as the goal*'. This approach of school evaluation facilitates the schools to understand their strengths and opportunities for improvement in an incremental manner.

Major Objectives

The major objectives for creating Shaala Siddhi programme are:

1. To establish and refer to an agreed set of standards and processes which all schools must strive to achieve

2. To develop a technically sound conceptual framework, methodology, instruments and process of school evaluation to suit the diversity of Indian schools
3. To develop capacity of system and schools to institutionalize self and external evaluation leading to school improvement in a sustainable and continuous manner
4. To empower each school to take collective professional decision based on supportive evidences for prioritization of action leading to school improvement
5. To facilitate the system to be responsive to school specific needs through appropriate policy interventions

6. To enable evidence based decision making and policy formulation to built a transparent and accountable school education system.

Key Milestones Achieved (2016-2017)

The process of development of the Shaala Siddhi programme followed a very systematic approach. It is strongly supported by evidence- based national and international researches. The programme is based on the notion of ‘All children can learn’ and ‘All school can improve’. The programme further focused on methodology for ‘How to evaluate the performance of 1.53 million diversified Indian schools and facilitate them to take action for improvement’?

Table 1: Milestones Achieved in 2016-17

| Year | Activities |
|---------|---|

Research and Development of Documents for School Assessment and Evaluation

- Review of National and International Practices on School Evaluation–Lesson Learnt**
- Shaala Siddhi -National Programme on School Standards and Evaluation** - A Programme Document was prepared.
- National Programme on School Standards and Evaluation (Shaala Siddhi)** - Brochure was prepared.
- Shaala Siddhi - School Standards and Evaluation Framework (SSEF)** - The School Standards and Evaluation Framework is developed as a comprehensive instrument for school evaluation. It enables the schools to evaluate its critical performance areas against the well defined criteria in a focused and strategic manner. The Framework identifies seven Domains as ‘key performance areas’ and ‘forty six core standards’ as reference points for evaluation and action for improvement.
- School Evaluation Dashboard** - A Comprehensive evaluation report of school along with action for school improvement.
- Guidelines for School Self- Evaluation-** The guideline is intended to facilitate the school self-evaluation process in a sequential and guided manner. The schools need to follow the guideline to make accurate professional decision.
- Guidelines for School External-Evaluation** - The guideline is intended to facilitate the school external- evaluation process in a sequential and guided manner. The schools need to follow the guideline to make accurate professional decision.
- User Manual for uploading School Self-Evaluation Dashboard in the Web portal**
- Implementation Strategy and Monitoring Framework-** A detailed ‘*Implementation Strategy and Monitoring Framework*’ was developed and communicated to the States/UTs for effective implementation. NUEPA also facilitated state specific Capacity Building Programme in 33 States and UTs.

IT Enabled Support -Web portal Development and Management

Shaala Siddhi is supported by a dedicated and interactive web portal. The web portal has all programme related documents which can be downloaded by all the users. The web portal has an interactive platform wherein each school can submit its self-evaluation report online. The external evaluators need to use the same web portal to provide their evaluation report. A consolidated school evaluation report is generated online encompassing both self and external school evaluation report.

The main aim of the web portal is to make available school performance related information and grading report in public domain. The practioner, policy maker, all other stakeholder can access the information, thus ensuring transparency and accountability of quality school education. Dynamic nature of data ensures

flexibility for the users. The school evaluation data can be used for the cross-cultural research also .

The Shaala Siddhi Programme is supported by a dedicated and user friendly web portal (www.shaalasiddhi.nuepa.org). The following features are available:

1. All Shaala Siddhi programme related documents along with the language options;
2. All the power points and videos;
3. Programmes related status reports;
4. Login facilities for each school to upload self-evaluation dashboard;
5. Login facilities for external evaluators
6. Dynamic reports of diverse nature
- 6.1 School evaluation reports
 - Self- evaluation report of individual school
 - External- evaluation report
 - Consolidated reports
- 6.2 Status and monitoring reports
 - Status reports to monitor at national, states/ UTs, districts, blocks, etc.
- 6.3 Grading reports
 - Consolidated grading reports (A-B-C) of each school, block, district, state/ UTs and national
 - Consolidated grading reports (A-B-C) for different levels-Primary, Elementary, Secondary and Higher Secondary
 - Consolidated grading reports (A-B-C) for different managements-Government, Govt. Aided, Private Unaided
 - The grading reports on each key performance domains/areas (A,B,C) have been generated to understand the school performance against each key performance domains

- Level wise (LI-II-III) reports on each core standards at school, block, district, state/ UTs and National have been generated.

Capacity Building Programmes

Series of capacity building programmes were organized at national, state, district block and cluster levels to build preparedness to implement Shaala Siddhi programme in true spirit. Nearly 1.5 lakh including teacher educators, education officials, head teachers and teachers were trained for preparedness, strategic planning and the implementation of the Shaala Siddhi programme.

- National Level: NUEPA organized series of National Consultative meets for education officials, school heads and teachers at the national level to deliberate on progress, strategies, innovations and sharing of experiences on issues, challenges of Shaala Siddhi programme.
- State Specific Capacity Building Programme: As a major initiative, NUEPA facilitated the state level capacity building workshops and core group meetings to implement the Shaala Siddhi programme. The programme has already been completed in 32 states and UTs. These capacity building programmes have generated momentum to implement the programme in right perspective.
- Districts, Blocks, Cluster and School: All the states and UTs have conducted capacity building programmes at different levels to facilitate the schools to engage in the self-evaluation process.

Preparedness and Engagement of the Schools for Self-Evaluation

All the States and UTs have initiated the school self-evaluation process. Printing and distribution of the Shaala Siddhi documents to each school (Online and hard copies)

- Providing support to the schools for self evaluation process and filling up hard copies of the dashboard

- Uploading of self-evaluation dashboard to the web portal
- Generating online school self-evaluation report
- School grading report card

Implementation and Institutionalization of Shaala Siddhi programme

National Initiatives by NUEPA

1. Establishment of a dedicated Unit on School Standards and Evaluation at NUEPA;
2. Constituted National Technical Group (NTG) to provide overall guidance to the Shaala Siddhi programmes;

3. Organized series of National Consultative Meets to provide a collective platform to develop materials for school evaluation, generate awareness, build capacity and preparedness to initiate the process of institutionalization of Shaala Siddhi by the respective states;
4. Organized series of workshops for the development of materials and translation of documents;
5. Facilitated State Specific workshops in all states and UTs for capacity development and preparing the states and UTs for effective implementations of Shaala Siddhi programme.

Workshops Held During the Year (April 2016-March 2017) Unit on School Standards and Evaluation (USSE)

Table-2: Programmes by NUEPA

| Sl. No. | Name of the programme | Date | Number of Participants |
|---------|---|----------------------|------------------------|
| 1. | Workshops for the translation of documents of Shaala Sidhhi – SSE Framework, Dash Board and Information Brouchure in Hindi | 20 -25 June, 2016 | 15 |
| 2. | Workshops for the translation of documents of Shaala Sidhhi – SSE Framework, Dash Board and Information Brouchure in Hindi | 27-30 June 2016 | 14 |
| 3. | Workshops on finalization and translation of Guidelines for Self and External Evaluation | 21-23 February, 2017 | 6 |
| 4. | Workshops on finalization and translation of Guidelines for Self and External Evaluation | 07-10 March, 2017 | 7 |
| 5. | National Consultative Meet on Shaala Siddhi (National Programme on School Standards and Evaluation) on 06-07 February, 2017 | 06-07 February, 2017 | 155 |

Table 3: State Specific Capacity Building Programmes

| Sl. No | Name of the Programme | Name of the States | State Specific Shaala Siddhi workshop By NUEPA | Number of Participants |
|--------|--|----------------------|--|------------------------|
| 1 | State Specific Capacity Building Programme on Shaala Siddhi for Andhra Pradesh | Andhra Pradesh | November 02, 2016 | 179 |
| 2 | State Specific Capacity Building Programme on Shaala Siddhi for Assam | Assam | September 28-29, 2016 | 371 |
| 3 | State Specific Capacity Building Programme on Shaala Siddhi for Chandigarh | Chandigarh | November 16, 2016 | 170 |
| 4 | State Specific Capacity Building Programme on Shaala Siddhi for Chhattisgarh | Chhattisgarh | October 5-6, 2016 | 75 |
| 5 | State Specific Capacity Building Programme on Shaala Siddhi for Dadra & Nagar Haveli | Dadra & Nagar Haveli | August 26-27, 2016 | 60 |
| 6 | State Specific Capacity Building Programme on Shaala Siddhi for Daman & Diu | Daman & Diu | August 26-27, 2016 | 120 |
| 7 | State Specific Capacity Building Programme on Shaala Siddhi for Delhi | Delhi | August 06, 2016 | 3150 |
| 8 | State Specific Capacity Building Programme on Shaala Siddhi for Goa | Goa | September 22 -23, 2016 | 221 |
| 9 | State Specific Capacity Building Programme on Shaala Siddhi for Gujarat | Gujarat | March 28-29, 2017 | 170 |
| 10 | State Specific Capacity Building Programme on Shaala Siddhi for Haryana | Haryana | November 17, 2016 | 30 |
| 11 | State Specific Capacity Building Programme on Shaala Siddhi for Himachal Pradesh | Himachal Pradesh | November 10-11, 2016 | 110 |

Project Management Unit

The Project Management Unit (PMU) at the National University was set up with the objective of supporting and managing in-house and sponsored research. It functions as a centralised system of administration for proper coordination of all the externally-funded and internal research projects of NUEPA, Ministry of Human Resource Development, Department of Education's Grant-in-Aid Scheme for Studies, Seminars, Evaluation, etc. for implementation of Education Policy and NUEPA's scheme of assistance for Studies in the Area of Educational Planning and Administration (individual researcher). While the unit normally provides administrative support for managing various projects undertaken in NUEPA, including facilitating the project approval process, monitoring the progress in project implementation

and providing related support services, it also handles all matters pertaining to funding and accounting of all expenditures of in-house and NUEPA-sponsored projects besides issues relating to project recruitments and appointments.

The PMU takes care of all the work related to completed and ongoing research projects/studies in the university apart from recruitment of project staff, budgeting, accounting of various projects to the evaluation of completed studies.

The PMU manpower includes the Unit Head, who is nominated by the Vice-Chancellor, and five other academic and support staff. The latter consists of a Project Consultant, a Project Manager and a Junior Consultant.

India Africa Institute

The India-Africa Institute of Educational Planning and Administration

The India-Africa Institute of Educational Planning and Administration (IAIEPA) is a pan-African institute being established within the framework of the Plan of Action formulated to implement the outcomes of the First India-Africa Forum Summit held in 2008. The institute is located in Bujumbura, Republic of Burundi. The tasks relating to the establishment, operation and management of the IAIEPA are being executed, on behalf of the Government of India, by the National University of Educational Planning and Administration (NUEPA). The core function of the IAIEPA is capacity development. The first phase of the academic programmes/activities is proposed to be launched within three-four months after completion of the work relating to renovation of buildings and other campus-development activities.

The first phase of academic activities will include: (i) Training of educational planners and administrators in African Union (AU) Member-States; (ii) Research and case studies dealing with issues relevant to the situation/needs of AU Member-States; (iii) Assessment/analysis of trends in education development, both at the country and regional/continental levels; (iv)

Technical assistance to AU Member-States to help them meet their specific educational planning and management-related capacity building and research needs; (v) Documentation and dissemination of research findings and innovations, lessons learned, and case studies relating to effective educational planning and management practices; (vi) Networking with educational researchers and institutions engaged in educational research in Africa and outside the African continent for exchange of experiences and know how for addressing key educational planning and management-related challenges in AU Member-States; and (vii) Policy dialogue to evolve appropriate policy responses and programmatic interventions required to facilitate achievement of the education development goals and targets set by AU Member-States.

During the second phase of the academic programmes of the IAIEPA, in addition to the expansion of programmes organised during the first phase, the institute will organise advanced-level Diploma programmes on Educational Planning and Administration, including training programmes using blended approach, for expanding the reservoir of trained educational planners and administrators in AU Member-States.

Academic Support Service Units

Library and Documentation Centre, and Digital Archives

The National University maintains a state-of-the-art library having a wide and rich collection of books and other materials relating to the areas of educational policy, educational planning, educational administration and allied disciplines. The Library and Documentation Centre provides various services to its users *viz.* CAS, SDI, Reference Service, Web OPAC, Circulation, Xeroxing. The Library and Documentation Centre has been a member of Developing Library Networking (DELNET) to promote sharing of its resources, both at the national and international levels. The library presently has a collection of over 59,208 books/documents and 7,616 journals besides a rich collection of reports of International Seminars and

Conferences organised by International Agencies like UNO, UNDP, UNESCO, ILO, UNICEF, World Bank, OECD, etc. The library also receives 250 journals and magazines, both national and international, in the areas of educational policy, planning and management and other allied fields. The library has also subscribed to three on-line journals databases, like JSTOR, ELSEVIER and SAGE for its users.

The Documentation Centre of NUEPA has about 17,993 volumes, comprising a unique collection of official reports, Central and State Government publications, Educational Surveys, Five-year plans, Census reports and non-print materials, etc.. The Documentation Centre also has very important international reports and surveys on education which are needed for educational research and policy-making. A digital archives has been set up in the National University to provide access to all documents in soft form in one place as a source of reference and research on all aspects, sectors and levels of education in India. The purpose is to create a community of users as an extended face of the National University. Latest ICT, including high-end fully automatic digital scanner, is used for the design, storage and retrieval of digital documents. User-friendly software, with multiple search options, is an in-built feature of the digital archives.

A Digital Archives of education documents has been established in 2013. The aim is to place all education documents in one place in soft version. The collection of digital archives is already more than 11,000 and growing. The documents have been classified under 18 categories, and further sub-divided under the Central and State and other such categories. The digital archives provides access to policy and other related documents covering all aspects, sectors and levels of education system since Independence, so that no policy analyst and planner, researcher, and others interested in education need to go anywhere else for reference and use of the data. The digital archives is intended to generate a community of users as an extended face of NUEPA.

Computer Centre : The Computer Centre backs up the Information Technology needs of the university. It provides computing facilities and internet services to all the trainees and staff members of the National University. Network points have been provided to all the faculty and staff members to access the Network Resources. Individual email accounts have been provided to all the faculty and staff members on NUEPA Domain. 1 GBPS internet connectivity is provided to all the faculty members of the university. Desktop computers have been provided to all the staff members, and laptops to all faculty members. Appropriate network security is being maintained in the university. The centre is equipped with the state-of-the-art computing facilities, which include IBM E-Series Server connected over a fast Ethernet. The present infrastructure consists of enhanced CAT 6 cabling; centralised computing facility consisting of high performance servers and client PCs; uplink to internet and other services; appropriate power backup facility through heavy duty multiple UPS.

Publication Unit : The National University has a publishing programme for dissemination of information on research and development in education. NUEPA's Publication Unit plays a vital role in the university's commitment to disseminate knowledge and information relating to the areas of educational policy, planning and administration by bringing out materials of various training programmes, and other related contents, in the form of reports, books, journals, newsletters, research papers and other publications. Some of the periodicals published by the National University include the Journal of Educational Planning and Administration, *Pariprekshya*, a journal in Hindi language, and ANTRIEP Newsletter. The Publication Unit also caters to some specific needs of the Ministry of Human Resource Development (MHRD), Government of India.

Hindi Cell : The Hindi Cell offers academic support to research, training and dissemination through rendering in Hindi professional literature on educational planning and management. The cell also helps in implementing the official language policy.

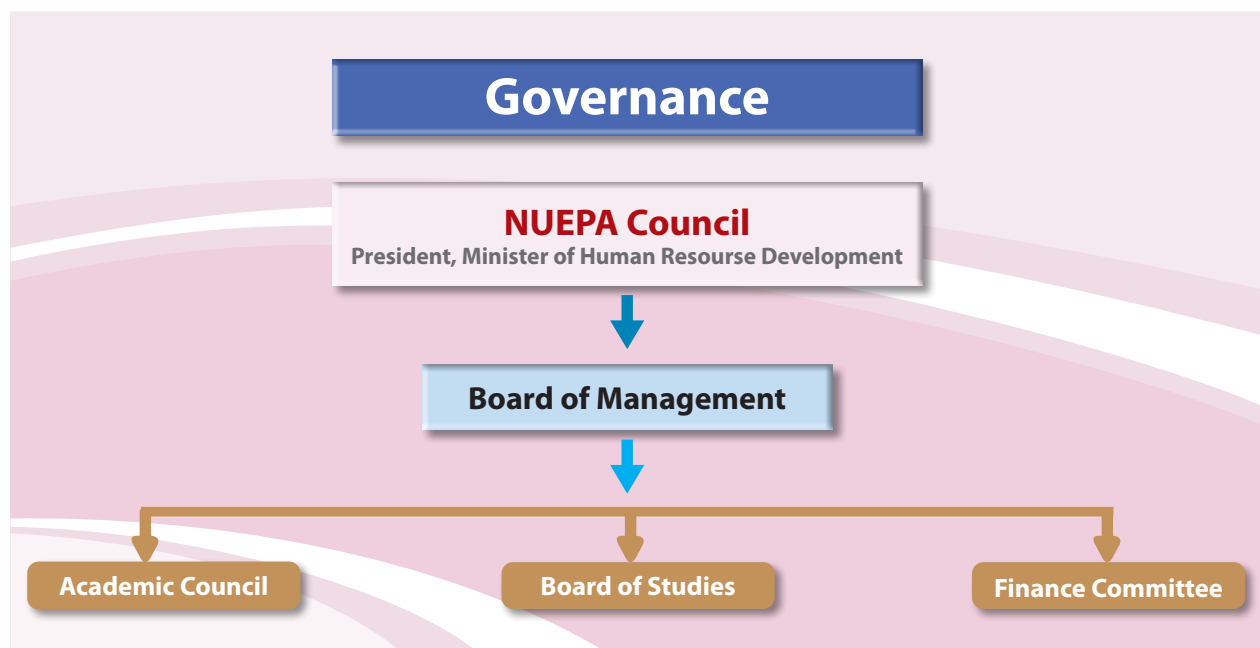

Governance and Management

The National University of Educational Planning and Administration (NUEPA) is a 'Deemed to be University' under Section 3 of the UGC Act, 1956 and registered under the Societies Registration Act, 1860. The authorities of the National University include the President, the Chancellor, the Vice-Chancellor, the Council, Board of Management, the Academic Council, the Finance Committee and the Board of Studies and such other authorities as may be declared or nominated by the Board of Management of the University. The Vice-Chancellor of the University is the Principal Academic and Executive Officer.

NUEPA Council : The NUEPA Council is the apex body of the university headed by the President. The main function of the council is to carry out the objectives of the National University as set forth in the Memorandum of Association. The council

is responsible for the general supervision of all the affairs of the National University. The Minister of Human Resource Development, Government of India is the President of the NUEPA Council. The Vice-Chancellor of the National University is its Vice-President. The ex-officio members of the council include Secretary to the Government of India (GoI), Department of Higher Education, Ministry of Human Resource Development (MHRD); Secretary to the Government of India, Department of School Education and Literacy, MHRD; Chairperson, University Grants Commission (UGC); Director, National Council of Educational Research and Training (NCERT); and Financial Advisor, MHRD, Government of India. Other members of the Council include three eminent educationists nominated by the President, five persons representing the States/UTs nominated

by the President (one each from the five zones), and one member of the faculty of the National University nominated by the President. Registrar of the National University is the Secretary of the council. A list of the members of the council, as on March 31, 2017, is given at *Appendix I*.

Board of Management: The Board of Management is the principal executive body of the National University. The Board of Management consists of the Vice-Chancellor of the university as the Chairman (ex-officio); three nominees of the President of the National University; one nominee of the MHRD, GOI; one nominee of the Chairperson, UGC; Dean of Faculty of the National University; and two members of the Faculty (Professor and Associate Professor or Assistant Professor) of the National University. The Registrar of the National University is the Secretary of the Board of Management.

A list of the members of the Board of Management, as on March 31, 2017, is given at *Appendix II*.

Finance Committee: The main role of the Finance Committee is to examine the accounts and to scrutinise proposals for expenditure. The annual accounts and financial estimates of the National University are placed before the Finance Committee for consideration and, thereafter, submitted to the Board of Management, together with the comments of the Finance Committee, for approval. The Finance Committee fixes limits of the total recurring expenditure and the total non-recurring expenditure of a given year, based on the income and resources of the National University. The Finance Committee consists of the Vice-Chancellor of the university as the Chairman (ex-officio); two persons nominated by the President of the NUEPA Council; one person nominated by the Vice-Chancellor; Financial Advisor, MHRD; a representative of the UGC, and the Finance Officer of the National University who acts as the Secretary of the Finance Committee.

A list of the members of the Finance Committee, as on March 31, 2017, is given at *Appendix III*.

Academic Council : The Academic Council is the principal academic body of the National University. It is responsible for the maintenance of standards of

education, training, research and consultancy; inter-departmental coordination, examination and tests, etc. The Academic Council consists of the Vice-Chancellor of the university as the Chairman (ex-officio); Dean of Faculty of the National University; Heads of Departments of the National University; three nominees of the President of the National University from among eminent educationists from the field related to the activities of the National University and who are not in the service of the National University; one Associate Professor from the National University, other than the Head of the Departments, by rotation, nominated by the Vice-Chancellor; one Assistant Professor from the National University by rotation, nominated by the Vice-Chancellor; and three members, who are not members of the teaching staff, co-opted by the Academic Council, for their specialised knowledge. The Registrar of the National University is the Secretary of the Academic Council.

A list of the members of the Academic Council, as on March 31, 2017, is given at *Appendix IV*.

Board of Studies : The Board of Studies of the National University comprises the Vice-Chancellor of the university as the Chairman (ex-officio); Dean of the Faculty; Head of Departments; one Associate Professor and one Assistant Professor nominated by the Vice-Chancellor; and not more than two persons co-opted for their expert knowledge by the Vice-Chancellor.

A list of the members of the Board of Studies, as on March 31, 2017, is given at *Appendix V*.

Task Forces and Committees : The Special Task Forces and Committees are constituted by the Vice-Chancellor from time to time for specific programmes. The Project Advisory Committees, consisting of experts, are constituted to advise and monitor the progress of various research projects. An Advisory Board of Research Studies is constituted, under the Chairmanship of Vice-Chancellor, consisting of, among others, all the Heads of Academic Departments as its members, and Registrar, as its Member-Secretary. The board considers the proposals received under the Scheme of Assistance for Studies in Educational Planning and Administration.

Administration And Finance

The administrative set-up of the National University consists of three Sections and two Cells, namely Academic Administration Section, Personnel Administration Section, General Administration Section, Training Cell and M.Phil./ Ph. D. Cell. Registrar is the overall in-charge of administration of the National University. He is also the Secretary of NUEPA Council, Board of Management and Academic Council. He is supported by an Administrative Officer, Training Officer and several Section Officers in carrying out the functions of the administration.

Registrar is also responsible for the functioning of the Academic Support Service Units i.e. Library, Documentation Centre and Digital Archives, Computer Centre, Publication Unit, and Hindi Cell.

Finance Officer is in-charge of the Finance and Accounts Section and is supported by Section Officer (Accounts).

Staff Strength (2016-17)

The total staff strength of the university as on March 31, 2017 was 162.

During the year 2016-17, the university received a grant of Rs. 2826.98 lakh (Rs. 1816.11 lakh under Non-Plan, Rs. 1010.87 lakh under Plan). The university had an opening balance of Rs. 446.92 lakh, both under Plan and Non-Plan. The internal office and hostel receipts amounted to Rs. 74.48 lakh during the year. The expenditure during the year under Non-Plan and Plan amounted to Rs. 2800.23 lakh.

The university had a opening balance of Rs. 868.57 lakh and received additional funds amounting to Rs. 1114.64 lakh during the year 2016-17 for the sponsored programmes/studies from other agencies. The expenditure during the year on sponsored programmes/studies amounted to Rs. 783.19 lakh. (Appendix VII).

CAMPUS AND BUILDING INFRASTRUCTURE

The National University has a four-storeyed office building, a seven-storeyed hostel, comprising 60 fully furnished rooms with attached baths, and a residential complex having 16 Type I quarters, eight quarters each of Types II to V, and the Vice-Chancellor's bungalow.

Besides, the university also has 25 quarters of Type III in Bindapur, Dwarka, New Delhi. On the campus, the

university has well-equipped training halls, computer centre, international dining hall, gymnasium and classrooms, etc.

The university has taken initiatives to construct a new academic building on the campus in the newly acquired area of 2100 sq. metres, for which, lease deed has been executed with the Delhi Development Authority.

2 Teaching and Professional Development Programmes

TEACHING AND PROFESSIONAL DEVELOPMENT PROGRAMMES

M.Phil. and Ph.D.

Preparing Scholars for Educational Administration

The National University is a feeder institution that develops human resources, with specialisation in educational policy, planning and administration, in accordance with the requirements of educational administration at both the macro-level of policy making and planning, and the micro-level related to primary, secondary and higher stages of educational administration. Such specialists, who are developed through inter-disciplinary programmes/courses leading to M. Phil and Ph. D. degrees or through training, are well equipped to apply themselves to formulate appropriate plans and strategies in a larger dynamic context or, for that matter, address the limited role of institutional management.

Indeed, through its M. Phil. and Ph.D. degrees with special focus on educational policy, planning and administration, the National University empowers

The M.Phil. and Ph.D. programmes are designed to build the research capacity of scholars from varied backgrounds while providing a strong knowledge and skill base in related areas of educational policy, planning, administration and finance.

young scholars and prepares them for a career in educational administration and planning. As it happens, NUEPA is well placed to contribute to the development of specialised human resources capable of supporting the design, implementation and monitoring of educational policies, plan and programmes. The scope of the pre-doctoral programmes follows an in-built dynamic and flexible approach, wherein it is gradually expanded with innovative multi-disciplinary courses linking education with other allied areas of social development.

The pre-doctoral and doctoral programme offered by National University include (i) Full-time integrated M. Phil. programme, (ii) Full-time Ph.D. programme, and (iii) Part-time Ph.D. programme. These programmes were launched in 2007-08. The M. Phil. and Ph.D. programmes are designed to build the research capacity of scholars from diverse backgrounds while providing a strong knowledge and skill base in related areas of educational policy, planning, administration and

finance. Research studies completed under the M. Phil. and Ph.D. programmes are expected to make significant contributions towards enriching the knowledge base, while providing critical inputs for policy formulation, implementation of education reform programmes and capacity development activities. The broad areas of research, covered under the M. Phil. and Ph. D. programmes, include Educational Policy, Educational Planning, Educational Administration, Educational Finance, Education Management Information System, School Education, Higher Education, Equity and Inclusion in Education, Gender Issues in Education, Education of the Minorities, Comparative Education and Internationalisation of Education.

The two-year M. Phil. Programme, offered by the National University, consists of course work (30 credits) of one year duration followed by dissertation work (30 credits) for one year. All scholars successfully completing the M. Phil. programme and meeting the prescribed criteria (presently FGPA of 6 or above on

the ten-point scale) are considered for admission and registration to the Ph. D. programme. These scholars are eligible to submit their doctoral thesis after two years from the date of registration to the Ph. D. programme.

Scholars admitted directly to the full-time Ph.D. programme are expected to complete the one-year course work before confirmation of their registration to the Ph.D. programme. These Ph. D. scholars are eligible to submit their thesis after two years from the date of confirmation for registration to the Ph. D. programme.

Scholars admitted directly to the part-time Ph.D. programme are expected to complete the one-year course work before confirmation of their registration to the Ph.D. programme. A part-time Ph.D. scholar is eligible for submission of her/his doctoral thesis after a minimum period of four years from the date of confirmation for registration to the Ph.D. programme.

| | M. Phil. | Ph.D. Full-time | Ph.D. Part-time | Total |
|--|--|---|---|--------------|
| Number of students admitted during 2016-17 | 12 | 10 | - | 22 |
| Total number of scholars pursuing different programmes during the Academic Session 2016-17 | 21 (Including scholars registered in 2015-16) | 22 (including scholars registered during the years 2007-08 to 2016-17) | 23 (including scholars registered during the years 2007-08 to 2016-17) | 66 |
| Total number of scholars graduating during 2016-17 | 16 | 03 | 0 | 19 |

Diploma Programmes

Post Graduate Diploma in Educational Planning and Administration (PGDEPA)

The National University was conducting a training programme leading to Diploma in Educational Planning and Administration (DEPA) which was designed as a pre-induction course for District Education Officers (DEOs) from different States/UTs of India since 1982-83. However, from the year 2014-15, the programme has undergone transition from DEPA to Post-Graduate Diploma in Educational Planning and Administration (PGDEPA) while incorporating fundamental changes in its nature and content. One of the important considerations for redesigning the programme is the changed profile of the programme participants and also the requirements of the departments that they represent such as: SCERTs/SIEMATs/DIETs and DEOs/BEOs of Directorates of Education of the state governments.

The One Year PGDEPA programme is a long duration

The PG Diploma programme has six components/phases: (i) Preparatory Course Work, (ii) Face to Face Course Work, (iii) Project Work, (iv) Assessment of the Project Work and Award of Interim Certificate, (v) Advanced Course Work, and (vi) Final Evaluation and Award of PGDEPA.

intensive programme to ensure creating a cadre of professionally trained educational administrators in the country by:

- (i) acquainting the participants with fundamental concepts of educational planning and management;
- (ii) enabling the participants to develop planning and management skills for improved decision making in educational administration; and
- (iii) developing participants' capacities in monitoring and evaluation of educational programmes and projects.

A basic concern while designing the PGDEPA programme was to ensure that the participants do not have to stay at NUEPA for a period longer than three months and they learn at their own place of work. Accordingly, it has been envisaged as a twelve-month programme leading to a Post Graduate Diploma. However, keeping in view the difficulty of many of the education departments to depute their officials for a long duration programme, the PGDEPA has been planned in such a way that the face-to-face and residential part of the programme does not exceed three months. It involves a preparatory phase at the participants' place of work, face-to-face at NUEPA, project phase at work place, transacting advanced courses through open and distance learning mode and presentation of project work in a Seminar-cum-Workshop mode at NUEPA.

Table 2.1

| State/UT-wise participants of the programmes leading to the National PG Diploma in Educational Planning and Administration (PGDEPA) | | | |
|---|-------------------------|-------------------------|-----------|
| State-wise | 2 nd PG-DEPA | 3 rd PG-DEPA | Total |
| Arunachal Pradesh | 1 | - | 1 |
| Assam | 6 | 1 | 7 |
| Delhi | - | 1 | 1 |
| Himachal Pradesh | 1 | 1 | 2 |
| Jammu & Kashmir | 1 | 1 | 2 |
| Karnataka | 2 | 3 | 5 |
| Madhya Pradesh | 2 | 1 | 3 |
| Maharashtra | - | 1 | 1 |
| Mizoram | - | 2 | 2 |
| Manipur | - | 2 | 2 |
| Nagaland | 3 | - | 3 |
| Punjab | 3 | 2 | 5 |
| Tamil Nadu | 2 | 3 | 5 |
| Sikkim | 2 | 1 | 3 |
| Uttarakhand | 2 | 3 | 5 |
| Uttar Pradesh | 1 | - | 1 |
| Delhi | 1 | - | 1 |
| Chandigarh | 1 | - | 1 |
| Chhattisgarh | 2 | 1 | 3 |
| Total | 30 | 23 | 53 |

The PGDEPA involves varying modalities of course transaction for different phases:

- Phase 1: Preparatory Course Work (At work place)
- Phase 2: Face-to-Face Course Work (At NUEPA)
- Phase 3: Project Work (At work place)
- Phase 4: Assessment of the Project Work and Award of Interim Certificate (At NUEPA)
- Phase 5: Preparatory-Advanced Course at NUEPA, followed by
- Phase 6: Final Evaluation and Award of PGDEPA (at NUEPA)

The second PGDEPA was organised from September 2015 and was completed in July 2016. Total 30 participants from 15 States/UTs successfully completed the second PGDEPA.

The tasks related to this Post Graduate Diploma Programme were coordinated by the Department of Training and Capacity Building in Education. The State/UT-wise participants of the programmes leading to the Post Graduate Diploma in Educational Planning and Administration (PGDEPA) are indicated in Table 2.1.

International Diploma in Educational Planning and Administration (IDEPA)

The National University has been organising, since 1985, a 6-month programme leading to an International Diploma in Educational Planning and Administration (IDEPA) for professionals from developing countries. The students of International Diploma Programme in Educational Planning and Administration come from many countries of Asia, Africa, Central Asian Republics, South America and the Caribbean regions. The programme has three components: (i) intensive curricular work, (ii) applied work, and (ii) dissertation. The IDEPA is conducted in two phases. The first phase of the programme involves intensive curricular work for three months at the National University, New Delhi.

This phase is residential and participants are required to stay on the campus throughout this phase. The second phase involves field-based research project work in the participant's home-country, under the guidance of one of the faculty members of the National University.

The IDEPA programme consists of core courses and optional courses, practical orientation and applied work. The curricular work includes studies related to education and development, critical areas of education development in developing countries, educational planning and administration, project planning and micro-planning in education, financial planning and management in education, manpower planning, quantitative techniques in educational planning, educational management, research methodology and statistics, and educational management information system. The applied work includes thematic seminars as an integral part of the Diploma programme which provides opportunity to each participant or a group of participants from one country to share her/his/their views based on factual data and experience related to themes pertaining to educational planning and administration. As part of the seminar presentation, the participants are also provided with an opportunity to present and share the unique features of the education system of their respective country. The programme also provides an opportunity to the participants to link the theoretical knowledge base with their practical skills by developing research design of a research project on an area specific to their contextual needs and relevant to their tasks in their home-country. During Phase-I of the programme, each participant is assigned a research supervisor for guiding in her/his project work undertaken during the second phase of the programme.

During the second phase of the programme, which takes place in the participant's home-country, each participant is required to work on the field-based research project selected by her/him during the first phase of the programme. The participant, after completion of the research project (within three months), is required to submit the dissertation to the

National University. The Diploma is awarded only after receiving the dissertation and its subsequent evaluation by the faculty of the National University.

During the year 2016-17, the university completed the second phase of the 32nd International Diploma programme, the first phase of which was conducted from February 01 to April 30, 2016 and was attended by 26 participants from 19 countries. The second phase of the 32nd International Diploma programme was carried out during the period May 01 to July 31, 2016.

The first phase of the 33rd International Diploma programme commenced on February 01, 2017 and the teaching-learning activities within the first component/phase of the programme was completed by April 30, 2016. The 33rd International Diploma programme was attended by 26 participants from 20 countries. The second phase of the programme involving project work in the participant's country of residence, was scheduled to be carried out during the period May 01 to July 31, 2017.

The tasks related to the International Diploma programme were coordinated by the Department of Training and Capacity Building in Education. The country-wise participants of the programmes leading to the International Diploma in Educational Planning and Administration (IDEPA) are indicated in the Table 2.2 below:

Table 2.2

- National Seminar on Educational Ideas of Swami Vivekananda in Policy Perspective: Youth Empowerment and Indigenous Knowledge System, July 07-08, 2016.
- National Workshop on Engaging with Public Universities in India: Autonomy as an Idea and its Practice, January 12, 2017.
- Orientation Programme on Education of Disadvantaged Children (SC and ST) at the Elementary Level: Policy Issues and Programme Interventions, September 19-24, 2016.

Department of Higher and Professional Education

- Learning and Research Excellence in Australia and India, July 18-19, 2016.
- Specialised Course (SC) 1 in Higher Education - University and its Governance, September 19-30, 2016.
- Specialised Course (SC) 3 in Higher Education-Privatisation, Internationalisation and Employability, December 12-23, 2016.

- International Seminar on University Governance: Emerging Issues and Concerns, March 23-24, 2017.

Department of Educational Management Information System

- Technical Workshop of State MIS Officers: Under All School Monitoring Individual Tracking & Analysis (ASMITA), July 14-15, 2016.
- Training Programme on Using Indicators in Planning and Monitoring of School Education, March 02-24, 2017.
- Five (Two-day) Regional Workshops on Student Database Management Information System (SDMIS) as a part of U-DISE, August-September, 2017.

Department of Training and Capacity Building in Education

- 3rd Post Graduate Diploma in Educational Planning and Administration (PGDEPA),

September 01- November 30, 2016.

- 32nd International Diploma in Educational Planning and Administration (IDEPA) Phase I, February 01-April 30, 2017.
- International Programme in Capacity Building for Educational Administrators (MEA, GOI), July 18- August 12, 2016.
- International Seminar on Global Practices of Capacity Building for the Administrators for Enhancing their Effectiveness, March 05-06, 2017.
- The seventh Annual Orientation Programme for Minority Managed Institutions of Higher Learning (December, 2017) (NUEPA/ Field Based - In collaboration with MANUU, Hyderabad), December 19-23, 2016.
- Annual Programme on Institutional Building for Heads of Muslim Minority Managed Senior Secondary Schools, January 02-06, 2017.
- Three State Level Conferences in Educational Planning and Administration for DEOs/BEOs/DIOs (Goa, Madhya Pradesh, and Jammu & Kashmir), May 30-June 01, 2016.
- Capacity Building of School Heads Serving Ashram Schools Functioning in the Scheduled Tribe Areas – Andhra Pradesh, January 18-22, 2017.
- Capacity Building of School Heads Serving Ashram Schools Functioning in the Scheduled Tribe Areas – Nasik

National Centre for School Leadership

AWPB under SSA & RMSA : Meetings and Workshops (National Level)

- One-day National Advisory Committee Meeting, March 28, 2017.
- Capacity Building of District and Block Level Functionaries on Orientation to School Leadership, December 26-31, 2016.

Curriculum and Material Development

- Development of Online Course on School Leadership and Management.
- Workshop for Translation of Curriculum and Programme Design and Handbook in Assamese, Guwahati, May 02-06, 2016.
- Workshop for Translation of Curriculum and Programme Design and Handbook in Marathi, March 15-24, 2017.

Capacity Building Programme of State Resource Group (State Level)

- Capacity Building of State Resource Group (SRG) for School Leadership Development Programme in the state of Rajasthan, October 17-26, 2016.
- Capacity Building of State Resource Group (SRG) for School Leadership Development Programme in the state of Kerala, translation work started informally, February 04-10, 2017.
- Capacity Building of State Resource Group (SRG) for School Leadership Development Programme in the state of Meghalaya, February 20-29, 2017.
- Capacity Building of State Resource Group (SRG) for School Leadership Development Programme in the state of Maharashtra, January 17-22, 2017.
- Capacity Building of State Resource Group (SRG) for School Leadership Development Programme in the state of Madhya Pradesh, July 02-11, 2016.

- Capacity Building of State Resource Group (SRG) for School Leadership Development Programme in the state of Uttar Pradesh, November 16- 4, 2016.
- Capacity Building of State Resource Group (SRG) for School Leadership Development Programme in the state of Jharkhand, December 05-14, 2016.
- Capacity Building of State Resource Group (SRG) for School Leadership Development Programme in the state of Nagaland, September 21-October 01, 2016.
- Capacity Building of State Resource Group (SRG) for School Leadership Development Programme in the state of Goa, March 14-24, 2017.
- Capacity Building of State Resource Group (SRG) for School Leadership Development Programme in the state of Chhattisgarh (Ph. I & II), September 26-October 03, 2016.
- Translation and Contextualisation Workshop on School Leadership at Guwahati, Assam, May 02-06, 2016.
- SRG Workshop on School Leadership at Guwahati, Assam, May 02-11, 2016.
- Capacity Building of First Batch of State Resource Group (SRG) for School Leadership Development Programme in the state of Jammu & Kashmir, January 02-12, 2017.
- Capacity Building Programme on Planning for Teacher Education for Principals of Teacher Education Institutions of Odisha, March 27-30, 2017.

- Capacity Building Programme on School Leadership Development for DIET Principals of Jammu & Kashmir, January 29-30, 2017.

Review of School Leadership Programme in Selected States

- Review and Feedback Workshop of School Leadership Programme in Chhattisgarh, August 11-12, 2016.
- Review and Feedback Workshop of School Leadership Programme in Madhya Pradesh, November 25-26, 2016.
- Review and Feedback Workshop of School Leadership Programme in Uttar Pradesh, November 25-26, 2016.
- Review and Feedback Workshop of School Leadership Programme in Telangana, August 22-23, 2016 and November 27-28, 2016.
- Review and Feedback Workshop of School Leadership Programme in Himachal Pradesh, October 06-07, 2016.
- Review and Feedback Workshop of School Leadership Programme in Tamil Nadu, September 27-28, 2016.
- Review and Feedback Workshop of School Leadership Programme in Rajasthan, January 24-25, 2017.
- Review and Feedback Workshop of School Leadership Programme in Sikkim, June 09-10, 2016.

Consultations/Capacity Building Programmes: Networking and Institutional Building

- National Review and Planning Workshop on School Leadership Development, February 21-22, 2017.
- One-month Certificate Course on School Leadership and Management, June 02-30, 2016.

Other Programmes

3 Research

RESEARCH

The National University has been undertaking, aiding and promoting inter-disciplinary research and studies, with particular focus on educational policy, planning and management, in order to generate new knowledge for formulating evidence-based options and strategies to ensure achievement of the education sector development goals. The National University undertakes both quantitative and qualitative research, review and evaluation of existing policies, plans and programmes, comparative studies in educational planning techniques and administration structures and procedures in different states of India and also in other countries. Emphasis is placed on action research, including longitudinal

studies, which could generate new knowledge in key areas for improving educational policy, planning and management.

Besides M.Phil. and Ph.D. programmes, the research programme supported by the National University covers research studies by faculty members; research sponsored by other agencies; international collaborate studies; programme evaluation studies; and data management studies. The research studies deal with priority issues which are likely to emerge in the education system or issues that the Indian educational system is actually confronted with. During the year under report, 15 research studies were completed, while 47 studies were in progress.

1. Assessment of Available Facilities for Primary and Upper Primary Education in Tribal Areas

Investigator: Prof. K. Sujatha

Study reports submitted.

2. Involvement of Teachers in Non-Teaching Activities and its Effect on Education: A Study in Select States of India

Investigators: Dr. Vineeta Sirohi, Manju Narula

Completed status provided by the investigators as the latest information.

3. The Culture of Testing: Socio-cultural drivers and the effects on youth in the Asia-Pacific region (UNESCO requested study as a part of larger study of nine countries of Asia-Pacific Region)

Investigator: Prof. Kumar Suresh

Report submitted under publication

4. Mid-Term Evaluation of 'Central Sector Scholarship Scheme for Colleges and University Students'

Investigator: Dr. Vetukuri P. S. Raju

Submitted the final report to MHRD.

5. Teacher Recruitment in Higher Education in India: The Role of National Eligibility Test (NET)

Investigators: Prof. N.V. Varghese, Dr. Garima Malik and Dr. Dharma Rakshit Gautam

Final report submitted to UGC in November 2015. Project completed.

Research paper based on the project titled "Teacher Recruitment in Higher Education in India: An Analysis of NET Results" as CPRHE Research Paper Series 8 is likely to be published in October 2017.

6. Evaluation of the Implementation of the Pandit Madan Mohan Malviya National Mission on Teachers & Teaching (PMMNMTT) Scheme.

Investigators: Prof. N.V. Varghese, Dr. Anupam Pachauri and Dr. Sayantan Mandal

The study is completed and the evaluation report with recommendations was submitted to the Ministry of Human Resource Development (MHRD) in January 2017.

7. Gender Equality Outcomes of the SSA: Fieldwork in East Delhi and Ajmer District

Investigator: Prof. Ratna Sudarshan

Expected to be completed before May 2016.

8. 9-State study on the working conditions of elementary and secondary school teachers

Investigators: Prof. Vimala Ramachandran (PI), Dr. Anupam Pachauri, Prerna Goel Chatterjee and Nikhil Mathur

Report submitted.

9. A study of the working conditions of teachers in Punjab: mapping policy and practice

Investigators: Dr. Anupam Pachauri and Prof. Vimala Ramachandran

Completed status provided by investigator as latest information.

10. Policy Trends in Tamil Nadu Higher Education - Competitive Politics on Approach to Expansion, Vision, Focus and Affordability

Investigator: Dr. A. Mathew

- i) Draft Report completed;
- (ii) Publication: “Competitive Politics in Tamil Nadu Higher Education Policy”, *The Indian Journal of Technical Education*, Vol. 39, No. 2, April-June 2016, pp.1-18.

11. Policy Discourses on Higher Education Development in Kerala Fuel for Equity and Less Privatisation

Investigator: Dr. A. Mathew

- (i) Draft Report completed;
- (ii) Publication: “Policy Discourses on Higher Education in Kerala”, *The Indian Journal of Technical Education*, Vol. 39, No. 4, 2016, pp.53-78.

12. Policy Evolution in Karnataka Higher Education: Wavering Government Response to Expert Group’s Recommendations

Investigator: Dr. A. Mathew

- (i) Draft Report completed;

(ii) Publication: “Inclusion and Privatization Strands in Karnataka Higher Education Policy”, *The Indian Journal of Technical Education*, Vol. 39, No. 3, July-September, 2016, pp.71-92.

13. Party and Caste Considerations Tilt Higher Education Policy Focus in Andhra Pradesh

Investigator: Dr. A. Mathew

- (i) Draft Report completed;
- (ii) Publication: “Andhra’s Fee Reimbursement Scheme: Intended and Unintended Impact on Higher Education in AP and Telangana”, *College Post*, April-June, pp. 3-9; 24-25;
- (iii) Publication as *NIEPA Occasional Paper* is in process.

14. Evaluation of Central Sector Scheme of Interest Subsidy on Education Loans: An Analysis of Socio-Economic Profile of the Beneficiaries

Investigator: Dr. Geetha Rani

Completed status provided by the investigator as the latest information.

15. National Research Professor Scheme: An Evaluation

Investigators: Prof. N.V. Varghese and Dr. Garima Malik

The study is completed and the evaluation report with recommendations was submitted to the Ministry of Human Resource Development (MHRD)

Research Studies in Progress (as on March 31, 2017)

1. Third All India Survey of Educational Administration & Thematic Studies

Investigators: Prof. K. Sujatha and Dr. R. S. Tyagi

The National University of Educational Planning and Administration (NUEPA) had conducted two Educational Administration Surveys (first, in 1973, and the second, in 1990s) covering all states and union territories. The basic purpose of the survey was to examine the status of educational administration and its responsiveness to the changing demand of the system. During the past two decades, several policy initiatives and educational programmes have been initiated, resulting in reforms and changes in administrative structures and functioning at different level viz, state, region, district, sub- district and institutional. These initiatives and interventions have added new dimensions to educational governance. To examine the status of educational administration at different levels and to map out changes in educational governance, NUEPA launched the 3rd All India Educational Survey in 2013 along with a number of thematic studies covering different aspects of educational administration and governance. The specific objectives of the survey are:

To investigate the present status of educational administration in term of structures, system and process in all states and union territories.

To identify major issues and areas of intervention for preparing strategies to make the system of educational administration more effective; and

- To investigate the present status of educational administration in term of structures, system and process in all states and union territories.
- To identify major issues and areas of intervention for preparing strategies to make the system of educational administration more effective; and
- To suggest measures for improvement in the governance of school education at the national, state, and union territory levels.

As part of the larger survey, the following studies and activities have been undertaken:

- Pilot Study on Educational Administration in Kerala by Dr. R. S. Tyagi;
- Pilot Study on Educational Administration in Bihar by Dr. Manju Narula (under finalisation);
- On the basis of these Pilot Studies, tools for the Third Survey are being finalised; and
- Study on Shared Responsibilities and Competences of the Local Bodies in the Management of Elementary Education in MP and Bihar by Prof. Kumar Suresh.

Copy editing and editorial processing of 23 state reports. Draft of West Bengal completed. Final Report from the state awaited. Thematic Studies under the project in the process of initiation/review.

2. Study of Structure and Functions of Educational Administration (Thematic Study as part of the 3rd All India Survey of Educational Administration)

Investigators: Prof. Kumar Suresh, Dr. Manju Narula and Dr. Vineeta Sirohi

The proposed project assumes special significance given the paucity of resource materials on the aspect of structure and functions of educational administration. There is hardly information available on the structure

and functions of educational administration across the states/union territories. The websites of the Education Department, of course, include basic information on the structure of educational administration of respective states/union territories but these are mainly restricted to the Secretariat and Directorate levels. In most of the cases, information on the educational administrative structure below the Directorate level is scanty. Besides non-availability of information on structure of educational administrative across the levels and across the states/union territories; there is no information available on the functional responsibility attached to each and every level of educational administration. The whole range of centrally sponsored schemes for educational development has added new dimension to the educational administration. The programme implementation format in states also created parallel structures of administration. In many cases, there is hardly any direct linkage between the parallel structure and the mainstream administrative structure of education in the states. Similarly, the structure of academic support system has expanded over the years.

Objectives

1. To gather detailed information on the structure and functions of the educational administration.
2. To document the changes taken place, over the years, with specific reference to the development on account of the introduction of SSA/ RMSA/ MDM/ RTE, etc.
3. To capture the variety of structures and factors within educational administration.
4. To make all the relevant information on educational administration available in the public domain either through a dedicated portal in educational administration or as part of the existing arrangement with provision of continuing updation.

Preliminary work started. Framework and tools for data collection under process of finalisation.

3. Status, Role and Responsibilities of District and Block Education Officers in Educational Administration (Thematic Study as part of 3rd All India Survey of Educational Administration)

Investigators: Professor Kumar Suresh, Dr. Manju Narula and Dr. V. Sucharita

District and Block Education Officers are key educational functionaries at field level. They are instrumental in ensuring the effective functioning of schools. As educational administration at district and block level is closely connected to the schools in terms of their monitoring and support; they are important links between schools and higher level of educational administration. Implementation of policies and programmes of the government at school level turns out to be important functional responsibilities of these officers. It is important to understand the whole gamut of expanding role and responsibilities and also as to how these officers discharge the responsibilities assigned to them in the capacity of officers at field level.

Objectives of the Study

1. To study the status and changing roles and responsibilities, if any, of district and block level officers.
2. To study the changes that have been brought about in the functional responsibilities of the DEOs and BEOs as a result of the RTE, 2009 and other development programmes initiated in the state/district and block level educational administration.
3. To assess the training needs of DEOs and BEOs.

The study will primarily be based on the available database built on the Third All India Survey of Educational Administration as well as field-based data collection related to district and block level education officers. The State Reports of Third All India Survey of Educational Administration include some basic information about district and block level education administration, including status, role and functional

responsibilities as per the descriptive format. However, analytical dimensions are not included. Descriptive data will be analysed from a critical perspective. The present study will primarily be based on the analysis of these data in addition to the data and information collected through field studies.

Preliminary work started relating to framework and tools for data collection under the process of preparation.

4. Innovations and Good Practices in Educational Administration (Thematic Study as part of Third All India Survey of Educational Administration)

Investigators: Prof. Kumar Suresh and Dr. V. Sucharita

Over the past few years, school education sector has experienced massive expansion. Managing such an expanding sector is a challenge in itself. The challenge of managing such a system is negotiated with variety of initiatives by educational administration at various levels starting from the institutional level to state level. These initiatives, in many respects, turn out to be innovative practices. During the past few years, a number of innovative initiatives have been taken to improve the functioning of the public system of school education at various levels. The areas of innovative initiatives are also varied. It is in this background that the proposed study aims to bring together variety of innovative initiatives done in the area of educational administration in different states and union territories.

Objectives

- To study the innovations and good practices in educational administration at various levels.
- To develop as case study of some of the innovations and good practices.
- Dissemination of innovations and good practices.

This study will be based on data collected from the states and union territories of India. Format for getting information about innovations and good practices

in educational administration will be developed and the format will be shared with the states. States will be requested to provide information about any innovations and good practices adopted at different levels of educational administration. Detailed information about the cases of innovations and good practices will be collected through field visits as well as through regional/state/national level workshop.

Research proposal is under the process of review. Likely to commence after the completion of review process.

5. Federalism and Union-State Relations in Educational Governance in India (Thematic Study as part of Third All India Survey of Educational Administration)

Investigator: Prof. Kumar Suresh

Governance of education in federal systems is based on constitutionally mandated jurisdictional specification and assignment of responsibilities to the constituting levels of government-usually between the two levels-government-federal and the constituent units. In some cases, the responsibility of governing education rests exclusively with the constituent units. Policy and financial autonomy to the federal units is inherently linked to the patterns of distribution of responsibilities. This, in turn, determines the nature of relationship between the federal governments and constituent units in the governance of education. A comparative mapping of the patterns of distribution of responsibilities and competence in terms of legislative, administrative and financial autonomy indicates wide range of variations across the federal systems.

Objectives

- To study the constitutional context and post-constitutional developments impacting the nature of educational federalism and union-state relations.
- To study the concurrency as a factor impacting the competence of the states in the decision-making related to education.

- To explore the role of union-state and inter-state and inter-institutional coordination bodies and process of coordination.
- To explore the recurring concerns in union-state relations in education.

The study will attempt to probe the following questions:

- What the changing dimensions of union-state relation in the field of education?
- How far the union-state relations impact policy formulations and implementation in the field of education?
- How far the politics is impacting competence distribution in education?
- How far the redefined concurrency in education has impacted competence of the states in the decision-making related to education?
- What is the nature of union-state and inter-state and inter-institutional coordination?

The study will be a combination of both desk and field-based research on both primary and secondary data. It will have three components. First will be the study of constitutional and post-constitutional developments impacting union-state relations. Here, the major points of reference will be Acts, subordinate legislations and policy initiatives and reforms, including centrally sponsored schemes. Second will be focusing primarily on the school education and the third will focus on higher education. For empirical insights, a few states will be taken as case for the study. The details of the dimensions to be covered in the study will be worked out in consultation with experts and members of the Project Advisory Committee.

Research proposal is under the process of review. The study is likely to commence after completion of the review process.

6. An Evaluation Study of the Centrally Sponsored 'National Scheme of Incentive to Girls for Secondary Education' (Request from MHRD)

Investigator: Dr. Vetukuri P. S. Raju

The study aims at evaluation of the impact of the financial assistance provided to various states/union territories in the country under the NSIGSE Scheme.

The in-depth study will be conducted in three states/union territories. The sample states will be selected on the basis of the utilisation pattern of incentives from different regions of the country. At least 350 beneficiary girls from each sample state studying in Classes IX and X in Government, Government-Aided and Local Body schools will be selected.

The interim report is submitted to MHRD. Collection of primary data from the field, coding and feeding of data is in progress. The final report will be ready for submission by 31st August, 2018.

7. An Evaluation Study of the Centrally Sponsored Scheme of 'National Means-cum-Merit Scholarship Scheme'

Investigator: Dr. Vetukuri P. S. Raju

The Government of India and State/Union Territory Governments, over the years, have announced several scholarships, financial assistance schemes and incentives to help ease the burden of the household cost of education. Socially marginalised groups (such as Scheduled Castes, Scheduled Tribes, Other Backward Classes, Minority communities and Girls) and those from economically weaker sections (such as Below Poverty Line families) have been the special target groups of these scholarships and incentives. The scholarships also aim at identifying meritorious students and motivating them to pursue secondary as well as higher education with the cushion of financial support. In view of all the issues raised above, the central and state governments at the school level have introduced a number of scholarship and incentive

schemes for the children of the economically weaker sections and the disadvantaged groups to complete their school education. One of such schemes 'National Means-cum-Merit Scholarship Scheme' (NMMSS) was launched by the Ministry of Human Resource Development (MHRD) during the XI Plan period in 2008, through the Department of School Education and Literacy.

Objective

- To study the implementation process of the Centrally Sponsored National Means-cum-Merit Scholarship Scheme.
- To study the utilisation and achievement pattern of the National Means-cum-Merit Scholarship Scheme by different states/union territories during the period from 2008-09 to 2016-17.
- To assess the impact of the financial assistance provided to students of economically and socially disadvantaged sections of the society.
- To identify the challenges faced in effective implementation and issues relating to the disbursement of the scholarship amount to the students.
- To give suggestions and recommendations for improvement of the scheme.

The study aims at evaluation of the impact of the financial assistance provided to various states/union territories in the country under the Centrally Sponsored National Means-cum-Merit Scholarship Scheme (NMMSS). The study will be conducted by using the descriptive survey method using secondary and primary data.

Interim report submitted to MHRD. Collection of primary data from the field, coding and feeding of data is in progress. The final report will be ready by August 31, 2018.

8. Spatial Dynamics of Comparative Educational Advantages in India

Investigator: Prof. Mona Khare

Proposal development, presentation and approval, literature review, discussions for identifying relevant

indicators in Indian context, have been completed. Tabulation and data analysis for School Education Development completed. First three draft chapters ready. Indicators of higher education development have been identified and data compilation from secondary sources is in progress. Indicators for constructing the Composite Index of spatial development identified and data compilation is under progress. To explore the availability of data at the district level, select state officials are be contacted. Three papers drawn from the research study, presented in seminars, accepted for publication, expected to be published in a few months.

9. Growth of Engineering Education in India

Investigator: Prof. Jandhyala B. G. Tilak

As part of the international comparative study on higher education in BRIC countries, a huge amount of data are collected on about 40 engineering and institutions in India located at Delhi, Maharashtra, Karnataka, and Tamil Nadu in 2009-10. The survey also covered about 7000 students in these institutions. The student survey provides data on several characteristics of students - their social, economic and academic backgrounds, their expenditure on education, and their perceptions on the quality of engineering education and similar aspects.

There have been very few studies in India in the recent past that have analysed the socio-economic background of students pursuing higher education. Dated studies include studies by Dr. V.K.R.V. Rao on Delhi University in 1962; an IIEP study by Bikas Sanyal in West Bengal in the 1970s.

A detailed analysis of students' background will be of considered significance for policy-making relating to funding, fees, loans and other aspects. The international comparative study has been completed and the final outcome was published by the Stanford University as a book. Using the huge amount of data collected in India, a study on Growth of Engineering Education in India is being prepared, focusing in the following aspects:

- The growth for engineering education: public and private.
- Who are the students going in for engineering education?
- Examine the determinants of demand for engineering education.
- Factors that explain growth of private education.
- Costs (household and public) of engineering education.

As on May 2016, report writing of the study was in progress; drafts of a few chapters were completed and the rest were in progress.

10. Modules: Diversity and Discrimination in Higher Education Institutions

Investigators: Dr. Nidhi S. Sabharwal and Dr. C.M. Malish

The first meeting of authors' of the modules was held on March 16, 2017. The meeting helped to develop a collective understanding of overall approach and content of each module.

The areas identified for the modules included:

Module 1: Student Diversity and Social Inclusion in Higher Education: Concepts and Approaches

Module 2: Classification of Student Diversity in Higher Education

Module 3: Approaches to Achieving Academic Integration on the Campuses

Module 4: Forms of Discrimination in Higher Education

Module 5: Social Inclusion on the Campus

Module 6: Institutional Mechanism for Managing Student Diversity

Module 7: Student Diversity, Civic Learning and Democratic Engagement

The writing of the modules is in progress.

11. Employment and Employability of Higher Education Graduates in India

Investigator: Professor Mona Khare

The research proposal for the study was developed in 2015. The proposal was sent to the experts and presented in the expert committee meeting held on October 26, 2015. Post-approval, quantitative and qualitative research instruments were developed. A discussion meeting on the research instruments with a group of external experts was organised on May 12, 2016. State teams were formulated and team members identified. After finalisation of the Research Instruments, a Pilot Survey was conducted in a Delhi University College to generate students' and College Faculty/administration's perspective. Survey was also conducted in Canara Bank in order to generate employers' and employees' perspectives. In addition to the questionnaires administered, the survey included FGDs and Interviews. The entire activity was completed between August and November 2016. Data entry and analysis of the Pilot Survey completed and the instruments freezed. The first Methodology Workshop was held on January 18-19, 2017 in which the 17 state team members participated. The research instruments were thoroughly discussed and shared with them to undertake field survey in their respective states.

- i) Organised a three-day workshop on "Gender Budgeting in Education" in collaboration with Bangalore University, Bangalore.
- ii) Organised and conducted Round-tables and FGDs on the Project "Employment and Employability of Higher Education Graduates in India" in Hitachi and Eli companies at Hyderabad.
- iii) Organised and conducted Round-tables and FGDs on the Project "Employment and Employability of Higher Education Graduates in India" in Oriental, Lucknow.

- iv) Organised and conducted Round-tables and FGDs on the Project “Employment and Employability of Higher Education Graduates in India” in CISCO, Bengaluru.
 - v) Organised and conducted Round-tables and FGDs on the Project “Employment and Employability of Higher Education Graduates in India” in HCL, Lucknow.
 - vi) Organised and conducted Round-tables and FGDs on the Project “Employment and Employability of Higher Education Graduates in India” in TCS, Bengaluru.
 - vii) Organised and conducted Round-tables and FGDs on the Project “Employment and Employability of Higher Education Graduates in India” in Mahindra-Tech, NOIDA.
 - viii) Organised and conducted Round-tables and FGDs on the Project “Employment and Employability of Higher Education Graduates in India” in Reliance Nippon Life Insurance, New Delhi.
 - ix) Organised and conducted face-to-face interviews with a few senior executives on the Project “Employment and Employability of Higher Education Graduates in India” in Bangalore University.
 - x) Organised and conducted face-to-face interviews with a few senior executives on the Project “Employment and Employability of Higher Education Graduates in India” in Mumbai University.
 - xi) Organised and conducted face-to-face interviews with a few senior executives on the Project “Employment and Employability of Higher Education Graduates in India” in Delhi University.
 - xii) Organised and conducted face-to-face interviews with a few Senior executives on the Project “Employment and Employability of Higher Education Graduates in India” in Hitachi and Eli companies at Hyderabad.
 - xiii) Organised and conducted face-to-face interviews with a few Senior executives on the Project “Employment and Employability of Higher Education Graduates in India” in HCL and Oriental Insurance Companies at Lucknow.
 - xiv) Organised and conducted face-to-face interviews with a few senior executives on the Project “Employment and Employability of Higher Education Graduates in India” in National Stock Exchange, Mumbai.
 - xv) Organised and conducted face-to-face interviews with a few senior executives on the Project “Employment and Employability of Higher Education Graduates in India” in Mahindra-Tech, NOIDA.
 - xvi) Organised and conducted face-to-face interviews with a few Senior executives on the Project “Employment and Employability of Higher Education Graduates in India” in Reliance Nippon Life Insurance, New Delhi.
- The data collection in the states has been completed.
- Second Methodology Workshop will be organised for the State Teams in January, 2018.
- Two papers drawn from the study published as follows:
- i) Taking the Skills March Forward in India – Transitioning to the World of Work, (2016) in Matthias Pilz Ed India: Preparation for the World of Work, Springer VS.
 - ii) Graduate Employability: India’s Challenge Post 2015 Development Agenda, in Indian Economic Journal, December 2015, pp. 97-111.
- 12. Quality of Higher Education in India: A Study of External and Internal Quality Assurance at the Institutional Level**
- Investigator: Dr. Anupam Pachauri**
- The research study is a multi-state and multi-institutional study aims to understand the structure and functions of External Quality Assurance (EQA), their

inter-relationship and involvement of the participants on the quality assurance at the institutional level at 10 higher education institutions from five states i.e. Karnataka, Madhya Pradesh, Meghalaya, Rajasthan and Telangana through mixed-methods approach.

The project is in the implementation stage, and the activities completed under this research project are:

- i. The research proposal for the study was developed and presented at the CPRHE internal faculty meeting organised on September 24, 2014.
- ii. Following the feedback and in view of the literature review, the proposal was revised and presented at the expert committee meeting held on January 08, 2015.
- iii. Five institutional level teams from five universities and one affiliated college from each of the selected universities across five states have been constituted.
- iv. Quantitative and qualitative research instruments have been developed which include students and faculty survey questionnaire, focus group discussion themes for the FGDs with faculty and students, interview schedules for the institutional leaders at the selected universities and affiliated colleges.
- v. The research instruments for the study have been vetted in consultation with an expert group of external experts/researchers engaged in research in higher education.
- vi. The research methodology workshop has been organised.
- vii. The project has been launched.
- viii. The questionnaires are being coded and the codebook is being developed to facilitate the research teams.
- ix. Third research methodology workshop will be held on September 06-07, 2017 where the draft state reports and synthesis report will be presented for comments from the peers.

- x. The draft of the synthesis report is being finalised; state reports are revised for final submission.

13. Governance and Management of Higher Education in India

Investigator: Dr. Garima Malik

The research aims to understand the governance and management of higher education functions at the national and state levels as well as how higher education institutions are governed and managed.

The specific objectives of the research project are:

- i. To discuss the evolution of the governance structure and processes at the national, state and institutional levels.
- ii. To study the important actors and their role at the state level and study how the Ministry of Education, Directorate of Education, State Council of Higher Education, and Higher Education Institutions interact; and
- iii. To study the role and functioning of governing bodies at universities and colleges; to study the management of higher education at the institutional level.

The project is under implementation, and the activities completed in the course of this research project are:

- i. Developed research proposal;
- ii. Proposal reviewed at the expert committee meeting held on December 04, 2014;
- iii. Quantitative and qualitative instruments developed;
- iv. Research methodology workshop material developed; and
- v. Research methodology workshop has been organised.

Third research methodology workshop will be held on September 11-12, 2017 where the draft state reports and synthesis report will be presented for comments from the peers.

The draft of the synthesis report is being finalised; state reports are revised for final submission. Research paper titled “Governance and Management of Higher Education Institutions in India” published as CPRHE Research Paper Series 5 in February 2017.

14. Financing of Public Higher Education Institutions in India: A Study of Flow of Funds and their Utilisation

Investigator: Dr. Jinusha Panigrahi

The research aims to study the resource allocation; patterns of utilisation of resources received in terms of grants as well as through income-generating activities in the Indian context. The objectives of the study are to study the diversified sources of funding of higher education institutions in the backdrop of neo-liberal market principal, to analyse adequacy or inadequacy of the resources, to understand the relative challenges in the mobilisation of additional resources by the diversified higher education institutions, to identify the activities that could not be carried out due to paucity of funds, to analyse the expenditure and utilisation patterns of the resources by the higher education institutions. The project is a case study of 10 higher education institutions in five states i.e. Bihar, Odisha, Punjab, Telangana and Uttarakhand.

- Third research methodology workshop will be held on September 25-26, 2017 where the draft state reports and synthesis report will be presented for comments from the peers.
- The draft of the synthesis report is being finalised; state reports are revised for final submission.
- Research paper titled “Resource Allocation and Innovative Methods of Financing Higher Education in India” published as CPRHE Research Paper Series 6 in February 2017.

15. Teaching and Learning in Indian Higher Education

Investigator: Dr. Sayantan Mandal

The project aims to analyse aspects of teaching and

learning in higher education institutions of India. The research project is a multi-state, multi-institutional study and employs mixed-methods approach to examine teaching and learning in various academic programmes across the chosen set of higher education institutions (one university and one of its affiliated colleges) in each of the states of Chhattisgarh, Gujarat, Himachal Pradesh, Tamil Nadu and West Bengal.

The project is in the process of implementation, and the activities completed under this research project are:

- i. The preparatory works involved in the development of the research proposal;
- ii. Development of research instrument;
- iii. Selection of the research teams;
- iv. Engaging in discussion with experts in the instrument meeting;
- v. Planning of the project;
- vi. Documents prepared for the workshop on teaching and learning in Indian Higher Education; and
- vii. Conducting the research methodology workshop.

Third research methodology workshop will be held on August 29-30, 2017 where the draft state reports and synthesis report will be presented for comments from the peers.

The draft of the synthesis report is being finalised; state reports are revised for final submission.

Research paper titled “Teaching-Learning in Higher Education: Evolution of Concepts and an Attempt towards Developing a New Tool of Analysis” forthcoming as CPRHE Research Paper Series 9.

**16. Higher Education Success and Social Mobility:
A Study on the Coaching Schemes for SC/
ST/OBC and Minorities in Universities and
Colleges**

**Investigators: Dr. C. M. Malish and
Dr. Nidhi S. Sabharwal**

The first research methodology workshop with research coordinators of the case study institutions will be held on May 02-03, 2017 to develop a shared understanding on the research instrument and the research implementation process. Data analysis is progressing well. Field visits by the CPRHE research coordinators have been completed in most of the states.

**17. Action Research Project on Development
of District Secondary Education Plan under
RMSA in Select States in India**

**Investigators: Prof. S.M.I.A. Zaidi, Prof. K. Biswal
and Dr. N.K. Mohanty**

This is an attempt to critically review the planning process, methodology and techniques followed by the states in the preparation of their District Secondary Education Plans (Perspective and Annual Plans) under RMSA through an action research. The basic purpose is to understand the existing enabling conditions and institutional, technical and other constraints for plan formulation and the extent to which the RMSA Framework for implementation is being understood and applied at the district level planning and management of secondary education. Moreover, there is hardly any study at the district level exploring the planning process and assessing the institutional, technical and professional constraints in the formulation of DSEPs. The study, therefore, aims at generating additional knowledge through action research for enhancing the professional competencies of NUEPA faculty as trainers for effective design and delivery of capacity building activities in educational planning. In this context, the action research is being implemented in Tamil Nadu and Odisha. Four districts from Tamil Nadu (i.e. Salem, Theni, Cuddalore and

Madurai) and two districts from Odisha (i.e. Keonjhar and Ganjam) have been selected for implementing the research.

Phase I of the study has been completed and the report has been finalised. In Phase II, the entire four sample District Research Teams of Tamil Nadu and Odisha are finalising their Model. The District Secondary Education Plans will be presented in the National Level Sharing Workshop to be held at NUEPA in June, 2018. After this workshop, the four District Research Teams will submit their final DSEPs. The report of Phase I along with four DSEPs will be submitted to NUEPA to mark the completion of the project.

**18. Public-Private Mix in Secondary Education in
India: Size and In-school Facilities and Intake
Profile**

**Investigators: Dr. N.K. Mohanty and
Prof. S.M.I.A. Zaidi**

Keeping in view the debate in the role of private sector in education, in general, and the public-private mix in the delivery of education service, the present macro-level study aims at looking into the structure and size of the secondary school network by management and region, their characteristics in terms of facilities, staffing patterns and student profile in terms of social background across the states. The study would also make an attempt to link participation rates in public and private institutions to the distribution of population in the state by income group. It may help find patterns in the participation rates in secondary education by management and their implications for equity, particularly to examine the RMSA strategies to address regional imbalances in secondary schooling provisions and the role of the state. For example, the study would help look into the implications of institutionally-driven rather than market-driven constructs of secondary school networks in some states (viz., West Bengal, Uttar Pradesh, Maharashtra, Tamil Nadu, Kerala, Karnataka and Andhra Pradesh). The study would provide insights into the way secondary education is organised and delivered in various states.

The specific objectives of the study are the following:

- i. To establish the patterns of institutional mix (Public-Private) at the elementary and secondary levels;
- ii. To profile public and private institutions by in-school provisions, staffing patterns and intake characteristics;
- iii. To identify implication for RMSA for expanded access in term of mix of schools and likely effects on equity; and
- iv. To draw implications for programme planning and allocation of resources under RMSA.

The study will attempt to profile the secondary school networks in major states and trace the institutional and other factors contributing towards different models of delivery of secondary education in states (for example, large share of government-aided institutions or un-aided institutions or government-managed institutions). It would also profile government-aided and private institutions in terms of intake size, in-school facilities, participation rates and the socio-economic characteristics of clientele group. It would provide insights into secondary education delivery systems in states and their implications for improving equity and quality.

Till now, related literature has been reviewed; secondary data and information from U-DISE and other sources have been collected. The data analysis and report writing is in progress. The report of Phase-1 of the study is expected to be completed by June, 2018.

19. A Spatial Perspective on the Causes and Consequences of Higher Educational Out-Migration: A Case Study of Himachal Pradesh

Investigator: Dr. Suman Negi

The main aim of this study is to get a more detailed insight of such migration flows and to identify the main causes that lead one to move out of their native place to seek education and its further consequences. The relationship between education and migration in

most researches has been examined more from the context of the educated or educational qualification being the catalyst for economic (skilled) migration, as many studies/ reports have quoted that the last year's migration has been increasingly seen among skilled professionals and scholars (Khadria 1999; Sward and Rao 2009). The focus of research on migration of people has been mainly centred on economic causes and its outcomes. Education, as a reason to migrate, also forms a very important aspect of migration, especially of the population below 25 years of age.

This study will be carried out keeping in view the following objectives:

1. To examine the composition of educational migrants with components related to demographic, social, cultural and economic aspects across gender and social groups.
2. To identify the main causes of educational out-migration from the individual, household and institutional perspective.
3. To identify the main outcomes of such a form of migration from the region.

Research Questions

1. Who sends their children out, why and where?
2. Is it because of low educational quality and facilities available at the place of residence that pushes youngsters to migrate to other centre or are the pull factors for the same stronger at the destination?
3. What are the outcomes of such Educational Migration process at the source of migration?
4. What role does income play in the choice of destination and its distance?
5. Role of the local or community setting in educational migration?

The study will deal with both primary and secondary database and will be qualitative and quantitative in nature. The secondary data from the d-3 series Migration Tables will be used to analyse the patterns

of migration flows i.e. of both in Migration and Out-Migration to and from Himachal Pradesh to different states of India, in general, and with education as one of the reasons to migrate, in particular. Structured questionnaires will be developed and administered to households that have at least one member who has completed Senior Secondary Level of Schooling and is in the age group of 17 to 24 years. The collected information shall be tabulated and analysed using various available statistical tools. Based on the results of the analysis, comprehensive report shall be prepared and submitted.

The final report is being drafted and the project expected to complete by July 2018. Most of the work, as proposed, has been completed. Some aspects related to the primary data are being arranged and analysed.

20. An Educational Atlas on Gender: A District Level Representation

Investigators: Dr. Suman Negi and Prof. Mona Khare

Maps are visual presentations of useful information that communicate ideas and designs. They provide an effective metaphor for modelling and organising spatial information as a series of data layers. These graphical or image representations also are increasingly being used in/as learning and teaching resources today. Therefore, in the light of the importance of the tool 'Map', the representation of information can be made for various things, one of which can be education and its related components.

NUEPA, as an organisation, collects, consolidates and analyses educational statistics at the national scale. Incidentally, the District Information System for Education (DISE) and now the Unified District Information System for Education (UDISE) are an integral part of NUEPA and the main source of educational statistics the world over. It collects detailed statistical information on annual basis for more than 15 million schools of India, and database of these units are readily available online and through regular

publications. To further facilitate the dissemination of these educational data, other supplementary avenues of information dissemination can also be explored. One of these is GIS and map-based information dissemination in the form of an Atlas, an effective medium the world over.

Development processes in a diverse country like India are plagued by a number of dissimilarities and discrimination. Gender inequality comes one of the main fields where disparity is visible across all socio-economic aspects, and education in this process is not far behind. Data pertaining to various aspects of educational development represent vast differences across gender in terms of access and participation, visible more amongst the rural population, marginalised caste and in remote locations.

In this context, the study makes an attempt to utilise the education statistics that NUEPA collects and consolidates and maps these gender gaps in India across different districts. A brief analytical note will also be provided along with other forms of data representations to support the represented indicators. This initiative is also an endeavour to facilitate those concerned with educational planning, policy making, academics and research. The inputs into an educational process and its outputs have been represented mainly through data-sets. Our aim here is to capture these nuances of educational development and represent them through maps, using mapping tools.

The specific objectives of the study are:

- i. To use the DISE and UDISE data to represent the indicators related to gender;
- ii. To represent some temporal trends at the national level; and
- iii. To also represent some statistically-calculated data trends.

Methodology

Maps will be created using the Devin system designed by UNICEF. A district is the third and lowest level

of boundaries available in this software and also the data are being represented at this level and above. The department of EMIS, NUEPA has been provided this software by UNICEF and is ready to share it for the project. DISE and UDISE data will be used to represent various selected indicators that signify a gender gap in educational access and participation. Brief analysis on the temporal trends pertaining to the indicators at the national level and related indicators will also be used for representation.

Some of the indicators, that will be represented, are as follow:

- Survival rates in school education
- Population increase in specific age-groups
- Projected population and its growth
- Gross enrolment ratios
- Net enrolment ratios
- Student achievement and repetition
- Gender parity index

The Chapters are being prepared and project expected to complete by July 2018. The data has been collected and arranged. Some maps have also been generated at the district level.

21. A Study of Scholarship Scheme and Educational Mobility among the Scheduled Caste Children at the Secondary Level in Odisha (NUEPA Sponsored)

Investigator: Dr. S.K. Mallik

Since the adoption of Constitution, we have been making efforts to achieve the universalisation of upper primary education. We launched DPEP programme in early nineties and Sarva Shiksha Abhiyan in the beginning of 21st century to achieve the universalisation of elementary education in the country. The drop-out rate is very high, quality of education is not up to the mark, and number of out-of-school children is increasing. Despite all the reforms, we are still lagging behind. As far as the educational indicators are concerned, the children from the disadvantaged

sections are behind the other groups. Under RTE Act, it is mandatory to set up SMC for each and every elementary school. In a similar way, the RMSA has involved the Panchayati Raj Institutions and municipal bodies, community, teachers, parents and other stakeholders in the management of secondary education through bodies like school management committees and Parent-Teacher Associations in planning, implementation and monitoring evaluation process. Under the RMSA, it is suggested that states take advantage of centrally sponsored schemes, central sector scheme and state schemes for providing free lodging and boarding facilities, scholarship and cash incentives to the disadvantaged groups of students like girls, SC, ST, OBC and minority community. Now, it is important to study how scholarship scheme is helpful for the education of SC children at the secondary level.

Objectives of the study are the following:

- a) To study the effectiveness of scholarship scheme on completion of secondary level and the educational mobility of scheduled caste children to the higher grades;
- b) To ascertain the effective implementation of schemes in term of inputs and outcomes relating to completion rate and transition rate;
- c) To find out the problems and constraints faced by the functionaries in implementation of scholarship schemes;
- d) To find out the reasons for non-completion of secondary education by the scheduled caste children; and
- e) To explore suitable measures for effective implementation of the scholarship schemes.

Review of literature is completed. The field has been chosen for data collection; two districts from Odisha - first one is Jagatsinghpur and second is Khordha. The primary level data collection is completed in one of the sample districts from Jagatsinghpur, and the second phase of data collection will be starting in the second week of June, 2018 in the district of Khordha in Odisha.

22. Study of the Implementation of the Provision of 25 per cent Seats to the Children of the Weaker Sections and Disadvantaged Groups in Private Schools under the Right to Free and Compulsory Education (RTE) Act, 2009 in Selected States: Policy and Practices

Investigator: Prof. Avinash Kumar Singh

The above research project is under early stage of implementation involving collection of secondary data and review of literature related to the theme and development of research tools. Under literature review, profiles of the selected states and compliance of RTE norms in the states, based on secondary official data are being prepared. The 10 states selected on the criteria devised under study include: Kerala, Karnataka, Delhi, Uttar Pradesh, Madhya Pradesh, Maharashtra, Jharkhand, West Bengal, Assam and Meghalaya. Furthermore, formats of the tools of data collection are under preparation. The following tools have been designed:

- Household Information Schedules
- School Information Schedule
- Schedule for the Head Teacher and other Teachers
- Schedule for the Children (Disadvantaged Groups and Weaker Sections)
- Schedules for Parents of those Children and other Community Members
- Schedules for the Members of the School Governing Committees
- Checklists for Education Functionaries at different levels (Cluster, Block, District, State)

Initial methodology workshop of the study has been held in which draft tools of data collection have been developed and finalised. They will be piloted shortly. The process for the identification of state level resource institutions/research investigators is on. Although the research project was approved in April 2015, the research project has been delayed due to problems in

the recruitment of research staff. The research project is going to be revived shortly with new timeline through the Project Research Advisory Committee.

23. Revisiting Equity under RTE: Policy Perspectives and Popular Perceptions

Investigator: Dr. Naresh Kumar

The study presents a detailed description of the field area and the visited schools. The study also informs in detail about the working of the schools in coherence with the community. The study points out that major reason for the failure of the government schools is the 'Deficit Social Trust'. There is no way of trust building mechanism and the private school system, mainly LBS has realised this - and therefore they are utilising this for taking leverage. The study urges to relook into private school system. Until now, we have been arguing against the private school system (especially LBS) but we never tried to understand this system. Field insights inform me if there are 10 LBS in a locality - each school would try to exhibit different quality. Because of the competition, each school runs in a survival mode, therefore, tries to expertise in some areas which can impress the parents. The study shows that, to a great extent, private schools are able to establish a close relation with the parents than the government schools. This way, LBSs have come up as an epiphenomenon in the Indian history - which could create vibrant 'public sphere' where children from diverse background participate. Final compilation is under process.

24. Participatory Action Research for Improvement of School Participation of Children at the Elementary Level in India

Investigator: Dr. Madhumita Bandhopadhyay

The data entry of all 42 visited schools, 252 teachers, 103 SMC, assessment status of 1286 students and raw information of 4031 students, located in six states namely Himachal Pradesh, Haryana, Madhya Pradesh, Odisha, Karnataka and Mizoram, has been completed. Altogether 5,02,079 entries are being made in the SPSS

spreadsheet. School reports (focus and non-focus) of five states (Himachal Pradesh, Haryana, Odisha, Karnataka and Mizoram) have been completed and of one state - Madhya Pradesh - is under progress. Data entry on learning assessment of children from two states - Haryana and Himachal Pradesh - have been completed and entries of other states are under progress. Second round of field visit of one state (Haryana) has been done. Information regarding interventions made by block education officers during 2017-18 has been collected and now data are under progress to compile and analysis. At present, the project is under consideration for extension. During the last PAC Meeting the updated status of project was presented. Suggestions are being incorporated in the second round field visit.

25. Autonomy in Indian Higher Education Institutions

Investigator: Dr. Neeru Snehi

The issue of autonomy of higher education institutions has become an important part of the agenda for ushering in reforms in the Indian higher education system. Granting autonomy appears to indicate that autonomy is a panacea to myriads of problems confronting them. The aim of the project is to explore as to what extent autonomy prevails in Indian higher education institutions, in general, and undergraduate colleges, in particular, i.e., how much autonomy should be given; should there be autonomy for the colleges; autonomy should be given to which section - management, teacher, student; and autonomy from whom - Centre, State, University & UGC.

The main objectives of the study are to understand the role of autonomy in the functioning of higher education institutions, more specifically, the undergraduate institutions; to examine the role of the stakeholders in granting autonomy to undergraduate institutions; to analyse and compare the functioning of affiliated colleges with those of autonomous affiliated colleges, and; to document the experiences in functioning of autonomous and non-autonomous affiliated colleges.

The methodology involved in undertaking this project is based on the aim to understand the concept of autonomy in higher education institutions, the role of stakeholders in granting autonomy, impact of existing autonomy in functioning of different intuitions. The study will be a mixed bag of content analysis and comparative study. In this regard, the act, statutes and ordinance of the universities and their colleges are being analysed along with the acts and status of the states for the universities. In addition, the evolution of the concept of autonomy in the higher education system is being analysed.

The data collected from the ten state universities and affiliated colleges is being analysed. Report writing is in progress.

26. Financing and Affordability in Higher Education (UGC Funded)

Investigator: Prof. Sudhanshu Bhushan

Policy in higher education is a tightrope walk when it comes to the issue of affordability in the wake of expansion and quality improvement. While, on the one hand, the public spending is crucial, and ways have to be found to raise resources and target subsidy to the poor, there also arises the question of private (household) financing of higher education. Household financing of higher education acquires importance in view of increasing trends towards privatisation. Privatisation of higher education has led to a rising trends of fees and has added to the burden of household to finance higher education. This raises the issues of affordability. Affordability, in turn, has its influence on the access and choice of disciplines. Affordability might show differing trends across different social and economics groups. It might also vary between rural and urban contexts and across different occupation categories. In the light of the above, the central objective of the research project is to study affordability in the context of the growing trend of privatisation.

As on May 26, 2016, drafting of the research report was in progress; likely date of submission was end of June, 2016.

27. Governance of Higher Education in Bihar

Investigator: Prof. Sudhanshu Bhushan

The higher education governance varies across all states on various dimensions. It varies in term of universities' relation with the state governments and that of the office of the chancellor. The acts, statues and ordinances guiding the functioning of the universities also vary. The intensity of privatisation of higher education varies. The social composition of students and intensity of privatisation of the shortage of teachers also vary. State government policies and programmes vary across states. The autonomy and accreditation status of colleges and universities vary. There is, however, no systematic documentation of higher education governance of states. As a result, even with respect to the basic information regarding the governance of higher education, information has to be collected as and when a need arises.

Objectives

1. The series on governance of higher education in different states will help to provide basic information on institutional structure, governance, policies, practices, funding of higher education institutions.
2. The series on governance will highlight the good practices in some states and incentivise other states to follow.
3. The series will help the central government and the regulatory council to understand the variance in the governance and streamline the practices through policy and planning.
4. The series on governance will help to develop the network academic, governance and promote collaboration across states.
5. It will help to understand the students in terms of social composition of teachers' terms of superannuation and their remuneration.
6. The series on governance of higher education will help to introduce reforms in higher education in a

systematic manner based on correct information and inter-state variations in actual practices.

The department proposes to publish a series on "Higher Education Governance" for all states in three years. In the first year, two pilot projects for Bihar and Tamil Nadu will be undertaken and, thereafter, the tools for the entire project covering all states will be prepared. The pilot for the state of Bihar will be undertaken by Dr. Sudhanshu Bhushan and, for the Tamil Nadu, will be undertaken by Dr. P Duraisamy. After finalising the tools, the entire project will be launched in all the states during 2016-17 and 2017-18. There will be state-wise publication on various aspects of governance in higher education. The document will be based on primarily secondary information obtained from the state higher education departments, universities and colleges. The field work will start from January, 2018.

28. Pilot Studies on Governance of Higher Education in Bihar and Tamil Nadu and Upscaling the Project

Investigator: Prof. Sudhanshu Bhushan

Educational governance of higher education institutions in the state consists of governance of universities being guided by the respective acts, statues and ordinances. All colleges are affiliated by the universities, and academic governance is controlled by the universities whereas finance and administrative aspects are controlled by the state governments. All universities are also being governed under the office of the Chancellor which has important role under the acts and statues of the universities. There are three aspects of governance of universities and colleges – academic, administrative and financing. Higher education is also, in many states, effectively under the supervision of higher education councils. With respect to the technical and professional education, many states have established respective state universities which control specific technical/professional colleges.

The system of governance has hardly undergone changes except for some innovation in IT practices,

admission and examination, etc. Teaching and learning processes are largely old fashioned. On many issues, the decisions are centralised at the state government level or at the university level, leaving little autonomy for colleges.

29. Research Programme on School Education Using U-DISE Data

Investigator: Prof. Arun C Mehta

The District Information System of Education (DISE) has emerged as one of the most important sources of data and information on school education in the country. Since its initiation in 1994 as part of District Primary Education Programme (DEPE) covering primary education in 42 districts, it traversed a long way to cover entire spectrum of school education in the entire country. The emergence of Unified-DISE with integration of DISE (that collects data on elementary education) and SEMIS (that collects data on secondary education) covering entire school education system starting from primary schools to senior secondary schools is a significant achievement. A noteworthy feature of U-DISE is the designing of a single DCF to collect data from all schools irrespective of levels/grades taught in a school to avoid some of problems like duplication of efforts, double counting, frequent filling of DCFs, etc. encountered when there are multiple agencies collecting data.

U-DISE now collects data from more than 1.5 million schools imparting school education in the country. Under U-DISE, data are collected on school as unit. U-DISE covers all kinds of schools - Primary; primary with upper primary; higher secondary only schools; composite schools with section from primary to higher secondary levels.

Out of nine studies sanctioned and implemented, six reports have been received. Three reports from NUEPA faculty were awaited in May, 2016.

30. Research Programme on Elementary Education Using U-DISE Data

Investigator: Prof. Arun C Mehta

The Department of EMIS has undertaken 'Research Programme on Elementary Education Using DISE Data'. The research programme provides an opportunity for extending financial assistance to researchers working in universities, ICSSR research institutes, etc. Out of 37 proposals received, nine were approved by an informal committee set by the Vice Chancellor, NUEPA who conducted a day-long workshop and, based on the suggestions, all the researchers revised their proposals. The research programme is funded by NUEPA. First instalment is being released.

31. A Pilot Study of Geo-Spatial Information System of School Education

Investigator: Anugula N Reddy

The pilot project to develop geo-spatial information system for school education has two objectives. The first one is to review the experiences of different state governments in developing geo-spatial information system school education, in collection of geo-spatial data of schools and using them in educational planning and monitoring. The second objective is to develop a prototype of geo-spatial information system for school education in block and demonstrate the methodology and applications of geo-spatial data in educational planning at the local level. The state experiences are being reviewed by visiting Geographic Information System (GIS) websites and examining the content of websites, and availability of different tools on the website that can be used in planning of school location and monitoring. This would be followed by visits to states for in-depth discussions on practices adopted to develop GIS for education and using the same for planning and monitoring. Attempts are also being made to develop a prototype geographic information system. The geo-spatial of schools data collected in Haryana have already been accessed. But is planned to develop prototype GIS with the help of these data and pilot it. In May 2016, data collection was done; data analysis was in progress.

32. Limits of Expansion of Secondary Education in India: An Analysis of Student Flow Patterns and Internal Efficiency of Elementary Education (Does not involve any budgetary support)

Investigator: Prof. K. Biswal

The study is an extension of the earlier work done in 2009 (Prof. Keith Lewin University of Sussex, UK) and NUEPA's team while developing the policy guidance note for the expansion of secondary education in India under the RMSA. This research aims at estimating the state-wise flow rates through the elementary level into the secondary school by taking into account the likely evolution of transition rates from primary to upper primary, and upper primary to secondary levels. This can be achieved using U-DISE data and data from other sources like All India School Education Survey (AISES), MHRD publications, Census of India, etc. The study has taken Odisha and Tamil Nadu as two sample states to estimate the student flows through school education.

The specific objectives of the study are as follows:

- i. To understand the dynamics of student flows from Grade I through Grade X as they affected the dynamics and cost of expansion of secondary schooling;
- ii. To identify clusters of state and population sub-groups based on students flow patterns which can be grouped to reflect different levels of probability of achieving the stated goals;
- iii. To identify the gaps between the target set by RMSA and the projected students flows and relate these to the main constraints on growth identified;
- iv. To estimate costs and implications of differential rates of expansion of secondary schooling and compare these with current levels of investment for expanding capacity in the secondary schooling; and

- v. To plan and set up case studies (in Phase II) to understand what factors shape and influence the supply and demand for expended access to secondary school within different communities.

Currently, relevant data are being collected; and the related literature is being reviewed. Based on the secondary data, mainly from U-DISE and MHRD publications and the Census of India publications, construction of the projection model for Tamil Nadu is in progress.

33. A Study of Private Franchises Providing Pre-school Education in Delhi

Investigator: Dr. Savita Kaushal

Pre-school education is now-a-days being considered as an imperative requirement for preparation for primary school. To meet this need, there has been a rapid expansion in the number of pre-schools in the country over the last two decades. In recent years, there has been active emergence of private franchises for providing pre-school education. The objectives of this study were to analyse the academic and administrative structure and governance of the selected private franchise pre-schools. In addition to this, the admission procedures and infrastructural facilities provided in the selected private pre-schools were also examined. Background of the children participating in these schools was also studied. The study also explored the curriculum transaction techniques adopted by the teachers as also achievements or shortcomings, if any, pertaining to the functioning of the private franchise pre-schools of Delhi (30) and Haryana (10). The data was collected from administrative staff members, teachers, and children's parents of the selected sample pre-schools. In case of small franchise pre-schools, care was taken to include a minimum of four teachers and administrative staff members in the sample.

The draft report of the project is being finalised. The study is likely to be completed by June 30, 2018.

34. Education among the Scheduled Caste Children: An Intensive Study of Two Villages of Rajasthan

Investigator: Prof. B. K. Panda

Since independence, the structure of constitutional democracy has opened up avenues making it possible to move-up the socio-economic ladder, with equality of opportunity and social justice recognised as the guiding principles of development planning in independent India. With constitutional protection and better educational and economic facilities, it is expected that it will act as a motivating factor for upward social mobility, enabling the members of Scheduled Castes and Scheduled Tribes to be at par with these from the non-scheduled population.

The question, therefore, arises as to what extent the schooling has enabled these communities to improve their social and economic conditions. Further, if the school is not in a position to attract the children of these communities, then the factors that are obstructing these children from attaining education through schooling need in-depth understanding. Based on such assumptions, the following objectives have been indentified for the study:

- To understand the reasons affecting education among Scheduled Caste students in the state of Rajasthan;
- To understand in greater detail, the Scheduled Caste households *vis-à-vis* other communities and their preference/aspiration for education;
- To identify various socio-economic barriers in obtaining education among Scheduled Caste families for their children; and
- To understand the provisions made in the state policies enabling the Scheduled Caste students to attain education.

Project was stalled due to administrative hurdles; but, is now being revived.

35. A Critical Assessment of State Level Capacity Building Institutions in Education

Investigators: Prof. Najma Akhtar and Dr. Savita Kaushal

The approval notification for the project titled above was delayed by two years besides being approved by the Academic Council. Despite the delay in issuing the notification, now the situation is that no staff has been appointed to initiate the field work for the same. It has been requested several times to provide us the staff as given in the provision. With all these limitations from the Administration Department, it is to inform that the collection of literature review is currently going on for the project.

36. A Comparative Study of Social Dynamics and School Management in Educationally Backward Block and Non-Educationally Backward Block of Rajasthan

Investigator: Dr. Mona Sedwal

The Right to Education Act (RTE), 2009 has played a significant role in getting children to the schools across the nation. In Rajasthan, too, the RTE has made an impetus by fostering major responsibilities on the School Management Committee (SMC) and other educational institutions working at the grassroots level to make it a reality. On the same lines, Government of India has identified the Educationally Backward Blocks (EBBs) where the concerted efforts are made to make education for all a reality.

Keeping above discussion in the backdrop, the present study propose to examine the impact of composition of the SMC in the light of the caste dynamics in the school management. According to the Scheduled Caste and Scheduled Tribe Orders (Amendment) Act, 1976, Rajasthan has 59 categories of SCs in the state. Rajasthan comprises of 17 per cent SCs and 13 per cent STs in the state. According to the census 2011, the literacy is 53 per cent.

The main objectives of the study are as follows:

- To assess the kind of social composition, its relation and impact on school management in the EBB and non-EBB villages.
- To study the functioning of school management and the attitude of members of the school management and the head master towards the children coming from the SC community in the EBB and non-EBB.
- To study the involvement of the school management in developing the SDP and implementing it with the help of the educational inputs provide by the BEO, DEO, DIET and SIERT in the EBB and non-EBB.
- To study how inclusive is the functioning of the school management at the village level for the SC population in the EBB and non-EBB.
- To evaluate the content and methodology as well as impact of the training programmes for the SMCs and to assess participation rate of the SC members in the training programmes in the EBB and non-EBB villages.

The secondary data of the study will be based on the collection and analysis of both primary and secondary data. The survey and case study approach would be adopted for conducting a larger survey, and later, based on the larger survey, selecting two villages for the in-depth study of the social dynamics on the basis of concentration of the SC population. The number of the clusters in the block will be taken into account and approximately 50 per cent of it, or if the number of clusters is less, all of them will be taken up for the study based on the SC population. But, the basic parameter will be on the share of SC population in the village and its representation in the school management. The household survey would be conducted in two blocks which will form the basis for selecting the villages for in-depth studies. Caste studies will be developed on select schools for reflecting the social dynamics affecting the school management. Preliminary work is being carried out.

37. Critical Assessment of Participation of Children in Education in Urban Slums in India

Investigator: Dr. Sunita Chugh

- The project is being carried out in ten cities across the country in collaboration with local institutions and researchers. Three workshops were organised wherein sample design, tools for data collection were finalised. Format of the report writing, city profile was discussed.
- Coordination with all the research coordinators and the screening of data is being done regularly.
- Data collection from households has been completed in eight cities, and in very advanced stage in remaining two cities (Mumbai and Raipur). School survey has been conducted in Bhopal and Hyderabad. Visited schools of Hyderabad to oversee the data collection process from schools and conducted Focus Group Discussion.
- Data entry in respect of Bhopal, Lucknow, Hyderabad, Bhubaneswar, Kolkata, Ludhiana and Kanpur is finished. Data entry in case of other two cities is at the advanced stages of completion. Continuous monitoring and cleaning of data is being done.
- Currently (since July) work of the project has taken momentum as three data entry operators and one junior consultant have been appointed.
- A small report has been prepared for Lucknow and Hyderabad on the basis of household data.
- Meeting of research coordinators was convened to discuss about the report format.
- Profile of eight cities has been prepared on the basis of secondary data.
- Propose to organise a seminar in December 2018 on sharing of findings of research. Research coordinators, education officials and academicians will be invited to participate in the seminar.

38. A Study on Policy and Practices for Inclusion of children with 'Specific Learning Disability' in Schools

Investigator: Dr. Veera Gupta

With growing awareness towards differing nature of disabilities faced by the children in school education, learning disability has emerged as an important area of academic and policy concern. Both RTE Act- 2009 and PWD Bill- 2012 have included learning disability within their purview for tackling the problem. Although policy initiatives are being taken, there is not much clarity at the institutional and school levels with regard to assessment and programmatic interventions. The nature and extent of the learning disability varies greatly among the states from 0 per cent Specific Learning Disability (SLD) in Andaman & Nicobar Islands to over 45 per cent SLD in Goa (DISE, 2011-12). There is need to understand as to how the concept of learning disability is operationalised at the school and institutional levels in order to tackle the current and emerging problems related to specific learning disability in terms of policy and practices. The proposed research is a sincere step in this direction. Even though the policy on SLD in India is at a nascent stage, exploratory studies are needed to gather evidence of best practices available in the field. The proposed study is aimed at finding the reality at grassroots level with the objective to feed evidences for the formulation of policy and policy procedures. The study, therefore, proposes to examine the policy and practice of inclusion of learning disabled children in school education with specific reference to dyslexia.

The main objectives of the study are as follow:

- a. To ascertain the nature and magnitude of the problem of SLD and programme interventions pursued in terms of policies and practices.
- b. To study the state- and district-level policies and practices for identification, referral and educational intervention for SLD in specific states in India.

- c. To study the impact of programme interventions on the learning outcomes of SLD and document the best practices available in the field.
- d. To provide input for policy formulation on SLD for assessment, diagnosis, teaching strategies and programme provisions.

The study is based on a combination of both the field-based empirical data and analysis of secondary documents at BRC and school level. It will make analysis of guidelines, circulars and orders issued by the state governments concerned to districts, BRC and schools for the identification, assessment and interventions for SLD. Besides that, field-based empirical data will be collected and analysed in order to ascertain operational realities. The school-based empirical data would be collected from selected schools. The data would be collected with the help of observation and interview schedule. These will be designed for teachers, counsellors and students. The field-based data will be collected from 30 schools. Report is under finalisation.

39. Local School Management Information System

Investigator: Prof. K. Srinivas

Since RMSA-TCA is closed, the phase-1 of the study could not be started. The proposal has been revised and resubmitted for consideration of the Academic Council. The Pre-Software Development Tasks for piloting the project are completed. Identification and selection of the software developer is going on.

40. Study on the Shared Responsibilities and Competence of the Local Bodies in the Management of Elementary Education in M.P. and Bihar

Investigator: Prof. Kumar Suresh

Management of elementary school education India has been conceived as a shared responsibility between the community, the state government and the local bodies. Various policy documents both relating to

local government and education have underlined the importance of local governance and community participation in the management of elementary education. The provision of School Management Committee along with the involvement of local bodies in different activities of the school is important in this regard. The RTE Act, 2009 stipulates a three-way partnership between the central, state and local governments. As per the provision of the Act, the management of elementary education is a shared responsibility of the three orders/tiers/spheres - central, state and local - of the government.

In most of the federations, powers and responsibilities are shared between two orders of a federal structure. It is only the dual policy structure that is formally and constitutionally recognised. There are a very few federations which make provision for a third order of government at the local level.

Objective of the Study

It is in the above-mentioned context that the proposed study attempts to examine the relationship between the state and local bodies and the competence in the management of elementary education in two states. The study aims at analysing the official documents - Acts, Circulars, Orders, etc.- for mapping out both dimensions of the competence of local bodies, their relations with the state in terms of federal mode of power sharing.

The study will be based on a combination of both the field-based empirical data and analysis of official documents. It will make analysis of the Acts, Circulars, Orders and Guidelines issued by the central government and the governments of the concerned states impacting the competence of the local bodies in the management of elementary education on the one hand, and relationship between the state and local government on the other. Draft report of the study was completed; the final report will be submitted after incorporating more information as a part of the thematic study relating to local governance.

41. Causes of 'Non-enrolment and Dropout among Muslim Children at Elementary Stage: A Comparative Study of Andhra Pradesh and Uttar Pradesh'

Investigator: Dr. Vetukuri P. S. Raju

The study primarily aims at identifying causes of non-enrolment and dropout of Muslim children at the elementary stage in two states in India. Accordingly, a review of the available literature to make a preliminary assessment of the nature of research/academic engagement addressing the issue of causes for non-enrolment and dropout among Muslims at elementary stage, has been completed. Literature review reveals that no substantial research or academic literature is found that sought to engage with non-enrolment and dropout among the Muslims at the elementary level. Besides, relevant secondary data have also been collected from NSSO, DISE and Census reports. Draft is ready and the project report is being finalised. The final report expected to be ready by May 31, 2018.

42. Higher Education for Civic Learning and Democratic Engagement: A Study of Diversity and Discrimination in Higher Education Institutions

Investigators: Dr. Nidhi S. Sabharwal and Dr. C.M. Malish

Project completed. Synthesis report and six state reports submitted.

National Seminar organised on the theme in February 2017 and a report prepared on the seminar.

Expert Committee Meeting to Review Policy Briefs on Diversity and Discrimination will be organised on June 20, 2017.

Policy Briefs titled "Policy Brief 1: Equalising Access to Higher Education in India; Policy Brief 2: Achieving Academic Integration in Higher Education in India; Policy Brief 3: Developing Socially Inclusive Higher Education Campuses in India", expected to be published in November 2017.

Research Paper titled “Student Diversity and Civic Learning in Higher Education in India”, published as CPRHE Research Paper Series 3 in July 2016.

Research Paper based on the synthesis report titled “Student Diversity and Social Inclusion: An Empirical Analysis of Higher Education Institutions in India”, forthcoming as CPRHE Research Paper Series 10.

43. Concentration and Oversupply in Higher and Technical Institutions

Investigators: Professor N.V. Varghese, Dr. Jinusha Panigrahi and Ms. Anubha Rohatgi

Final report is likely to be submitted to MHRD in June 2017. Research Paper based on the project titled “Concentration of Higher Education Institutions in India: A Regional Analysis”, forthcoming as CPRHE Research Paper Series 11.

44. Fixation of Fees in Private Deemed to be Universities

Investigator: Dr. Jinusha Panigrahi

The research proposal is submitted and approved by MHRD. Both qualitative and quantitative research instruments are in the process of development. A pilot study will be launched soon before implementing the study across selected institutions.

45. Educational Governance of Higher Education Institutions in States

Investigator: Prof. Sudhanshu Bhushan

Indian higher education consists of a small number of central universities (42), large state-run universities (290), state private universities (201) and deemed universities (49). Although the central government is responsible for funding all the central universities, the central government has also been supporting the state universities under the plan funding. University Grants Commission’s main mandate is to maintain the standards of education of the universities.

All universities are also being governed under the office of the Chancellor which has an important role

under the Acts and Statutes of the universities. There are three aspects of the governance of universities and colleges – Academic, Administrative and Financing. Higher education is also, in many states, effectively under the supervision of higher education councils.. With respect to the technical and professional education, many states have established respective state universities which control specific technical/professional colleges. All universities are run under various Committees, Councils and Bodies.

Objectives of the Study

- The series on governance of higher education in different states will help to provide basic information on institutional structure, governance, policies, practices, funding of higher education institutions.
- The series on governance will highlight the good practices in some states and incentivise other states to follow.
- The series will help the central government and the regulatory councils to understand the variance in the governance, and streamline the practices through policy and planning intervention.
- The series on governance will help to develop the network - academics, governance - and promote collaboration across states.
- It will help to understand the students in terms of social composition, disciplinary preferences, support systems, and also variations in the composition of teachers, terms of superannuation and their remuneration.
- The series on governance of higher education will help to introduce reforms in higher education in a systematic manner based on correct information and inter-state variations in actual practices.

Proposed Plan

The department proposes to publish a series on “Higher Education Governance” for all states in three years. In the first year, two pilot projects for Bihar and Tamil Nadu will be undertaken and, thereafter, the tools for

the entire project covering all states will be prepared. The pilot for the state of Bihar will be undertaken by Dr. Sudhanshu Bhushan, and for Tamil Nadu, by Dr. P Duraisamy. After finalising the tools, the project will be launched in all the states during 2016-17 and 2017-18. There will be state-wise publication on various aspects of governance in higher education. The document will be based on primarily secondary information obtained from the state higher education departments, universities and colleges. The governance will consist of state-wise basic information on institutional structure, governance modes, participation of students, teacher recruitment, programmes, financing, appointments of VCs, Chancellor's office, state government and relation with universities, autonomous and affiliated colleges, professional institutions and privatisation. Chapter-wise analysis will be based on templates developed at NUEPA. However, in each chapter, there will be enough space for reflection of the author, besides having relevant information along the template.

46. Study of Indian Private University Acts and Regulations of Fees (Project undertaken on the request of MHRD)

Investigator: Dr. Sangeeta Angom

Privately-funded institutions are in existence in India since independence, but they were not recognised as private universities. Many private universities or institutions classified as universities by the University Grants Commission or those that define themselves as university, have come up only recently. Many of these universities offer multidisciplinary professional courses similar to the state-funded universities; however, institutions offering single stream specialisation programmes are also in existence.

The Government of India introduced the Private Universities Establishment and Regulation Bill, 1995, in Rajya Sabha and was referred to the standing committee for obtaining its views. Since then, the subject has been discussed in different forums but has not been passed in the parliament.

Objectives of the Study

In the light of the rationale of study, the proposal outlines the following specific objectives of the study:

- To analyse the academic and administrative structure and governance of the selected private university.
- To examine the sources of income and expenditure pattern of the selected private university.
- To examine the admission procedures and the infrastructural facilities provided in the selected private university.
- To study the recruitment procedure of teachers and patterns of the workload.
- To identify whether the type of courses being offered are market-oriented or not.
- To find out the achievement(s) or shortcomings, if any, pertaining to in the private university.
- To make an overall appraisal of the role and contribution of private universities in the development of higher education in India.

The research method may be attributed as descriptive and would be based on both primary and secondary data. The study will try to make use of most relevant official documents and give the whole picture of private universities in terms of development, roles, problems, opportunities, and the government's responses as well. A sample comprising of five private universities out of 23 private universities (established through Acts of state legislature) providing education in different areas of higher education, will be selected for conducting the study. The five universities may be chosen carefully to represent different governance styles. The study does not include private deemed universities in India.

10% of the faculty and 2% of the students will form the sample to elicit information on various aspects. Tools to be used for collecting the data will include questionnaires for students and teachers and an interview schedule for the persons engaged in the administration and heads would be conducted.

A separate questionnaire for the government representatives will also be used to elicit opinions on the role of private universities in the country.

1. Literature review is progress
2. Tools preparation is in progress
3. Communication with the sample universities is in progress.

Plan to field visit will take place at the end of March till May 2018.

47. An Intensive Study to Critically Examine the Present *vis-a-vis* Futuristic Role and Functions of Educational Administrators in order to Identify Training Needs

Investigators: Prof. B. K. Panda and Dr. Mona Sedwal

The advent of technology and scope of attaining knowledge from across the world without waiting for the availability of the documented knowledge, in the form of reports and books through the e-network, has removed the barrier of time-limits of accessing information and knowledge. As a result, the continuous flow of knowledge and information, on one hand, is updating our knowledge, and on the other, it is also becoming obsolete every moment. To keep pace with the new knowledge thus generated continuously and accessing it on a continuous basis and utilising it, is a major challenge. The educational administrator needs to be equipped with the latest technological knowledge and adapt a role of facilitator to enable the personnel with them to perform better and efficiently.

Objectives of the Study

- To identify the futuristic dimensions of training to be imparted to the educational administrators;
- To identify the areas requiring priority for building the capacity of educational administrators;
- To understand the existing training facilities and the capacities of such institutions which impart training to the educational administrators;

- To develop a model training framework for the professional development of educational administrators both in terms of academic and administrative areas; and
- To develop a model programme that is feasible in terms of resources, and effective in terms of delivery, sustainable in implementation of training and to make cost-effective and outreach feasibility of use of the latest modes of MOOC/e-learning methods.

Coverage of the Study

The study will cover: (1) the states having educational administrators selected through the State Public Service Commission (2) the educational administrators who are entering on the basis of experience, etc. The state level information relating to the procedures adapted in recurring the educational administrators and provisions for their training through the State Academies and other institutions will be collected. First-hand information about the requirements of themes as training will also be collected from the educational administrators.

The study will be conducted in three phases covering all the states of the country over a period of three-four years. However, the first phase of the study will be confined to only a maximum of 18 months, the finding of this study will form basis of conducting further research.

Review work is in progress.

4 Library and Documentation Services

LIBRARY AND DOCUMENTATION SERVICES

Sharing of knowledge and information

The National University has undertaken a series of initiatives designed to provide accessibility to existing and new knowledge relating to educational policies, planning and management. The Library and Documentation Services of the National University continue to play an important role in the documentation and dissemination of knowledge and information in the areas of educational policy, planning and management. Key activities carried out by the Library and Documentation Centre, during the year 2015-16, included the following:

Library and Documentation Services

The Library and Documentation Centre of the National University has been acting as a crucial resource and learning centre to meet the information needs of its clientele, including faculty/staff members of the university, research scholars from India and abroad, M.Phil. and Ph..D. scholars of the National University, participants of various national/international training/ diploma programmes, organised by the National University, and other visiting faculty and users. The library is equipped with modern teaching and learning aids, computer facilities and electronic facilities such as WiFi.

During the past 4-5 years, the library has changed its collection development strategy. The library currently subscribes to over 80% of its journals in both print and online formats. However, the books are still preferred in print only.

For the convenience of readers, the entire collection of books and other materials has been organised into four major sections - general, reference, serial and area-study collection. During the period under report, 363 books/documents were added to the library. The library, presently, has a collection of 60,109 books/documents, besides a rich collection of reports of international seminars and conferences, organised by international agencies like UNO, UNESCO, OECD, ILO, UNICEF, World Bank, etc. During the year 2016-17, the Library and Documentation Centre also received more than 250 national and international journals and 14 magazines, in the area of educational planning and administration and other allied fields. Indexing of 1,402 important articles appearing in these journals was also done. During the year 2016-17, the library prepared holding of the 7,881 bound journals

for reference by its users. The journal databases, procured by the library, include four online journal databases from a number of reputed publishers such as Elsevier, Sage, Emerald, and JSTOR along with one statistical database “EPWRF India Time Series” from EPWRF. Besides, the library has also access to 523 e-books of Sage Education Collection. The library is a multi-media resource centre. The non-print materials available in the library include videocassettes, audio-cassettes, films, micro-films, micro-fiches and CDs.

The NUEPA library provides some new online information services such as ‘News Flash’, “NUEPA in the Press”, “SDI (the circulation of the academic works of NUEPA faculty) and “New Arrivals”. The library has also prepared bibliographies for various activities and training programs/seminars undertaken by the university. Photocopying services are provided to users of reference materials, articles, reports, etc.

All in-house activities in the library, including Acquisition, Cataloguing, Circulation and Serials Control are fully computerised using the latest version of the Libsys7 Software Package. Web OPAC can be accessed through intranet and internet, either directly using computers connected to the LAN in the NUEPA or through the internet using the Web OPAC on the website of NUEPA through the URL. It facilitates browsing and searching the databases of books, journals and articles available in the NUEPA library.

The NUEPA Library and Documentation Centre had joined Developing Library Networking (DELNET) to promote the sharing of resources at the national and international levels. This has given a facility of recognising the invaluable nature of the large collection of official documents pertaining to educational planning and administration that are available in NUEPA’s library and documentation centre. A project for digitising all such documents and records, using modern technology, has been undertaken. It is hoped that this will result in a comprehensive online archive information source for education in the country.

Access to Digital Resources

It has developed and strengthened intranet activities in the National University to connect, handle, share, leverage and disseminate various types of information among faculty and research scholars. It captures, stores, generates, transmits and integrates information and knowledge. Its digital resources, such as books, articles, research studies, occasional paper series, training programme reports, conference/seminar proceedings, eminent scholar lecture series, audio-visual lectures, committee and commission reports are available on the intranet. All these resources are also available on the web page of the Library and Documentation Centre [<http://www.nuepa.org/libdoc/index.html>].

Documentation Centre offers access to digital archives of 5000 documents on education and allied areas. These documents can be accessed through intranet as well as internet. [<http://www.nuepa.org/archives/index.html>]

Moreover, online library and documentation services have been extended through intranet to provide round-the-clock access such as List of New Additions; List of Journals Subscribed and Discontinued; Current Contents of Periodicals; Full Text Access of Online Journal Databases and JSTOR; Bibliographic Service - on demand; Press Clipping Service; Literature Search; and Electronic Document Delivery Service (EDDS). It has strengthened the Inter-library Loan (ILL) and resource – sharing activities in meeting the requirements of users related to books, documents, articles, etc. through Developing Library Network (DELNET).

COMPUTER AND INFORMATION TECHNOLOGY SERVICES

IT Services

The Computer Centre backs up the information technology needs of the university. The network is the backbone of the university and its active components are administered, maintained and controlled by the Computer Centre. The Computer Centre is equipped with dedicated 1GBPS Optical Fibre Internet Connectivity provided by NKN/MTNL under the project NMEICT. The university is also having the backup link of 10 MBPS from ERNET so as to ensure availability of Internet connectivity 24x7x365. The Computer Centre provides Computing facilities and Internet services to all the Research Scholars, Programme participants, Project staffs, trainees, faculty members and staff members. High speed Internet connectivity and Network points have been

provided to all the faculty and staff members to access the Network Resources for optimal use of resources available in the university. Individual E-mail accounts have been provided to all the faculty and staff members on the NUEPA Domain. Broadband Internet access is provided at home to Vice-Chancellor, and all faculty members. Desktop/Laptop computers have been provided to all the faculty members. All the staff members of the university have been provided desktop computer on her/his desk. The Computer Centre facilities are available non-interrupted for almost 12 hours. The Computer Centre is responsible for maintenance of the university-owned computer systems and peripherals.

The Computer Centre provides support in Information Technology extensively in its day-to-day activities, both academic and non-academic to the university. The Computer Centre is well equipped with various types of latest Desktop computers and Laptops, Printers and Multi-Function Devices. Network connectivity with Windows server 2012R2 is implemented, providing network connectivity to all the rooms in all the floors of the university.

The Computer Centre also provides the High Speed Internet Connectivity from the NUEPA building to the NUEPA Hostel. Authenticated and Secure Wi-Fi internet connectivity is made available in all the rooms

in all the floor of the NUEPA Hostel to be used by the guests staying in the hostel.

The Computer Centre provides support to the Academic Departments by training, research, quantitative data analysis, system level management issues and other activities. Support is also provided to the non-academic units of the Institute like Library, Administration, and Finance sections. Besides catering to the in-house software development, data processing and word processing needs of the university, computer awareness and appreciation modules and other specialised computer services are rendered for various training activities/programmes.

Support is also provided for the software applications for Accounts section. This includes tasks such as Salary processing, Income tax calculations, Pension, Provident fund computations, etc. A server with network version of Statistical Package (SPSS) is installed to enable users to run statistical applications on the network. The Computer Centre also promotes the use of Open Source software in the day-to-day activities.

A dedicated state-of-the-art Data Centre is setup in the university to strengthen the day-to-day needs of the university. The Data Centre is equipped with high-end Data Servers and Web Servers which are online 24x7x365 for the users. The Data Centre is empowered with dedicated parallel UPSs providing power backup to the servers. Initiative for procurement of Blade Servers with SAN storage was taken to strengthen the in-house Data Centre. For enhancement and empowerment of internet connectivity in the university and for providing backup connectivity internet link to the Data Centre, a 10 mbps Radio Frequency Link (RF Link) is also commissioned.

The Computer Centre maintains the Servers for the well know project Unified District Information System for Education (U-DISE) under the Flagship programmes of the Government of India - Sarva Shiksha Abhiyan (SSA) and Rashtriya Madhyamik Shiksha Abhiyan (RMSA). The Web Portal for National Programmer on School Standards and Evaluation (NPSSE) - Shaala Siddhi - is also maintained in the Data Centre by the Computer Centre.

6 Publications

PUBLICATIONS

The Publication Unit of the National University continued to support the functions relating to knowledge sharing through documentation and dissemination of the outcomes of research and development activities, undertaken by the National University, to the wider public. In furtherance of the objectives of the National University, the Publication Unit publishes Occasional Papers, Journals/Periodicals, Newsletters, Books, Prospectus of M. Phil. and Ph.D. Programmes, Calendar of Training Programmes, etc. It also brings out a series of Survey Reports on Educational Administration in various States and Union Territories. The Publication Unit is equipped with computers and printers to carry out various DTP jobs of the University.

Some of the important publications brought out by the National University during the year 2016-17 included Journal of Educational Planning and Administration, *Pariprekshya*, a Hindi journal, CPRHE Research Papers, M. Phil. and Ph.D. Prospectus and Curriculum Guide. The University also published several research and seminar/conference reports in the form of Books and Monographs. The major publications brought out by the National University during the year 2016-17 included the following:

Journals

- **Journal of Educational Planning and Administration**, Volume XXX, 2016 (Issue Nos. 1, 2, 3 and 4).
- **Pariprekshya** (a Hindi Journal on socio-economic context of Educational Planning and

Administration), Vol. XXII, 2015 (Issue Nos. 1, 2 and 3).

ANTRIEP Newsletter

- ANTRIEP Newsletter (July-December 2013 -- July-December 2015).
- ANTRIEP Newsletter (January-June 2016).

Occasional Papers

- NUEPA Occasional Paper No. 47: **Gender Equality Outcomes of the SSA: A Case Study** by **Ratna M Sudershan**, New Delhi: NUEPA, 84 pages.
- NUEPA Occasional Paper No. 48: **Decentralized Management of Elementary Education and Role of Self-Governance Institutions** by **R. S. Tyagi**, New Delhi: NUEPA, 40 pages.
- NUEPA Occasional Paper No. 49: **Inclusion through RTE: A Case Study of Two Private Schools in Delhi** by **K. Sujatha and V. Sucharita**, New Delhi: NUEPA, 41 pages.

CPRHE Research Papers

- CPRHE Research Paper 3: **Student Diversity and Civic Learning in Higher Education in India** by **Nidhi S. Sabharwal** and **C. M. Malish**, New Delhi: NUEPA, 72 pages.
- CPRHE Research Paper 4: **Reimagining Indian Higher Education: A Social Ecology of Higher Education Institutions** by **William G. Tierney** and **Nidhi S. Sabharwal**, New Delhi: NUEPA, 40 pages.

- CPRHE Research Paper 5: **Governance and Management of Higher Education Institutions in India** by **Garima Malik**, New Delhi: NUEPA, 48 pages.
- CPRHE Research Paper 6: **Resource Allocation and Innovative Methods of Financing Higher Education Institutions in India** by **Jinusha Panigrahi**, New Delhi: NUEPA, 48 pages.

Un-priced Publications

1. CPRHE Report 2015-16
2. School Leadership Development: A Handbook [Mizo Version]
3. Am I an Educated Person? : Reflections on Becoming and Being by Professor T N Madan-
4. Higher Education in India: Yesterday, Today and Tomorrow by Professor Aparna Basu
5. Compendium of Research, Publications and Training Activities 2006-16 (Ten Years of NUEPA)
6. NCSL's One Month Certificate Course in School Leadership and Management
7. Compendium of Innovations and Good Practices in Educational Administration 2016-17 for National Conference on Innovations in Educational Administration (March 5-7, 2017)
8. Brochure for the International Seminar on 'Innovations in Financing of Higher Education' (February 16-17, 2017)
9. Publications for MHRD/ School Standards and Evaluation Unit, NUEPA –

A) SHAALA SIDDHI: Evaluation for Improvement (English Version)

- School Standards and Evaluation Framework
- National Programme on School Standards and Evaluation
- School Evaluation Dash Board

B) SHAALA SIDDHI: Evaluation for Improvement (Hindi Version)

- School Standards and Evaluation Framework
- National Programme on School Standards and Evaluation
- School Evaluation Dash Board

Others

Besides these publications, the NUEPA also brought out – Prospectus (M. Phil. and Ph. D. Programmes), 2016-17; Year Planner 2017; Sheet Planner 2017; Desk Calendar 2017; Greeting Cards; Brochure for SHAALA SIDDHI; Announcements for IDEPA, PGDEPA and various other training Programmes; Writing Pads; National Award Certificates for Innovations in Educational Administration; Posters for Foundation Day, Mualana Azad Education Day, and various other programmes, etc.

Mimeographed Publications: In addition, the National University also brought out a number of mimeographed/xeroxed publications dealing with research studies, reports, reading materials of various training programmes/seminars, conducted by the University during the period under report.

Material for the NUEPA Website: The Publication Unit provided regular updates to the NUEPA website related to its publications. The updates included a comprehensive list of priced and un-priced publications, and publications brought out by NUEPA through private publishers; Information about the current and forthcoming issues of Journal of Educational Planning and Administration; Calendar of Training Programmes of NUEPA; NUEPA - At a Glance; and Prospectus of M. Phil. and Ph.D. Programme; Memorandum of Association and Rules (NUEPA); Full text version of Hindi Journal (Tri-annual) *Pariprekshya*; Full text version of NUEPA Occasional Papers; Full text version of CPRHE Papers; Full text version of NUEPA Annual Report 2014-15 (English and Hindi Edition) and web versions of DISE Publications, etc.

Grants-in-Aid Scheme at NUEPA

GRANTS-IN-AID SCHEME AT NUEPA

The implementation of various parameters of the National Policy on Education (NPE), including its further elaboration in the Programme of Action (POA), requires wide dissemination of its objective as a close association with agencies and social activist groups. With a view to promoting greater coordination in implementation of the policy, it is necessary to develop inter-disciplinary approach, with support systems at the national as well as local levels.

In this context, it is necessary to (a) generate wider awareness of Educational Policies and Programmes in the country; (b) initiate policy-oriented studies and seminars enabling mid-course corrections, modifications and adjustments of policy interventions; (c) involve associations of teachers, students, youth and women as well as media in the process of formulation of various programmes through sponsored seminars on related themes and topics; (d) facilitate dissemination of innovative and good practices as well as successful experiments in the field of education; and (e) facilitate review of NPE and POA.

For the above purposes, the Ministry of Human Resource Development (MHRD), Government of India has implemented a Grants-in-Aid Scheme which is intended to provide financial assistance to deserving institutions and organisations, on the merits of each proposal so as to approve financing of a variety of activities having a direct bearing on the management and implementation of aspects of the Education Policy. This would include sponsoring of seminars, conducting of impact and evaluation studies,

making consultancy assignments in order to advise the Government on the best alternatives and models for making the system work, making of video films, etc.

The MHRD, Government of India administers the above scheme through this university which operates this scheme through a specially-constituted Grants-in-Aid Committee (GIAC). The committee has been constituted for appraising and approving the proposals received from various institutions/organisations under the Grants-in-Aid Scheme of MHRD, Government of India. The following is the composition of the committee as on March 31, 2017:

| | |
|----------------------------|--------------------|
| Professor A.K. Singh | - Chairman |
| Professor A.K. Sharma | - Member |
| Professor Uma Medury | - Member |
| Professor N.R. Bhanumurthy | - Member |
| Professor Neelam Sood | - Member |
| Professor Kumar Suresh | - Member |
| Professor Veera Gupta | - Member |
| Professor Pramila Menon | - Member |
| Professor K. Biswal | - Member |
| Shri Basavaraj Swamy | - Member-Secretary |

The GIAC decided to develop a database of all the proposals received under the GIA Scheme to maintain a record and keep track of proposals and, accordingly, the database was developed and produced in the meetings of the GIAC.

During 2016-17, the committee recommended sanction of Grants-in-Aid as detailed in the table given below:

List of Proposals Recommended for Grants-in-Aid during April 2016 to March 2017

| Sl. No. | | Name of the Organization | Title of the Project | Recommended GIA amount |
|---------|---|---|--|---------------------------------------|
| 1. | Proposal No. 2016041801 Proposal Date April 12, 2016 | Centre for the Study of Nepal, Varanasi | Seminar on "Education for development of democracy, the constitution and resulting conflicts in Nepal: the South Asian Context" | Recommended for Rs. 3,00,000/- |
| 2. | Proposal No. 2016042701 Proposal Date April 30, 2016 | Seva Sadan's College of Education, Maharashtra | Seminar on "Meeting all learners' needs" | Recommended for Rs. 3,00,000/- |
| 3. | Proposal No. 2016080201 Proposal Date August 3, 2016 | Aligarh Historians Society, Aligarh | Seminar on "India and Its Parts: Present and the Past" | Recommended for Rs. 3,00,000/- |
| 4. | Proposal No. 2016080202 Proposal Date August 2, 2016 | Teja Rural Development Society, Kurnool, AP | Seminar on "Critical Role of School Management Committees (SMCs) in Effective Implementation of Right to Education Act, 2009" | Recommended for Rs. 3,00,000/- |
| 5. | Proposal No. 2016072801 Proposal Date July 29, 2016 | Indian Academy of Social Sciences, Allahabad | Conference on "Indian Social Science Congress People's Health and Quality of Life in India" (International) | Recommended for Rs. 5,00,000/- |
| 6. | Proposal No. 2016073102 Proposal Date August 8, 2016 | Sri Venkateswara University, Tirupati | 7th International Conference on "Comparative Educational Destinies: Visions, Dilemmas and Challenges" | Recommended for Rs. 5,00,000/- |
| 7. | Proposal No. ----- Proposal Date September 1, 2016 | Society for Education and Economic Development, New Delhi | Conference on "Higher Education for Bridging the Gap between Rural and Urban India" | Recommended for Rs. 1,49,000/- |
| 8. | Proposal No. 2016091702 Proposal Date September 17, 2016 | The Indian Econometric Society, New Delhi | Conference on "53 rd Annual Conference of TIES" | Recommended for Rs. 3,00,000/- |
| 9. | Proposal No. 2016100901 Proposal Date October 25, 2016 | Indian History Congress, Delhi | Seminar on "77 th Session of the Indian History Congress" | Recommended for Rs. 3,00,000/- |
| 10. | Proposal No. 2016102201 Proposal Date October 28, 2016 | Navyug Samajic Seva Sansthan, U.P. | Seminar on "National Early Childhood Care and Education Policy" | Recommended for Rs. 3,00,000/- |

| Sl. No. | | Name of the Organization | Title of the Project | Recommended GIA amount |
|---------|---|--|---|--|
| 11. | Proposal No. 2016110701 Proposal Date Nov. 7, 2016 | Rural Integrated Development Organisation, AP | Two-Day National Workshop on “Implementation of National Academic Depository Scheme” | Recommended for Rs. 2,70,000/- |
| 12. | Proposal No. 016111003 Proposal Date Nov. 10, 2016 | Sarada Mahila Mandali | Two-Day National Seminar on “Teacher Education: New Vistas - New Challenges” | Recommended for Rs. 2,70,000/- |
| 13. | Proposal No. 2016113003 Proposal Date Nov. 30, 2016 | Mother Teresa Social Service Society, Kothapatnam, AP | National Seminar on “Challenges of Inclusive Education & Concerns of Education for Children with Special Needs” | Recommended for Rs. 3,00,000/- |
| 14. | Proposal No. 2016121901 Proposal Date Dec. 19, 2016 | Salvation, New Delhi | Seminar on “Higher Educational Policies for Minorities: Problems and Prospects” | Recommended for Rs. 3,00,000/- |
| 15. | Proposal No. 2017010601 Proposal Date January 6, 2017 | Society for People Education and Economic Development, Anantapur, AP | Seminar on “Changing Conception of Inclusion in Education” | Recommended for Rs. 2,70,000/- |
| 16. | Proposal No. 2016033101 Proposal Date ----- | State Institute of Educational Management & Training, Allahabad, UP | Research Study on “Science at Secondary Level: Status and Suggestive Strategies to Improve Learning” | Recommended for Rs. 500000/- |
| 17. | Proposal No. 2016060101 Proposal Date June 1, 2016 | Madhya Pradesh Vigyan Sabha, Bhopal, MP | Research Study on “Analysis of Nature of School Dropout Rate of Tribal Children” | Recommended for Rs. 500000/- |
| 18. | Proposal No. 2016061401 Proposal Date ----- | SASTRA University, Tamil Nadu | Research Study on “Co-creating a Notable Digital Learning Environment (candle) among Higher Education Institutions” | Recommended for Rs. 500000/- |
| 19. | Proposal No. 2016100301 Proposal Date October 6, 2016 | Prajayatra, Bengaluru | Research Study on “Impact Evaluation on Section 12 (1) (c) of RTE in Karnataka: Assessing the impact of RTE 12(1) (c) on Learning and Psychosocial Outcomes of Children” | Recommended for Rs. 500000/- |
| 20. | Proposal No. 2017012501 Proposal Date January 25, 2017 | Avtar Smriti Siksha Evam Kalyan Samiti (ASKS) | Seminar on “Role of School Management Committees (SMCs) and Panchayati Raj Institutions in Planning Implementation ” | Recommended for Rs. 3,00,000/- |
| 21. | Proposal No. 2017011701 Proposal Date January 17, 2017 | Association for Global Rural Alert, Ananthapur | Seminar on “Choice Based Credit System: Challenges and Suggestions” | Recommended for Rs. 3,00,000/- |

| Sl. No. | | Name of the Organization | Title of the Project | Recommended GIA amount |
|---------|--|--|--|---------------------------------------|
| 22. | Proposal No. 2017011803 Proposal Date January 18, 2017 | Megana Grace Educational Society and Voluntary Organisation, Kurnool, AP | Seminar on “Concerns and Challenges of Inclusive Education” | Recommended for Rs. 3,00,000/- |
| 23. | Proposal No. 2017011703 Proposal Date January 17, 2017 | Nethra Educational Society, Kurnool, AP | Seminar on ‘Concerns & Challenges of Massive Open Online Courses (MOOCs) in India’ | Recommended for Rs. 3,00,000/- |
| 24. | Proposal No. 2017012701 Proposal Date January 27, 2017 | Ilashre Seva Sansthan, Madhubani | Seminar on ‘Role of Sakshar Bharat Programme - SBP’ | Recommended for Rs. 3,00,000/- |
| 25. | Proposal No. 2017020502 Proposal Date February 5, 2017 | Monalisa Shiksha Avam Samaj Kalyan Samiti, Bhind | Seminar on ‘Rules & Responsibilities of Local Authority Structure and Community People under Right to Education (RTE) Act in Mehgaon Block of Bhind District of Madhya Pradesh’ | Recommended for Rs. 3,00,000/- |

Administration and Finance

ADMINISTRATION AND FINANCE

Administration

The university has the following sanctioned posts besides manpower of outsourced services for housekeeping and security.

The administration and academic-cum-technical support services, controlled and coordinated through

Administration, consist of sections established on functional basis and as depicted in the organogram.

Besides the sectioned posts, there are 70 officials engaged in various projects of NUEPA in different academic and secretarial positions on project basis.

| Ex-Cadre Posts | Number |
|--|---------------|
| Vice-Chancellor | 01 |
| Registrar | 01 |
| Cadre Posts | |
| Faculty (Professors, Associate Professors, Assistant Professors) | 42 |
| Academic Support Staff | 11 |
| Administration, Finance, Secretarial and other Technical Staff | 70 |
| Auxiliary Staff (MTS) | 37 |
| Total | 162 |

During the year 2016-17, following retirements have taken place:

Retirement

Group 'A'

| Sl. No. | Name | Designation | Date of Retirement |
|---------|------------------|---------------------|--------------------|
| 1. | Prof. K. Sujatha | Professor | 30.6.2016 |
| 2. | Dr. R.S. Tyagi | Associate Professor | 31.7.2016 |

Group 'C'

| Sl. No. | Name | Designation | Date of Retirement |
|---------|------------------|-------------|--------------------|
| 1. | Shri B. R. Pahwa | Assistant | 28.2.2017 |

Voluntary Retirement

Group 'D'

| Sl. No. | Name | Designation | Date of Retirement |
|---------|---------------------|-------------|--------------------|
| 1. | Shri K.K. Haridasan | MTS | 28.2.2017 |

Re-Join

| Sl. No. | Name | Designation | Date of Appointment |
|---------|-----------------------|---------------------|---------------------|
| 1. | Dr. Rasmita Das Swain | Associate Professor | 18.1.2017 |

FINANCE AND ACCOUNTS SECTION

The Finance and Accounts services at NUEPA are managed through Accounts Section, which is headed by the Finance Officer and managed by the Section Officer, Accountant and eight members of office and secretarial staff. This section is responsible for preparation of budget, monthly salaries and pension bills, other personal claims, such as medical reimbursement, LTC bills, Advances, etc., processing of bills for supply of goods, works, contracts, etc., pre-auditing, coordination with external audit and all other matters related to finance and accounts.

The section plays a significant role in providing timely guidance on all financial matters and effective assistance in examining all proposals with regard to financial involvement, audited statements, utilisation certificates, etc. The Finance Officer is the Member-Secretary of the Finance Committee, which exercises general supervision over the finances of the university, gives directions and lays down limits for various categories of expenditure. The details of Grants received from MHRD during the last five years are given in the table below:

Details of Grants Received (2012-17): (Rs. in lakh)

| Sl. No. | Head | 2012-13 | 2013-14 | 2014-15 | 2015-16 | 2016-17 |
|---------|-------------------------|----------------|----------------|----------------|----------------|----------------|
| 1. | Grant-in-Aid (Plan) | 1129.80 | 1185.00 | 1206.97 | 1425.28 | 1010.87 |
| | Grant-in-Aid (Non-Plan) | 1070.44 | 1415.00 | 1511.60 | 1769.80 | 1816.11 |
| | Internal Receipts | 101.87 | 102.81 | 71.75 | 131.70 | 74.47 |
| | Total | 2302.11 | 2702.81 | 2790.32 | 3326.78 | 2901.45 |

| | | | | | | |
|----|------------------------|----------------|----------------|----------------|----------------|----------------|
| 2. | Expenditure (Plan) | 1325.69 | 1,272.97 | 1239.00 | 1239.97 | 1078.42 |
| | Expenditure (Non-Plan) | 1307.54 | 1441.86 | 1643.35 | 1690.36 | 1721.81 |
| | Total | 2633.23 | 2714.83 | 2882.35 | 2930.33 | 2800.23 |

| | | | | | | |
|----|--------------------------------------|----|----|----|----|----|
| 3. | Internal Receipt as % of Expenditure | 1% | 1% | 1% | 1% | 1% |
|----|--------------------------------------|----|----|----|----|----|

| | | | | | | |
|----|----------------------------------|------|------|------|------|------|
| 4. | Grant-in-Aid as % of Expenditure | 100% | 100% | 100% | 100% | 100% |
|----|----------------------------------|------|------|------|------|------|

It may be observed from the above Table that the NUEPA Grant has been increasing significantly from 2012-13 to 2016-17 and its expenditure has also increased proportionately, and is directly linked with progressive increase in magnitude and scope of the activities in NUEPA in the preceding years.

Official Language Implementation/ Hindi Cell

Hindi Cell

The Hindi Cell provided translation facilities and academic support in research, training and administration. The Cell not only helped in bringing out various publications in Hindi but also helped in implementing the Official Language Policy.

The Hindi Cell of the Institute dealt with several major works apart from the routine work during the year under review:

- (a) Four meetings of the Official Language Implementation Committee of the Institute were organised to review the activities of Hindi implementation.
- (b) Three issues of Hindi Journal – *Pariprekshya* - were brought out. The journal deals with socio-economic aspect of education.
- (c) The following titles were translated into Hindi and published:
 - (i) Annual Report: 2015-16
 - (ii) Training Calendar: 2015-16
 - (iii) Translation of handbook, curriculum and several research tools.
 - (iv) Translation of circulars, letters, notices, office memos, etc.
- (d) Hindi Day Celebration: To commemorate *Hindi Day*, various programmes were organised.
 - (i) A one-day *Hindi Workshop* was organised during the Hindi Pakhwara (September 14-28, 2015) in which officers and employees of the Institute were trained regarding *Rajbhasha* implementation.
 - (ii) Hindi competitions, such as essay writing, noting and drafting, translation and typing were organised. *Hindi Sulekh* competition was also organised for Group D employees during the *Hindi Pakhwara* (2016).
 - (iii) Hindi Cell also assisted in organising *Yoga* and *Swachhta* competition.
- (e) Translation of training material for NCSL and CPRHE.

Faculty

ANNEXURE

ACADEMIC CONTRIBUTION OF FACULTY

Department Of Educational Planning

S.M.I.A. Zaidi

Research Paper/Article Published

Published research paper 'Development of Elementary Education in North-East India, Trends, Issues and Challenges' in Anupam Hazra (Ed.) Edited book 'Sustainable Development in North-East India: Issues, Challenges and Policy Measures' published in 2017 by Concept Publishing Company.

Participation in National/International Seminars/Conferences/Meetings

Attended ANTRIEP Regional Workshop on 'Educational Administration and Management', 'Existing Practices and Innovations' organised by NUEPA at ISID Institutional Area, Vasant Kunj, New

Delhi on April 19-21, 2016. Also chaired a session in this Workshop on April 19, 2016.

Attended National Conference on Innovations in Educational Administration organised by NUEPA at Pravasi Bharatiya Kendra, Chanakyapuri, New Delhi on March 05-07, and chaired a session of presentation by Tamil Nadu delegates on March 05, 2017.

Important Consultancy and Advisory Services Rendered

Capacity Building Programme on Strategic Planning, Financing and Quality Development of Education for Education Officers of Sri Lanka, May 08-27, 2016 at NUEPA (along with K.Biswal and N.K. Mohanty).

Capacity Building Programme on Strategic Planning, Financing and Quality Development of Education for Education Officers of Sri Lanka, June 26-July 10, 2016 at NUEPA (along with K.Biswal and N.K. Mohanty).

Conducted and coordinated a half-day visit of 45 International participants of Certificate Course in Human Resource Management and Development of National Institute of Labour Economics Research and Development (NILERD) to NUEPA on July 27, 2016.

Capacity Building Programme on Strategic Planning, Financing and Quality Development of Education for Education Officers of Sri Lanka, July 25-August

07, 2016 at NUEPA (along with K. Biswal and N.K. Mohanty).

Workshop on use of Results Framework for Planning and Monitoring of Secondary Education for North-Eastern State from September 05-08, 2016 at Guwahati, Assam (along with K. Biswal and N.K. Mohanty).

Training of State Level Resource Persons for Developing District Secondary Education Plan in Bihar from November 7-11, 2016 at Patna, Bihar (along with K. Biswal and N.K. Mohanty).

Conducted and coordinated a half-day visit of 49 International participants of 'International Training Programme on Manpower Information System' and 'International Training Programme on Manpower Research' of National Institute of Labour Economics Research and Development (NILERD), to NUEPA on February 17, 2017.

Important Meetings Attended

Attended Executive Committee meeting of SCERT, Delhi conducted at Old Secretariat, Delhi on September 08, 2016.

As a member, attended Mid-term PAC meeting of DIET, R.K. Puram at SCERT, Delhi on December 01, 2016.

As a member, attended Mid-term PAC meeting of DIET, Daryaganj at SCERT, Delhi on December 02, 2016.

As a member, attended Mid-term PAC meeting of DIET, Karkardooma at SCERT, Delhi on December 05, 2016.

As a member, attended Mid-term PAC meeting of DIET, Keshavpuram at SCERT, Delhi on December 07, 2016.

As a member, attended Department Advisory Board (DAB) meeting of RMSA Project Cell of NCERT at CIET Building, NCERT on December 27, 2016.

As a member, attended Expert Committee meeting to discuss and finalise restructuring of SCERT and DIETs of Delhi in accordance with the Centrally-sponsored Scheme on Restructuring and Reorganisation of Teacher Education, chaired by Secretary Education, Government of Delhi on January 04, 2017 at Delhi Secretariat, I.P. Estate, New Delhi.

As a member, attended Examination Advisory Committee meeting of SCERT, Delhi at SCERT, Defence Colony, New Delhi on February 02, 2017.

As a member, attended Annual PAC meeting of DIET, Moti Bagh at DIET on February 20, 2017.

As a member, attended Annual PAC meeting of DIET, Karkardooma at DIET on February 21, 2017.

As a member, attended Annual PAC meeting of DIET, Keshavpuram at DIET on March 01, 2017.

As a member, attended Annual PAC meeting of DIET, Daryaganj at DIET on March 02, 2017.

As a member, attended Annual PAC meeting of DIET, R.K. Puram at DIET on March 03, 2017.

As a member, attended Annual PAC meeting of SCERT, Delhi at SCERT, Defence Colony, New Delhi on March 15, 2017

As a member, attended Faculty Committee meeting of Faculty of Education, Jamia Millia Islamia, New Delhi on March 15, 2017

Lectures Delivered Outside

Delivered two lectures on Educational Planning to International Participants of Certificate Course in Human Resource Planning and Development on July 08, 2016 conducted by National Institute of Labour Economics Research and Development (NILERD) formerly IAMR, Narela, New Delhi.

Delivered lectures on 'Planning for Teacher Education' in Orientation Workshop on Teacher Education 2012 Guidelines and AWP 2017-18 of Centrally-sponsored scheme of Teacher Education' organised by SCERT, Chhattisgarh at Raipur on November 17-18, 2016.

N. K. Mohanty

Training Programmes/Workshops Conducted/Organised

Designed and conducted (with Prof. S.M.I.A. Zaidi and Prof. K. Biswal) Capacity Building Programme on Strategic Planning, Financing and Quality Development of Education for Education Officers of Sri Lanka, from May 8-22, 2016 at NUEPA, New Delhi.

Capacity Building Programme on Strategic Planning, Financing and Quality Development of Education for Education Officers of Sri Lanka, from June 26-July 10, 2016 at NUEPA, New Delhi.

Designed and conducted (with Prof. S.M.I.A. Zaidi and Prof. K. Biswal) Capacity Building Programme on Strategic Planning, Financing and Quality Development of Education for Education Officers of Sri Lanka, from July 25-August 07, 2016 at NUEPA, New Delhi.

Designed and conducted (with Prof. S.M.I.A. Zaidi and Prof. K. Biswal) Workshop on Use of the Results Framework for Planning and Monitoring of Secondary Education from September 05-08, 2016 at Guwahati, Assam.

Designed and conducted (with Prof. S.M.I.A. Zaidi and Prof. K. Biswal) the Training of State Level Resource Persons for Developing District Secondary Education Plan in Bihar, from November 07-11, 2016 at Patna, Bihar.

Designed and conducted (with Prof. S.M.I.A. Zaidi and Prof. K. Biswal) National Level Sharing Workshop on Lessons Learnt from the Action Research and the Model for Planning for Secondary Education at the District Level, from October 04-06, 2016 at NUEPA, New Delhi.

Training Material and Courses Developed & Transacted

Transacted (with Prof. K. Biswal) the Optional Course No. CC-6 (Advanced Planning Techniques in Education) for the M. Phil /Ph. D Programme, 2016-18.

As Course Coordinator, conducted IDEPA Course No 204: Educational Planning in February 2017.

Associated in the transaction of IDEPA Course No 205: Methodology and Techniques of Educational Planning in March 2017.

As Course Coordinator, conducted the PGDEPA Course No 903: Educational Planning: Concept, Types and Approaches in September 2016.

Associated with the transaction of several other training programmes and courses of NUEPA dealing with educational planning.

Revised (with Prof. K. Biswal) the Simulation Exercise on District Planning in Secondary Education with Focus on RMSA, August 2016.

Revised (with Dr. K. Biswal) the Simulation Exercise on Developing a Perspective Plan for UPE, September 2016.

Developed (with Prof. S.M.I.A. Zaidi) the Simulation Exercise on Sector Diagnosis: Indicators of Access and Participation, August 2016.

Developed (with Prof. S.M.I.A. Zaidi) the Simulation Exercise on Sector Diagnosis: Indicators of Internal Efficiency, August 2016.

Important Consultancy and Advisory Services Rendered to the MHRD, UGC, State Governments, International Organisations, and National Institutions

Contributed (with Prof. K. Biswal) in the preparation and finalisation of Results Framework and Monitoring Document of RMSA, MHRD, GOI. Provided 2015-16 data for all the quantitative indicators in the RFD on the basis of analysis of SEMIS 2009/10 and UDISE 2015-16 data. Also, provided the targets for each of the quantitative indicators in the RFD based on the analysis of the past trends and the likely future changes due to implementation of the RMSA and other related interventions in the secondary education sub-sector. This enabled the MHRD to negotiate with donors and finalise the RFD for monitoring progress in RMSA. Besides, the RFD of 4 states were developed and provided to 7th JRM.

Provided technical support to various States and UTs for preparation of State and District Secondary Education Plans (Perspective and AWP & B) under RMSA for facilitating implementation of the RMSA by the MHRD, GOI.

Attended various Project Approval Board Meetings of the RMSA held at MHRD, Shastri Bhavan, New Delhi during May 2016 to February 2017.

Other Academic and Professional Contributions

Supervised and evaluated the DEPA 2016 dissertation entitled “Role of SMCs in School Development Activities at the Elementary Level – A Case study of Aruppukottai Block in Virudhunagar District of Tamil Nadu” of Shri V. N. Sadatcharavel, Senior Lecturer, DIET, Palayampatti, Tamil Nadu.

Supervised IDEPA 2015 dissertation entitled “Causes of Dropouts in Rural Secondary Schools in Bhanga Upazila (a sub-district of Bangladesh)”, by Mohammad Kazi Foysal, Senior Assistant Secretary, Government of the People’s Republic of Bangladesh.

As a member of the M. Phil./Ph. D. Admission Committee, assisted in processing applications and other related activities for admission to M. Phil./Ph. D. Programme 2016-18.

Assisted in the conduct of the entrance test for admission to M. Phil./Ph. D. Programme 2016-18.

Research Studies

Undertaken the **Action Research Project on Development of District Secondary Education Plan under RMSA in Tamil Nadu and Odisha**. After negotiations with State Project Offices of RMSA in these two sample states, we (the project team consisting of Prof. S.M.I.A. Zaidi, Prof. K. Biswal), have implemented the research project in collaboration with these two states. We have already conducted several state and district level workshops and collected the relevant data and information. The data analysis and preparation of the report of the Phase-1 of the project has been completed.

Undertaken a research project on **Public-Private Mix in Secondary Education in India: Size, In-School Facilities and Intake Profile**. Till now, related literature has been reviewed; secondary data and information from U-DISE are being collected and analysed.

Suman Negi

(**Note:** Dr. Negi was on Maternity Leave from August 21, 2015 to February 22, 2016 which was followed by Child Care Leave up to September 30, 2016, after which, she resumed her duty on October 03, 2016)

Participation in Seminars/Conferences

Participated in the Conference on 'Learning for a Sustainable Future - Integrating Core Skills in the Curriculum and The Teacher Conference' organised by the British Council on November 30-December 01, 2016 at New Delhi.

Presented a Paper – 'Understanding Educational Out-Migration: A Case Study of Himachal Pradesh' at the International Conference on Migration and Diasporas: Emerging Diversities and Development Challenges, organised by School of Interdisciplinary and Transdisciplinary Studies, Indira Gandhi National Open University, New Delhi on March 22-23, 2017.

Consultancy and Academic Support to Public Bodies

Prepared the conference proceedings report for British Council, New Delhi for the two days' conference on 'Learning for a Sustainable Future - Integrating Core Skills in the Curriculum and the Teacher Conference' organised by the British Council on November 30-December 01, 2016 at New Delhi.

Training Material Developed/Evolved :

Coordinated the M.Phil. Workshop on 'Use of Software Application in Educational Research', October 09-21, 2016.

Was a resource person for the training programme on 'Field Experiences of Decentralisation of School Management at the Elementary Level', November 07-11, 2016 at NEUPA.

Was a resource person for the orientation workshop on 'Qualitative Research Methods in Education' November 17-28, 2016 at NUEPA.

Assisted in coordinating 'Capacity Building Programme on Strategic Planning, Financing and Quality Development of Education for Education Officers of Sri Lanka', December 05-17, 2016 at NUEPA.

Coordinated the visit of international delegates of National Institute of Labour Economics, Research and Development (NILERD) on February 17, 2017 at NUEPA.

Was a resource person for the training programme on 'Using Indicators in Planning and Monitoring of School Education', March 20-24, 2017 at NUEPA.

Following students are doing Ph.D. under my supervision:

Anshul Saluja: Socio-Economic Status of Households and School Participation: A Study of Select Villages in Faridabad District of Haryana

Deepindar Kaur: Study of School Teacher Recruitment in Punjab

Presentation

Presentation on U-DISE to the Ministry of Skill Development, December 21, 2015, New Delhi

Year 2016-17: A Turning Year for U-DISE

At the request of the Ministry of HRD, launched Student Data Collection In-sync with U-DISE during 2016-17 for which a number of provisions were made to ensure that student data is collected successfully. In addition, in a record period of two months, six Regional Technical Workshops were organised in collaboration with UNICEF, details of which can be seen below. In addition, State-specific workshops on U-DISE & SDMIS were also conducted. The following utilities were developed for Student Data Collection during the year:

- Online Student Database Management Information System (SDMIS) portal
- Provision for student data entry in the existing off-line U-DISE software
- Utility for bulk-uploading of student data
- Independent SDMIS Utility
- Developed specially designed EXCEL Template for uploading of student data on SDMIS portal

Elaborate arrangements, made by the Department of EMIS, resulted into collection of student-wise detailed data on 35 parameters through SDMIS portal which had a total of 100 million students' records as on March 31, 2017.

National Level Technical Workshop

National Technical Workshop on Student Data Collection In-sync with U-DISE for State MIS Officers of SSA & RMSA, NUEPA, New Delhi, July 14-15, 2016.

Regional Technical Workshops

Six Regional Technical Workshops on Student Data Collection In-sync with U-DISE for District & State MIS Officers were conducted during the year. Details are given below:

| Sl.No. | States/UTs | Date | Venue | Number of Participants |
|--------|--|-----------------------|------------|------------------------|
| 1. | North-East Region | August 22-23, 2016 | Guwahati | 112 |
| | Arunachal Pradesh, Assam, Meghalaya, Manipur, Tripura, Mizoram, Nagaland, Sikkim (8 States) | | | |
| 2. | Central Region | August 29-30, 2016 | Varanasi | 122 |
| | Uttar Pradesh and Bihar (2 States) | | | |
| 3. | Eastern Region | September 8-9, 2016 | Raipur | 117 |
| | West Bengal, Odisha, Jharkhand, Chhattisgarh (4 States) | | | |
| 4. | Northern Region Jammu & Kashmir, Punjab, Haryana, Chandigarh, Himachal Pradesh, Uttarakhand and Rajasthan (7 States/UT) | September 16-17, 2016 | Chandigarh | 137 |
| 5. | Western Region | September 19-20, 2016 | Ahmedabad | 133 |
| | Madhya Pradesh, Gujarat, Dadra Nagar-Haveli, Daman and Diu, Maharashtra and Goa (6 States/UTs) | | | |
| 6. | Southern Region Andhra Pradesh, Karnataka, Kerala, Telangana, Tamil Nadu, Lakshadweep, Puducherry and Andaman & Nicobar Islands (8 States) | September 26-27, 2016 | Bangalore | 125 |
| | Total 36 States/UTs | | | 746 |

State Level Workshops Organised

At the request of State, the following Technical Workshops were conducted at the State level:

State-level Workshop on Student Data Collection In-sync with U-DISE for Government Schools of UT Chandigarh, Chandigarh: August 04, 2016.

State-level Workshop on Student Data Collection In-sync with U-DISE for Private Schools of UT Chandigarh, Chandigarh: August 05, 2016.

State-level Workshop on Student Data Collection In-sync with U-DISE for District MIS Coordinators of

Madhya Pradesh, Bhopal: August 16-17, 2016.

State-level Workshop on Student Data Collection In-sync with U-DISE for District MIS Coordinators of Odisha, Bhubaneswar: August 19-20, 2016.

State-level Workshop on Student Data Collection In-sync with U-DISE for District MIS Coordinators of Himachal Pradesh, Shimla: October 13-14, 2016.

State-level Workshop on Student Data Collection In-sync with U-DISE for District MIS Coordinators of Puducherry, Puducherry: October 25-26, 2016.

State-level Workshop on Student Data Collection In-

sync with U-DISE for District MIS Coordinators of Maharashtra, Mumbai: November 23-24, 2016.

State-level Workshop on Student Data Collection In-sync with U-DISE for District MIS Coordinators of Jammu & Kashmir, Jammu: December 02-03, 2016.

State-level Workshop on Student Data Collection In-sync with U-DISE for District MIS Coordinators of Uttar Pradesh (for RMSA Officers), Lucknow: December 05-06, 2016.

State-level Workshop on Student Data Collection In-sync with U-DISE for District MIS Coordinators of Uttar Pradesh (for SSA Officers), Lucknow: January 04-05, 2017.

Approval from UNICEF & MHRD

Got approved activities for the year 2017-18 from UNICEF and Plan of Action (including SDMIS) from Project Approval Board of SSA, MHRD.

In addition, got additional support from UNICEF to develop online applications which include further strengthening of online Student Portal, development of online U-DISE software, design and development of visualisation modules to display and use of U-DISE data.

Successfully collected data on-time from all the 36 states. Time-lag has brought down to less than a year at the national level, and only a few months at the state/district/block levels.

Planned mobile and desktop application for online registration of un-covered schools to get 11-digit U-DISE Code through UNICEF support were few of the activities planned during the year.

Technical Support to States

Ensured continued technical support to states on day-to-day basis for which 37 Whatsapp Groups were created to ensure prompt support to U-DISE Officers at the state/district/block levels. In addition, support

was also provided through Google groups (ssaindia & rmsaindia groups). Got developed and uploaded videos focusing on Student Data Collection In-sync with U-DISE and uploaded on YouTube which has more than 700 subscribers. Videos have been watched by thousands of U-DISE users from across the country. In addition, ensured U-DISE presence on Twitter and Face Book.

U-DISE Flier

- Published Flier titled as U-DISE Initiatives

Student Portal & U-DISE Websites

Got developed Online Student Portal and hosted the same on the Server located in the NUEPA Data Centre. All U-DISE websites are hosted on NUEPA's Servers which resulted into saving of money and no breakdown of websites. Throughout the year, the following U-DISE based websites were updated on regular basis which were visited by thousands of users from all over the world. Hundreds of researchers downloaded U-DISE raw data.

- www.dise.in
- www.udise.in
- www.schoolreportcards.in
- www.student.udise.in

School Report Cards

Got uploaded current year's data on School Report Cards which now has 11 years' data: 2005-2006 to 2015-16. Provisions were made to ensure that new data set received from the state is uploaded immediately after its receipt at the national level and not to wait for all states to submit the same.

Reporter Module

Got improved Reporter Module through which one can generate 100's of reports at the national, state, district, block levels.

U-DISE Raw Data

With uploading of 2015-16 data, users can now have an option to download data for the period 2005-06 to 2015-16. Hundreds of users registered during the year for downloading of raw U-DISE school-wise data.

U-DISE Software

During the year, a number of improvements were made in offline U-DISE software.

Publications

The following publications based on U-DISE data were brought-out during the year:

- Elementary Education in Rural India: Analytical Tables
- Elementary Education in Urban India: Analytical Tables
- Elementary Education in India: Where do we stand?, District Report Cards, Volume I
- Elementary Education in India: Where do we stand?, District Report Cards, Volume II
- Elementary Education in India: Where do we stand? State Report Cards
- Elementary Education in India: Progress towards UEE, Analytical Tables
- Elementary Education in India: Trends, U-DISE: 2005-2006 to 2013-14
- Elementary Education in India : Thematic Maps Based on DISE Data
- Elementary Education in India : A Graphic Presentation
- Elementary Education in India: Trends, 2005-06 to 2015-16
- Secondary Education in India : A Graphic Presentation
- Secondary Education in India: Where do we stand? State Report Cards
- School Education in India (presents both elementary & secondary level data)

Research Study

Got completed six research studies exclusively based on U-DISE data as part of NUEPA funded Research Study on Elementary Education and RTE 2009 in India (with Shri A. N. Reddy) as per the details given below:

Social Class and Gender Effects of Elementary School Enrolment in Madhya Pradesh: Evidence from DISE, Shri Aalok Ranjan Chaurasia, SHYAM Institute, Bhopal, Madhya Pradesh.

A study on Internal Efficiency of Elementary Education in different districts of Uttar Pradesh using U-DISE and Block-wise Analysis of Indicators of Best, Medium and Worst Performing Districts, Dr. Amit Khanna, SIEMET, Uttar Pradesh.

Understanding Implementation of 25% Reservation Policy for Disadvantaged Students under the Right to Education Act: Analysis using DISE Data, Shri Ambrish Dongre & Shri Vibhu Tewary, Accountability Initiative Centre for Policy Research, Chanakyapuri, New Delhi.

A Study of Implementation of RTE in Jharkhand: Analysis of DISE Report in Six Major Tribal Concentrated Districts, Dr. Sujit Kumar Choudhary, Central University of Jharkhand.

Clench towards RTE-2009 in Elementary Level Education of North-East, India, Dr. Aurobindo Mahato & Shri. Rajeev Dubey, Department of Rural Management & Development, Tripura University, Tripura.

Study of trend in Dropout rates at the Elementary Level based on DISE data of 2008-09 to 2013-14, Professor A.B.L. Srivastava, Delhi.

Similar to the line of the study completed, a new proposal entitled 'Research Study on School Education in India based on U-DISE data' was submitted during the year.

K. Biswal

Training Programmes/Workshops Conducted/Organised

Designed and conducted (with Prof. S.M.I.A. Zaidi and Dr. N. K. Mohanty) *Capacity Building Programme on Strategic Planning, Financing and Quality Development of Education for Education Officers of Sri Lanka*, from May 8-22, 2016 at NUEPA, New Delhi.

Designed and conducted (with Prof. S.M.I.A. Zaidi and Dr. N. K. Mohanty) *Capacity Building Programme on Strategic Planning, Financing and Quality Development of Education for Education Officers of Sri Lanka*, from June 26-July 10, 2016 at NUEPA, New Delhi.

Designed and conducted (with Prof. S.M.I.A. Zaidi and Dr. N. K. Mohanty) *Capacity Building Programme on Strategic Planning, Financing and Quality Development of Education for Education Officers of Sri Lanka*, from July 25- August 07, 2016 at NUEPA, New Delhi.

Designed and conducted (with Prof. S.M.I.A. Zaidi and Dr. N. K. Mohanty) *Capacity Building Programme on Strategic Planning, Financing and Quality Development of Education for Education Officers of Sri Lanka*, from December 05-16, 2016 at NUEPA, New Delhi.

Designed and conducted (with Prof. S.M.I.A. Zaidi and Dr. N. K. Mohanty) *Workshop on Use of the Results Framework for Planning and Monitoring of Secondary Education* from September 05-08, 2016 at Guwahati, Assam.

Designed and conducted (with Prof. S.M.I.A. Zaidi and Dr. N. K. Mohanty) the *Training of State Level Resource Persons for Developing District Secondary*

Education Plan in Bihar from November 7-11, 2016 at Patna, Bihar.

Designed and conducted (with Prof. S.M.I.A. Zaidi and Dr. N. K. Mohanty) *National Level Sharing Workshop on Lessons Learnt from the Action Research and the Model for Planning for Secondary Education at the District Level*, from October 4-6, 2016 at NUEPA, New Delhi.

Designed and conducted (with Dr. N. K. Mohanty) the *Training Programme on Planning for Teacher Education in Odisha* from March 27-30, 2017 at SCERT, Bhubaneswar, Odisha.

Training Material and Courses Developed & Transacted

As Course Coordinator, transacted (with Prof. S.M.I.A. Zaidi and Dr. N. K. Mohanty) the *Compulsory Course No. CC-6 (Advanced Planning Techniques in Education)* for the M. Phil /PhD Programme, 2016-17.

As Associate Faculty, transacted the IDEPA Course N^o 204: *Educational Planning* in February 2017.

As Course Coordinator, transacted the IDEPA Course N^o 205: *Methodology and Techniques of Educational Planning* in March, 2017.

As Associate Faculty, transacted the PGDEPA Course N^o 903: *Educational Planning: Concept, Types and Approaches* in September, 2016.

Associated with the transaction of several other training programmes and courses of NUEPA dealing with educational planning.

Revised (with Dr. N. K. Mohanty) the *Simulation Exercise on District Planning in Secondary Education with Focus on RMSA*, August 2016.

Revised (with Dr. N. K. Mohanty) the *Simulation Exercise on the Methodology for Developing a Perspective Plan for UPE*, September, 2016.

Supervision and Evaluation of M. Phil/PhD, DEPA and IDEPA Dissertations

Supervised PhD work entitled, “A Study of GIS Based School Mapping in Elementary Education in India,” by Ms. Nidhi Rawat.

Supervised PhD work entitled, “School Based Management and Community Participation in West Bengal: A Study of Select Secondary Schools in Burdwan and Purulia Districts” by Mr. Dipendra Kumar Pathak.

Supervised the M. Phil dissertation entitled ‘Use of ICT for Improving Teaching and Learning in Schools: A Critical Review of Policies, Programs and Practices in India’ by Ms. Vani Kakkar.

Supervised the dissertation work of PGDEPA and IDEPA participants of 2016/17.

Important Consultancy and Advisory Services Rendered to the M/HRD, UGC, State Governments, International Organizations, and National Institutions

As the **Secretary to the Committee for Evolution of the New Education Policy**, constituted by the MHRD, GOI under the Chairmanship of Shri T.S.R. Subramanian, coordinated its activities, including organizing Regional Consultation Meetings, and drafting and finalization of the Report of the NEP Committee.

As a Member, participated in the 8th Joint Review Mission of the RMSA organized by the Department of School Education and Literacy, MHRD, Government of India from September 20-30, 2016.

Presented the RMSA RFD 2016 before the 8th JRM of the RMSA organized by the MHRD, GoI from September 20-30, 2016.

As a Member of the ‘Committee for Developing the Model MoU for Autonomous Bodies’ (under the Department of School Education and Literacy,

MHRD, GoI) constituted by the NCERT, New Delhi, contributed substantially in developing and finalizing the model MoU.

As a Member of the UGC Expert Committee, visited Gandhigram Rural Institute-Deemed to be University, Dindigul, Tamil Nadu from 12th to 15th December 2016 to review the functioning of the Institute.

As a Member of the UGC Expert Committee, visited Ladnun, Rajasthan from January 19-21, 2017 to review the functioning of Jain Vishva Bharati Institute (JVBI).

Contributed (with Dr. N. Mohanty) in the preparation and finalization of *Results Framework and Monitoring Document of RMSA, MHRD, GOI*. Provided 2015-16 data for all the quantitative indicators in the RFD on the basis of analysis of SEMIS 2009/10 and UDISE 2015-16 data. Also, provided the targets for each of the quantitative indicators in the RFD based on the analysis of the past trends and the likely future changes due to implementation of the RMSA and other related interventions in the secondary education sub-sector.

Provided technical support to various States and UTs for preparation of State and District Secondary Education Plans (Perspective and AWP & B) under RMSA for facilitating implementation of the RMSA by the MHRD, GOI.

Attended various *Project Approval Board Meetings of the RMSA* held at MHRD, Shastri Bhavan, New Delhi during May, 2016 to February, 2017.

Participated in the RMSA-TCA and NUEPA collaborative programmes for promoting decentralised planning in secondary education in India.

Other Academic and Professional Contributions

As Head, Project Management Unit, NUEPA, prepared the quarterly progress reports of research studies for monitoring and review.

Member, Grant-in-Aid Committee of NUEPA.

Convener of the Working Group for launching NUEPA Research Reports Publication Series 2015.

Member of the Works Review and Advisory Committee of NUEPA.

Member of the Publication Advisory Committee of NUEPA.

Member, Editorial Committee for NUEPA Policy Brief Series.

Member, Committee to Design the Written Test for admission to M. Phil/PhD Programme of NUEPA

Assisted in the conduct of the entrance test for admission to M. Phil/PhD Programme 2016/17.

Research Studies

1. Implemented (with Prof. S.M.I.A. Zaidi and Dr. N. K. Mohanty) the **Action Research Project on Development of District Secondary Education Plan under RMSA in Tamil Nadu and Odisha**. After detailed discussions and negotiations with State Project Offices of RMSA in these two sample states, the planned interventions of Phase I of the action research were implemented in collaboration with these two states. Besides collecting related primary data from the sample state (and project districts), several state and district level workshops were conducted. The data analysis and preparation of the draft report of Phase I of the action research were completed.

2. Took over as In-Charge, U-DISE Project at NIEPA from January 2017. Since then, managing all the activities of the U-DISE project, including collection, collation, storage, analysis and dissemination of data on school education.

Anugula N. Reddy

Working Papers/Monographs

Redistributing Teachers using Local Transfers (co-author) Indian Statistical Institute (ISI) Discussion paper 16-8, September 2016 (Working Paper No. 16-08)

Status report on closure of schools after RTE Act 2009 (with Prof. Vimala Ramachandran) commissioned by National Coalition for Education (NCE), 2016

Research Studies

Demographic Transition and Implications for Planning Education in India as part of Project Strengthening Leadership of Ministry of Education in Policy Planning and Implementation (UNESCO/IIEP Project 188-RAS-0401 with KEDI and IAB): Played critical role in analysing demographic and educational trends in India across 20 major states based on secondary data

Formative study to enhance the understanding about reasons for smooth transition among boys and girls to secondary schools carried out by Educational

Resources Unit (commissioned by UNICEF)- contributed towards sample selection and secondary data analysis (With others)

Papers presented in Conferences/Seminars

Presented a paper on 'Health Status and Participation in Secondary Education' at conference on 'Population and Health in the Context of Sustainable Development Goals' held on January 11-13, 2017 at Bhubaneswar

Presented a paper on 'School Education Statistics: Changing status and persisting problems' at International Conference on Social Statistics' organised ADRI on June 24-27, 2016 at Patna

Presented India Case Study on Demographic Change and Education at the Research Meeting on Strengthening Leadership of Ministry of Education in Policy Planning and Implementation" held on 1-4 November 2016 at IIEP, Paris

Participated in Regional Technical Workshop on Student Data Collection In-sync with U-DISE for District & State MIS Officers of Eastern Region on 8-9 September, 2016 at Raipur

Member of Committees

Member of Technical Advisory/Monitoring Group on Demand and Supply of Teachers for School Education in India constituted by National Council for Teacher Education (NCTE)

Member of a committee on 'Standardization of Concepts, Definitions of Indicators related to Education Statistics' constituted by Central Statistical Office, Ministry of Statistics and Programme Implementation, Government of India.

MPhil/Ph. D Course

Coordinator for Workshop for Using Software Applications in Research as part of Mphil/Ph.D.

IDEPA

In charge of Courses (1) Using Quantitative Techniques in Educational Planning (2) Educational Management Information System (EMIS) as part of IDEPA

Department of Training and Capacity Building in Education

Najma Akhtar

Participation in International Events/ Conferences

Diploma Programmes

33rd International Diploma Programme in Educational Planning and Administration (IDEPA), February 01-April 30, 2017.

3rd Post Graduate Diploma Programme in Educational Planning and Administration (PG-DEPA) September 01-November 30, 2016.

1st International Programme for Educational Administrators (IPEA) (July 17- August 11, 2016).

Training Programme/ Course Development

Organised the First Post Graduate Diploma Programme in Educational Planning and Administration, 2015-16. Prepared, along with the programme team members, Handbook, Brochure, Reading Material and Report of the programme.

Organised the Second Post Graduate Diploma Programme in Educational Planning and Administration, 2016-17. Prepared, along with the programme team members, Handbook, Brochure, Reading Material and Report of the programme.

Organised the 32nd International Diploma in Educational Planning & Administration. (IDEPA) from February 1, 2016-17. Prepared, along with the programme team members, Handbook, Brochure, Reading Material and Report of the programme. .

Organised Workshop based on project reports completed under PGDEPA held from April 10-21, 2017.

Organised Workshop based on project reports completed under PGDEPA held from June 27- July 01, 2017 on assessment, presentation and award of PGDEPA.

Organised State Level Conferences

Organised State Conference for DEOs & BEOs in Srinagar from May 30-June 01, 2016.

Organised Training Programmes of the Department

Organised Orientation Programme for the Minority Managed Institutions for Higher Learning from December 19-23, 2016 at NUEPA, New Delhi.

Organised Annual Programme on Institution Buildings for Heads of Muslim Minority Managed

Senior Secondary Schools from January 02-06, 2017 at NUEPA, New Delhi.

Guidance Provided to M. Phil. /Ph.D. Scholars of NUEPA

Guidance being provided to M. Phil. student Shreya Tewari on the title "*Principal's Leadership Practices for Creating Democratic Spaces in Elementary Schools of Churu, Rajasthan*".

Guidance is being provided to Ph. D. student Monica Bisht on the topic "Diaspora Philanthropy by NRI Alumni – A Study of Aligarh Muslim University".

Guidance provided to PG-DEPA / IDEPA Dissertation

Supervision of dissertation of DEPA participant Nafees Fatima on the topic "Education of Women in Conflict Zone Srinagar District of Jammu and Kashmir".

Supervision of dissertation of 2nd PGDEPA participant Shweta Pandey on the topic "Administration, Management and Innovation of Air Force Schools in Chandigarh: A Comparative Study".

Supervision of dissertation of Dr. Sanjay Pisuena Claudio (Philippines) 32nd IDEPA participant on the topic "Management-related Stress and Coping Strategies of Academic Administrators of the Polytechnic University of the Philippines: Basis for Stress Management Interventions".

Evaluated Ph.D. thesis of Janardan Sharma of Jamia Millia Islamia on the topic "A Study of Status and Problems faced by the Schools under the Directorate of Education, Delhi in Implementing the Vocational Education at +2 Level", and one of Jawaid Hussain on the topic "Classroom Performance of Regular Teachers and Prarambhik Shikshaks of Bihar: A Comparative Study" in January, 2017.

Projects for the Department

A Critical Assessment of the State Level Capacity Building Institutions in Education to be conducted by Prof. Najma Akhtar and Dr. Savita Kaushal.

An Intensive Study to Critically Examine the Present vis-a-vis Futuristic Role and Functions of Educational Administrators in order to Identify Training Needs, to be conducted by B.K.Panda and Mona Sedwal.

Consultancy and Academic Support to Other Universities and Institutions (Public Bodies)

Attended ANTRIEP workshop from April 19-21, 2016 and chaired a session on April 20, 2016.

State Level Conference of DEOs & BEOs in Srinagar from May 30-June 01, 2016.

Shreya Tiwari, M.Phil student - viva-voce on July 11, 2016.

Visited Uttarakhand as an interstate visit with PG-DEPA participants from October 21-23, 2016.

Took two sessions - one on "Leadership in Schools" and another on "Safety Management in Schools" on October 24, 2016 in PG-DEPA.

Delivered a lecture on "Leadership Role of Women Administrators" on November 28, 2016 at NUEPA in Orientation-cum-Workshop on "Women Educational Administrators for the State and District Level Administrators", organised by the Department of Educational Administration, NUEPA, from November 28-December 2, 2016.

VCI/C, NUEPA from October 26-29, 2016.

VCI/C, NUEPA from November 16-17, 2016.

Meeting with Air Force delegates on January 12, 2017 at NUEPA, New Delhi.

Joined "Academic Advisory Committee" of Kalinga University, Chhattisgarh.

On February 06, 2016, addressed the Inaugural Function of Shaala Siddhi programme at India Habitat Centre, New Delhi (Prof. Pranati Panda).

On February 15, 2016, attended the DPS, Greater Noida Managing Committee Meeting at East of Kailash, New Delhi.

On February 16, 2016, visited Jamia Millia Islamia to attend the viva voce of a Ph.D. student.

On February 16, 2016, gone to AMU, Aligarh to attend the Selection Committee Meeting.

Courses Coordinated in IDEPA and PGDEPA

(1) IDEPA – Course on Educational Management

Course on Country Paper Presentations

Course on Capacity Building in Education

(2) PGDEPA – Course on Basics in Educational Planning and Management

Course on Educational Management

Course on Advanced Course on Training and Capacity Building in Education

Training Material Developed for various Courses and Programmes

Training design, reading material for an Institution Building for Heads of Muslim Minority Managed Schools.

Training design & material for two Management Development Programmes on Leadership in Educational Administration for Principals of CBSE Senior Secondary Schools.

Experience sharing tool for School Principals.

Experience sharing Proforma for Institutional Heads of Higher Educational Institutions.

Tools training needs of assessment for District Education Officers and Block Education Officers.

Training material for the course on capacity building was prepared and shared with the trainees.

Academic Council of NUEPA

Attended the Academic Council meeting of the University held in March 2016.

Membership of Eminent Bodies outside NUEPA

UGC Nominee on the Board of Governors of JSS Law College (Mysore University).

UGC Nominee on the Planning & Monitoring Board of Bharati Vidhyapeeth Deemed University, Pune.

Visitor's Nominee in the Executive Council of Jamia Millia Islamia.

Member, Governing Body of Air Force Kendriya Vidyalaya.

NCERT - Member of the Committee for Prevention of Sexual Harassment of Women at the work place.

UGC Representative on Autonomous Management College - GITAM (Andhra Pradesh).

Member, Executive Committee of COBSE.

Honorary Member of the National Commission for Minority Educational Institutions (NCMEI) with special mandate to support the issues of Minority Girls' Education.

Visitor's Nominee on the Selection Committee to be

held for appointment of Teachers in the Faculty of Education, Delhi University, North Campus.

Member of the UGC Constituted Expert Committee to evaluate the performance and academic attainments for the extension of autonomous status to Maharajah's College, Vizianagaram, Andhra University.

Member, Advisory Committee of Academic Staff College of Indore University, Indore.

Member, Board of Studies of GGS Indraprastha University

Member of KVS Advisory Committee for ZIETs.

Member, Editorial Board of Manpower Journal Vol. XLVI, Number 3 of the Institute of Applied Manpower Research.

Member of the Committee of Model Code.

Member of the DPS Educational Society.

Member of the UGC Constituted Expert Committee to evaluate the performance and academic attainments for the extension of autonomous status to M.E.S. Mampad College, Malappuram, Kerala.

Member of the Board of Management of DPS Sitapur, Hathras, Aligarh, Rajnagar (Ghaziabad), Muzaffarnagar, Bulandshahar, Greater Noida, etc.

Member of the Executive Council of YMCA University of Science and Technology, Gurgaon.

B. K. Panda

Organising Programmes

Diploma Programmes

Organised the Third Post Graduate Diploma Programme in Educational Planning and

Administration, 2016-17. Prepared, along with the programme team members, Handbook, Brochure, Reading Material and Report of the programme.

Organised the Fourth Post Graduate Diploma Programme in Educational Planning and Administration, 2017-18. Prepared, along with the programme team members, Handbook, Brochure, Reading Material and Report of the programme.

Organised the 33rd International Diploma in Educational Planning & Administration. (IDEPA) February, 2016-17. Prepared, along with the programme team members, Handbook, Brochure, Reading Material and Report of the programme.

Organised the 34th International Diploma in Educational Planning & Administration. (IDEPA) February, 2017-18. Prepared, along with the programme team members, Handbook, Brochure, Reading Material and Report of the programme.

Organised First International Programme in Educational Planning and Administration (IPEA) from July 17- August 12, 2017.

Organised State Level Conferences

Organised State Conference for DEOs and BEOs at Srinagar, Jammu & Kashmir from May 01-03, 2016.

Guidance Provided to M. Phil. /Ph.D. Scholars of NUEPA

'A Study on Protection and Reconstruction of School Education during Armed Conflict: A Case Study of Manipur' by N. Rebecca. Study submitted.

'A Study of Decentralisation and Effect of Panchayati Raj Institutions in Empowering Women in Chamoli District of Uttarakhand' by Ajay Kumar, Study submitted.

'A Study of Education among the Scheduled Tribes in the Pithorgarh District of Uttarakhand' by Jyotsna. Study in progress.

'A Study of Management of Teachers in the Government Schools of Delhi' by Poonam Chaudhari. Study in progress.

Modules Developed for NCERT

Mapping Resources for Effective Schooling.

Concept and Process of Institutional Planning.

Development of Programmes and Courses

Developed an Advanced Course on 'Capacity Building for Development' for the Post Graduate Diploma Programme in Educational Planning and Administration (PGDEPA and IDEPA).

Developed and designed a four-week short duration training programme entitled 'International Programme in Educational Planning and Administration (IPEA) for the Education Officers'. Presented and got clearance from the Ministry of External Affairs, Government of India for conducting the programme on a regular basis at NUEPA in the lines of existing IDEPA programme.

Research Project

Education among the Scheduled Caste Children - An Intensive Study of Two Villages of Rajasthan. In progress.

Savita Kaushal

Publications

Articles in Journals/ Magazines/ Books

Published an article entitled 'School Readiness : School Success in Navtika Journal of Early Childhood Care and Education', Volume VII, Number 3,

August-October 2016, ISSN 2348-8824, RNI No HARENG/2010/35200, pp 4 to 11.

Published a paper entitled 'Using Innovative Technologies: Uncovering the Potential in Pre-school Education' in a book entitled 'Effective Use of ICT for Effective Teaching and Learning', ISBN Number: 978-93-84845-16-2 Pragma Publications, Hyderabad.

Project Proposal for Evaluation of Centrally-sponsored Scholarship Schemes by the Ministry of Minority Affairs, jointly with 5 NUEPA faculty members.

Other Academic and Professional Contributions

- i) Ongoing Research Project: Research Coordinator/Principal Investigator: “Employment and Employability of Higher Education Graduates in India”.

The study aims to generate and assess the demand and supply side aspects of Employability of Higher Education Graduates.

Activities Completed

The research proposal for the study entitled “Employment and Employability of Higher Education Graduates in India” was developed.

The proposal was sent to the experts and presented in the Expert Committee Meeting.

Quantitative and qualitative research instruments were developed.

Organised a discussion meeting on the research instruments with a group of external experts.

Organized a methodology workshop with the State Teams.

Completed Pilot Survey.

Conducted FGDs and Interviews in a DU college.

Conducted FGDs and Interviews in Tech Mahindra , NOIDA.

Conducted FGDs and Interviews in Reliance Life in Delhi-NCR.

Conducted FGDs and Interviews in Mumbai University.

Conducted FGDs and Interviews in NSE, SEBI Mumbai.

Held Meetings with Senior Officials of LIC, NABARD, Axis Bank at Mumbai.

Coordinator, Maintenance and Management of the NUEPA Web Portal.

Member, Committee for Allotment of Supervisors.

Member, M. Phil and Ph. D. Admission Committee.

Member, Committee for Setting Questions for the M. Phil./Ph. D. Entrance Examination.

DAC, Department of Higher Education.

DAC, Department of Educational Finance.

DAC, Department of Educational Planning.

Member, M. Phil. Curriculum Revision and Restructuring Committee.

Attended various meetings in the Ministry as and when directed by the Vice Chancellor.

Membership of Eminent Bodies outside NUEPA

Adviser, Union Public Service Commission (UPSC), New Delhi for conduct of interviews.

Member, Sub-Committee on Index of Service Production in Education Sector, Ministry of Statistics & PI, CSO.

Member, Standing Sub-Committee of Research Advisory Committee (RAC), National Institute of Open Schooling (NOIDA).

Member, Departmental Advisory Board (DAB), Planning & Monitoring Division, NCERT, New Delhi.

Expert for Evaluation of SLM for DE Programme of Jaipur National University, Jaipur, at UGC - Distance Education Bureau.

Reviewer of Book Proposal: For Springers, Singapore.

Editorial Advisory Board: "Himgiri Education Review" ISSN 2321-6336.

External Examiner (Ph. D. Evaluation) for various Indian Universities.

Member, Selection Committee for various universities and other Govt. bodies.

SCHEDULE 14

SIGNIFICANT ACCOUNTING POLICIES

1. BASIS FOR PREPARATION OF ACCOUNTS

1.1 The accounts are prepared under the Historical Cost Convention unless otherwise stated and generally on the Accrual method of accounting.

2. REVENUE RECOGNITION

2.1 Fees from Students, sale of tender forms, sale of admission forms, Royalty and Interest on Saving Bank account are accounted on cash basis.

2.2 Income from hostel rent is accounted on cash basis.

2.3 Interest on interest bearing advances to staff for House Building, Purchase of Vehicles and Computers is accounted on accrual basis every year, though the actual recovery of interest starts after the full repayment of the principal.

3. FIXED ASSETS AND DEPRECIATION

3.1 Fixed assets are stated at cost of acquisition including inward freight, duties and taxes and incidental and direct expenses related to acquisition, installation and commissioning.

3.2 Books received as gifts are valued at selling prices printed on the books. Where prices are not available the value is based on assessment. They are set-up by credit to Capital Fund and merged with the Fixed Assets of the Institution. Depreciation is charged at the rates applicable to the respective assets.

3.3 Fixed assets are valued at cost less accumulated depreciation. Depreciation on fixed assets

is provided on Straight line method, at the following rates:

| | | |
|---|--------------------------------|------|
| 1 | Buildings | 2% |
| 2 | Office Equipment | 7.5% |
| 3 | Computers and Peripherals | 20% |
| 4 | Furniture, Fixtures & Fittings | 7.5% |
| 5 | Vehicle | 10% |
| 6 | Library Books | 10% |
| 7 | Journals | 10% |
| 8 | E-Journals | 40% |
| 9 | Computer Software | 40% |

3.4 Depreciation provided for the whole year on additions during the year as this is preferred method for autonomous organization. Further the acquisition of assets is usually spread over the whole year and hence depreciation get evened out.

3.5 Where an asset fully depreciated, it will be carried at a residual value of Re.1 in the Balance Sheet and will not be further depreciated. Thereafter, depreciation calculated on the additions of each year separately at the rate of depreciation applicable for that asset head.

3.6 **Electronic Journals** (E-Journals) are separated from Library Books in view of the magnitude of expenditure. Depreciation provided in respect of E-journals at a higher rate of 40% as against depreciation of 10% provided in respect of Library Books.

3.7 Expenditure on acquisition of software has been separated from computers and peripherals, as the rate of obsolescence in respect of these is very high. Depreciation is provided in respect of software at a higher rate of 40% as against depreciation of 20% provided in respect of Computer and Peripherals.

4. STOCK

4.1 Expenditure on purchase of stationery, publications and other stores is accounted as revenue expenditure, except that the value of closing stocks held on 31st March is set up as inventories by reducing the corresponding Revenue Expenditure on the basis of information obtained from General Administration Department.

5. RETIREMENT BENEFITS

5.1 Retirement benefits i.e., pension, gratuity and leave encashment were provided on basis of actuarial valuation in last year annual accounts (2014-15). Hence this year, the current year provision is calculated by increasing 5% the previous year evaluation.

5.2 Capitalized Value of pension and gratuity received from previous employers of the University's employees, who have been absorbed in the University, credited to the respective Provision Accounts. The actual payments of Pension, Gratuity and Leave Encashment are debited in the Accounts to the respective provisions. Other retirement benefits pertaining to New Pension Scheme, Medical reimbursement to retired employees and Travel to Home Town on retirement is accounted on accrual basis (actual payments plus outstanding bills at the end of the year).

6. GOVERNMENT AND UGC GRANTS

6.1 Government Grants and UGC grants are accounted on realization basis.

6.2 To the extent utilized towards capital expenditure, government grants are transferred to the Capital Fund.

6.3 Government grants for meeting Revenue Expenditure (on accrual basis) are treated, to the extent utilized, as income of the year in which they are realized.

6.4 Unutilized grants (including advances paid out of such grants) are carried forward and exhibited as a liability in the Balance Sheet.

7. Fellowship to Ph.D and M.Phil Students

7.1 Fellowship to Ph.D and M.Phil Students are paid out of plan grant provided by Ministry of Human Resource Development (Department of Higher Education) and it is accounted as Academic expenses of the University.

8. MEDICAL CONTRIBUTION

8.1 Medical contributions received as per medical scheme of NUEPA are taken as receipts in Non-Plan A/c, as medical reimbursement is paid from Non-Plan A/c.

9. GRANTS TO NGOS

9.1 Grants/Financial Assistance to NGOs having similar objective is being accounted as expenditure under Plan Account.

10. SALE PROCEEDS OF CONDEMNED ITEMS

10.1 Sale proceeds of unserviceable and obsolete items are taken as incomes under "Other income" as the value of items condemned have already depreciated fully.

SCHEDULE 15

CONTINGENT LIABILITIES AND NOTES TO ACCOUNTS

1. FIXED ASSETS

- 1.1 Fixed assets are created out of Plan grant only, except vehicles, which is purchased out of Non-Plan grant. Additions in the year to Fixed Assets in Schedule 3 include Assets purchased out of Plan Funds (₹ 2,00,99,124) and Library Books and other assets of the value of (₹ 3,195) gifted to the University. The Assets have been set up by credit to Capital Fund.
- 1.2 In the Balance Sheet as on 31.03.2017 and the Balance Sheet of earlier years, Fixed Assets created out of Plan funds and Fixed Assets created out of Non-Plan funds not exhibited distinctly. The additions during the years from 01.04.2016 to 31.03.2017 from Plan, Non-Plan funds, and other funds, and the depreciation on those additions respectively have been exhibited distinctly (Schedule-3).

2. CURRENT LIABILITIES AND PROVISIONS

- 2.1 Expenditure which were due as on 31st March 2017, but were not paid is provided for, as outstanding liability and salary payable,
- 2.2 In view of no taxable income under Income Tax Act 1961, no provision for income tax has been considered necessary.
- 2.3 The provision for liability payable towards retirement benefits of employees and provisions for liability towards lump-sum payment in lieu of encashment of accumulated leave at credit were made based on assumption till last year. This year, the actuarial valuation as on 31.03.2017 was got done and provisions made earlier were set off by debit to prior period expenses, to cover

all the previous years. Based on actuarial valuations as on 31.03.2017 and taking into account the payments made in 2016-17 and the net provisions existing, further provisions were made in accounts for 2016-17 by debit to Income and Expenditure Account for 2017-18.

3. CURRENT ASSETS, LOANS, ADVANCES AND DEPOSITS

- 3.1 In the opinion of the University, the current assets, Loans, Advances and Deposits have a value on realization in the ordinary course, equal at least to the aggregate amount shown in the Balance Sheet.

4. PROVIDENT FUND ACCOUNT

- 4.1 As the Provident Fund Accounts is owned by the members of those funds and not by the University, the PF account is separated from the University's Accounts as per the instructions pertaining to Govt. of India on the subject regarding preparation of accounts on accrual basis. However, a Receipt and Payment Account, an Income and Expenditure Account (on accrual basis) and a Balance Sheet of the Provident Fund Account is attached to the Annual Accounts of the University.

5. NEW PENSION SCHEME ACCOUNT

- 5.1 All the employees covered under New Pension Scheme have been PRA number and the employer and employee contributions pertaining to them are regularly transfer to National Securities Depository Limited

(NSDL)-Central Recordkeeping Agency (CRA). There are no outstanding amounts to be transferred.

6. RETIREMENT BENEFITS

6.1 Retirement benefits, i.e. pension, gratuity and leave encashment are provided on basis of actuarial evaluation. Capitalized value of pension and gratuity received from previous employers of the University employees who have been absorbed in the University, is credited to respective provision accounts.

7. GRANTS

7.1 In the previous years, Plan Grants received were treated as Income, except to the extent, they were utilized for Capital Expenditure through Bank Balances of Plan Grant Accounts

and Advances Paid out of Grant Funds and outstanding adjustments as on last date of financial year were exhibited on Assets side of Balance Sheet. The unutilized grants as on 31.03.2017 has been carried forward and exhibited as a liability in Balance Sheet.

8. The details of Balances in Saving Bank Accounts are enclosed as attachment 'A' to the Schedule of Current Assets.
9. Previous Year's figures have been re-grouped wherever necessary.
10. Figures in the Final accounts have been round off to the nearest rupee.
11. Schedules 1 to 13 are annexed and form an integral part of the Balance Sheet at 31st March 2017 and the Income and Expenditure account for the year ended on that date.

Audit Report

AUDIT REPORT

DRAFT SEPARATE AUDIT REPORT OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA ON THE ACCOUNTS OF THE NATIONAL INSTITUTE OF EDUCATIONAL PLANNING & ADMINISTRATION FOR THE YEAR ENDED 31 MARCH 2017

1. We have audited the attached Balance Sheet of the National Institute of Educational Planning & Administration (NIEPA) erstwhile National University of Educational Planning & Administration (NUEPA) as at 31 March 2017, Income & Expenditure Account and Receipts and Payments Account for the year ended on that date under Section 20. (1) of the Comptroller and Auditor General's (Duties, Powers & Conditions of Service) Act, 1971. The audit has been entrusted for the period up to 2020-21. These financial statements are the responsibility of the NIEPA's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. This draft Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best' accounting practices, accounting standards and disclosure norms, etc.' Audit observations on-financial transactions with regard to compliance with the Law, Rules & Regulations (Propriety and Regularity) and efficiency-cum performance aspects, etc., if any, are reported through Inspection' Reports/CAG's Audit Reports separately.
3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes 'examining, on test basis, evidences supporting the amounts and disclosure in the financial. statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall presentation of financial statements. We believe that our audit - provides a reasonable basis for our opinion.
4. Based on our audit, we report that:
 - i. We have obtained all the information and explanations, subject to the observation in the report, which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - ii. The Balance Sheet, Income & Expenditure Account and Receipt & Payment Accounts dealt with by this report have been drawn up in the format prescribed by the Government of India, Ministry of Human Resource Development, Government of

India vide order no. 29- 4/2012-FD dated 17 April 2015, subject to the observation in the report.

- iii. In our opinion, proper books of accounts and other relevant records have been maintained by the National Institute of Educational Planning & Administration in so far as it appears from our examination of such books.
- iv. We further report that:

A. Balance Sheet

A.1 Liabilities

A.1.1 Current Liabilities & Provisions (Schedule-2) - Rs. 58.39 crore

The above does not include liabilities for expenses amounting to Rs. 10.56 lakh (Annexure III) pertaining to the year-2016-17 but not paid during the year resulting in understatement of Current Liabilities and Provisions & overstatement of Capital Fund by Rs. 10.56 lakh.

A.2 Assets

A.2.1 Fixed Assets (Schedule 3) - Rs. 19.74 crore

The above includes value of land amounting to Rs. 23.07 lakh but as per the records the land was transferred by NCERT to NIEPA on a payment of Rs. 20.91 lakh. This has resulted in overstatement of Fixed Assets and Capital Fund by Rs. 2.16 lakh.

A. 2.2 Loans, Advances & Deposits (Schedule 5) - Rs. 4.75 crore

The above does not include TDS of Rs. 19.70 lakh (2014-15: Rs. 0.78 lakh, 2015-16: Rs. 11.04 lakh and 2016-17: Rs. 7.88 lakh) recoverable from Income Tax Department resulting in understatement of Loans, Advances & Deposits and understatement of Capital Fund by Rs. 19.70 lakh.

B. Provident fund Balance Sheet

The Balance Sheet has not been drawn as per the format prescribed by MHRD as detailed below:-

- i. The opening balance of Rs. 14.92 crore shown on the liabilities side of the Balance sheet includes the cumulative balance of the interest reserve and liabilities of GPF and CPF for the previous years. The amount of Rs. 1.25 crore shown under GPF and amount of Rs. 1.20 lakh shown under CPF is the liability towards the GPF/CPF subscribers for the current year only.
- ii. The interest reserve of Rs.9.38 lakh shown in the Balance sheet is for the current year and does not include the cumulative balance of the previous years.

Audit is therefore not able to verify the actual liabilities of GPF and CPF and cumulative balance of interest reserve available with NIEPA as on the date of Balance Sheet.

C. Income and Expenditure

C.1 Income

C.1.1 Grants/Subsidies (Schedule 7)-Rs. 26.75 crore

As per the format of accounts prescribed by Ministry of Human Resource Development grant utilized for revenue expenditure (exclusive of provision for retirement benefits and inclusive of actual expenditure on retirement benefits) should be shown as income in the above Schedule. Therefore, the non-plan grant utilized for revenue expenditure should be Rs. 17.21 crore (Annexure II) but the same has been shown as Rs. 18.16 crore in the above schedule resulting in overstatement of Grants/Subsidies with consequent overstatement of Capital Fund

and understatement of Current Liabilities & Provisions - unutilized grant-in-aid by Rs. 95 lakhs.

D. General

D.1 Corpus/Capital Fund amounting to Rs. (-) 13.33 crore has been shown under assets instead of showing it under liabilities in violation of MHRD format of accounts.

D.2 As per the format of Accounts prescribed by Ministry of Human Resource Development the assets shown under the schedule of Fixed Assets are to be further categorized under Plan, Non-Plan, intangible assets, patents, copyrights and others in the sub schedules but the same has not been done by NIEPA. This was pointed out in the last SAR also.

D.3 The following information/records were not furnished to audit:-

- i. The work-wise details of outstanding advances on capital account amounting to Rs.4.07 crore
- ii. The approval regarding carry forward of unspent grant from MHRD.

E. Grant-in-aid

NIEPA received grants-in-aid of Rs 28.27 crore (Plan: Rs.10.11 crore and Non-Plan Rs.18.16 crore), out of which Rs.3.28 crore (Non Plan Rs. 2.63 crore and Plan Rs.0.65 crore) was received in March 2017. It had opening balance of Rs. 5.95 crore (Plan). Out of the total fund of Rs.34.22 crore it utilized Rs. 27.81 crore (Plan Rs. 10.60

crore and Non-Plan Rs. 17.21 crore) leaving a balance of Rs. 6.41 crore (Plan: Rs. 5.46 crore and Non-Plan: Rs.- 0.95 crore) as on 31 March 2017. It also received grant of Rs 6.14 crore for specific projects from Ministry of HRD during the year and had an opening balance of Rs.4.80 crore in these projects. Out of the total of Rs. 10.94 crore an expenditure of Rs. 4.55 crore was incurred by NIEPA during the year on these projects leaving a balance of Rs.6.40 crore as on 31.03.2017.

- v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet Income and Expenditure Account and Receipts and Payments Account dealt with by this report are in agreement with the books of accounts.
- vi. In our opinion and to the best of our information and according to the explanation given, to us, the said financial statements, read together with the Significant Accounting Policies and Notes on Accounts, and subject to the. significant matters stated above and other matters mentioned in Annexure I to this Audit Report, give a true and fair view in conformity with accounting principles generally accepted in India:
 - a. in so far as they relate to the Balance Sheet of the state of affairs of the National Institute of Educational Planning and Administration as at 31 March 2017; and
 - b. in so far as they relate to the Income and Expenditure Account of the deficit for the year ended on that date.

For and on behalf of the C&AG of India

-Sd-

**Director General of Audit
Central Expenditure**

Place: New Delhi
Dated: 01.10.2019

Annexure -1

1. Adequacy of Internal Audit System
