5. Further discussions were held on the areas of concern, point-wise as follows:
 - 5.1 **Education Indicators:**
 - 5.1.1 It was observed that GER of boys in the State is 73.33% against the 80.01% National GER (Boys). GER is significantly low in Karimganj (58.97%), Nagaon (62.74%) and Hailakandhi (64.99%) districts. Secretary Education, Assam informed that 10 to 11% population belongs to Tea garden areas and students of Tea garden area try to get employed in tea garden at early age which leads to low enrolment.
 - 5.1.2 The dropout rate at secondary level is 10.98%. Secretary, Education, Assam informed that remedial teaching has been implemented very well in all the schools in the State for all class IX students. Joint Secretary (SE-I) desired that a case study may be done in this regard and same may be uploaded on PMS as best practices of the State.
 - 5.1.3 The transition rate in the State has improved from 86 to 95 which is quite encouraging. Secretary, Assam informed that apart from remedial teaching, State is also implementing other interventions like fee exemption at secondary level etc. which has led to considerable improvement

in transition rates. JS (SE-I) pointed out that GER also needs to improve proportionately on the lines of transition rate.

5.1.4 It was observed that pass percentage of the State is 62.79% against the national pass percentage of 79.21% which is quite low. The State informed that due to curb on malpractices in examinations, the pass percentage has dropped. This year it is planned to install CCTVs for examination which may further reduce the pass percentage.

The teacher's of community schools were absorbed into government school's alongwith adoption of community schools by the Government. Majority of these teachers were not qualified.
