Minutes of the Meeting held on 4th February, 2016 for approval of Annual Work Plan & Budget 2016-17 of Gujarat under the Centrally Sponsored Scheme of the Integrated Rashtriya Madhyamik Shiksha Abhiyan (RMSA).

A meeting of the Project Approval Board (PAB) to consider the Annual Work Plan & Budget 2016-17 of the state of Gujarat was held on the 4th February, 2016, under the Chairmanship of Dr. S. C. Khuntia, Secretary (School Education & Literacy).

2. The list of participants who attended the meeting is at **Annexure-I**.
3. Secretary (SE&L) welcomed the participants. In his opening remarks, he appreciated the efforts of the State and the overall progress made by the State under RMSA. JS(SE.1) highlighted the overall status of secondary education scenario in the State, areas of concern and details of the proposal of Annual Work Plan & Budget (AWP&B) for RMSA for 2016-17. A copy of Presentation is at **Annexure-II**.

Discussions were held on the areas of concern, point-wise, as follows:

3.1 Slow progress of civil works:

3.1.1 Under RMSA, construction of 219 new schools is completed out of 327 approved, with a completion rate of 66%. Construction is still in progress in 108 schools. 194 schools were approved for strengthening but construction work has not yet been taken up in any of these. 40 teachers quarters were approved in 2010-11, but no progress has been shown so far.

The SPD stated that the strengthening component could not be taken up due to delay by the State PWD. It has now been decided to take up execution of civil works through the SSA civil wing. However, due to escalation in cost, the State expressed its inability to take up the works with the State Schedule of Rate (SR) of earlier year, and offered to surrender the approval already obtained.

Further, construction of 40 teachers quarters could not be taken up as those were scattered in isolated areas and the cost of construction has also increased. The State proposed for surrender of these quarters as well.

3.1.2 Girls Hostel:- Out of 85 hostels approved, 41 hostels are functional with 1601 girls. In respect of civil works, only 49 (58%) hostels have been completed and 1 is in progress. The rest 35 are yet to be taken up. The SPD stated that the work of these 35 hostels is at tendering stage and these will be completed during 2016-17.

3.1.3 IEDSS:- Equipment for 21 Resource rooms were approved earlier but not yet been installed. 155

The SPD stated that the purchase of equipments is at tendering stage and would be completed within 3 months.

3.2 Education Indicators :-

- The overall enrollment has decreased by 14126 (0.81%) in the year 2015-16.
- GER has decreased from 74.34% in 2014-15 to 73.56% in 2015-16
- NER has decreased from 47.51% in 2014-15 to 47.17% in 2015-16.
- The dropout rate has increased from 8.94% in 2014-15 to 9.69% in 2015-16.
- The Transition rate has decreased from 85.06% in 2014-15 to 83.85% in 2015-16.
- The Retention rate has decreased from 91.06% in 2014-15 to 90.31% in 2015-16.
- The Gross Access Ratio (GAR) at the state level is 78.71, however the Districts of Kutch (19.55), Jamnagar(35.35), DevbhumiDwarka (34.46%) and Botad (39%) have very low GAR.

The SPD informed that under RMSA, 327 new schools were sanctioned to the state in the years 2010-11 and 2011-12. There was considerable increase in enrolment during these years and in the following 2 to 3 years. One of the major reasons for dropout at class IX and decrease in enrolment in class X is that these students appear in board exam as private candidates. Also, while number of upper primary schools and the number of students upto class- VIII has sharply increased due to implementation of RTE, the number of government secondary schools has not increased. No new school has been opened after 2012-13. Thus, there is a need for new secondary schools this year in uncovered areas, and those will provide enhanced access and bring desired increase in the enrolment.

- The GPI of the State is 0.83 which is far behind the target of 1.00

The SPD stated that low GPI is mainly attributed to poor access to schools in rural areas. Parents of these areas do not send their adolescent daughters to the schools if located far away from their village. However, GPI has marginally increased in 2015-16 as the state has taken initiative like free bicycle, Vidyalakshmi Bond etc. Opening of new schools in unserved areas will positively impact the GPI as well.

- The Pass percentage of 10th class has decreased sharply from 73.86% in 2014-15 to 63.20% in 2015-16. This is an area of concern. The districts having very poor indicators viz. Chhotaudepur, Surendranagar, Kachchh, Devbhoomi Dwarka, Dangs, Kheda, Panchmahal and Banaskantha need special attention and intervention.

Gupta

The SPD stated that this year the Board exam paper were set hard as compared to previous year and also the board examination centers were monitored through CCTV cameras. Effective check on copying cases has resulted in decrease in overall board result. The State has taken up quality improvement projects specially focusing on these districts.

- 6 Govt. and 17 Govt-aided schools have zero enrolment.

The SPD stated that these schools are mostly located in Urban areas where there is preponderance of schools. Due to priority of the parents to admit their wards in private public schools, enrolment in few schools of urban areas has decreased significantly.

3.3 Other issues:

3.3.1 It is observed that in the secondary schools approved under RMSA, the capacity utilization is only 49%.

The SPD stated that a large number of schools are located in thinly populated and remote villages. As population of the villages is small and distance from village to village is large, some schools remain under-utilized. The state is now making full efforts for increasing enrolment by organizing "Praveshotsav" for secondary schools also.

3.3.2 **Separate UDISE code:-** In the state, elementary and secondary schools are being run as separate schools and the state is providing separate codes to the secondary schools.

The SPD stated that secondary and higher secondary education is largely taken care of by grant-in-aid or self-financed schools. Primary and upper primary schools are mostly in government sector. Grant-In-Aid schools get full support of State Government in the form of teachers' salary, recurring grants etc. Since, there is separate administrative set-up and management system for the elementary and secondary schools and these are running under different managements, single U-DISE code is not possible. Therefore, the State Govt requested for support for grant-in-aid schools under RMSA, and also assured to look into the issue of automatic transition of students from Class VIII to IX.

3.3.3 There are 720 vacant posts of Headmasters. Similarly 803 teaching posts are vacant in govt. secondary schools.

The SPD stated that due to stay order of the Courts, they could not recruit regular teachers and head masters.

Qupta

Secy(SE&L) expressed concern over the large vacancy of Headmasters whose role in the schools is crucial for smooth functioning of schools. He suggested that the State may make adhoc arrangement for posting Headmasters subject to the outcome of the Court case. The State assured to take necessary action in this regard.

3.3.4 Under Vocational Education, 20 schools were approved in the year 2015-16 in four trades i.e. health care (general duty assistant), automobile (service technician), multi skill foundation course and retail (sales associate). The state has not been able to implement vocational education programme in these schools so far.

The SPD informed that the vocational education will commence from June 2016 in these schools. The state has completed the translation of the curriculum into Gujarati. The state level Academic Committee has recommended introduction of Vocational Education as 7th subject in Class 9 & 10.

Secy(SE&L) stated that trades requiring heavy investment for labs and workshops in schools may not be priority areas. Such trades are better taken care of by the ITIs. He advised to have a re-look at the utility of multi skill foundation course. The state should take up trades preferably in service sector requiring less infrastructure, e.g. retail, health care, tourism, IT services and the like. The State assured that it would send revised proposal accordingly.

3.3.5 The various components of RMSA are being handled by different departments of the State and a lack of coordination between these departments has been observed for the activities pertaining to the RMSA Scheme.

Secy(SE&L) advised that all the components of RMSA should be handled by the RMSA society. The SPD assured that they are working on it and would shortly bring all the components of the RMSA under one umbrella.
