PUBLIC NOTICE

Academic Programs and Opportunities offered by the Muhimbili University of Health and Allied Services (MUHAS) to India students

MUHAS (Muhimbili University of Health and Allied Services) is the leading public medical university in Tanzania, dedicated to developing health professionals and fostering medical training, research, and consultancy. The university is offering over 100 postgraduate courses in various fields, including medicine, pharmacy, dentistry, nursing, traditional medicine, and public health. The university also engages in advanced research and specialized consultancies. In line with university's efforts to promote international academic collaboration, the university is encouraging Indian students to explore these opportunities.

2. A detailed document is enclosed providing details with respect to application procedure, course eligibility, duration of course, etc. More details can be accessed at <https://muhas.ac.tz/>. **The deadline for international applications is 31st March 2025. Interested candidates can apply at MUHAS website (<https://pgoas.muhas.ac.tz>).**

In case of queries, if any, candidates are advised to contact at icu@muhas.ac.tz/international@muhas.ac.tz / +255719696404.

3. The Ministry of Education, Government of India has no role in nomination/selection of candidates. The Public notice is being published for wider dissemination of information purpose only. The final selection of the candidates will be done by the donor country.

Encl: As above

(Sangeet Kumar)

Under Secretary (Scholarships)

Dated: March 21, 2025

MUHIMBILI UNIVERSITY OF HEALTH AND ALLIED SCIENCES

APPLICATION FOR POSTGRADUATE DEGREE STUDIES FOR THE ACADEMIC YEAR 2025/2026

Applications are invited from the public for postgraduate degree studies at the Muhimbili University of Health and Allied Sciences (MUHAS).

APPLICATION PROCEDURE:

All applications shall be processed and submitted online through a portal accessible on the MUHAS website (<https://pqoas.muhas.ac.tz>). Applications submitted in hard copies shall not be processed.

APPLICATION FEE:

The application fee is Tshs 100,000/= for Tanzanian applicants and US\$ 50 for foreign applicants paid to the University.

This can be paid via Mobile Money (for local applicants, as per instructions on the application portal) or directly to MUHAS NBC Bank Account (for foreign applicants). The NBC bank account details for use by foreign applicants are listed below;

NBC Samora Branch

Bank Account Number 012105003582

SWIFT NO. SAMORA BRANCH NLCBTZTXXXXX

ATTACHMENTS:

Applicants shall be required to upload and submit clear scanned copies of the following documents;

1. An up-to-date detailed curriculum vitae.
2. Copies of ordinary level secondary education, advanced level secondary education, undergraduate certificates and academic transcripts. MSc Specialization applicants must also provide Master of Medicine (MMed) certificates and academic transcripts.
3. Internship certificate (MUST be provided as appropriate).
4. Birth certificate.
5. A letter from the employer showing readiness to release the applicant for studies.
6. For foreign applicants; receipt of payment of application fee.

All applicants must be proficient in written and spoken English. Successful applicants shall be required to submit original copies of certificates and transcripts for verification at the time of admission. Take note of changes in programme durations as indicated in appropriate sections.

DEADLINE: The deadline for submitting applications is **Monday 31st March 2025.**

POSTGRADUATE PROGRAMMES OFFERED AT MUHAS;

A. Programmes in the Campus College of Medicine

1. Master of Science (MSc) Super-specialization degree programmes in the following fields: -

- a) Cardiology (2 years)
- b) Neurology (2 years)
- c) Respiratory Medicine (2 years)
- d) Surgical Gastroenterology and Hepatobiliary Surgery (2 years)
- e) Urology (2 years)
- f) Vascular and Interventional Radiology (2 years)
- g) Neuroradiology (2 years)
- h) Plastic and Reconstructive Surgery (2 years)
- i) Paediatric Haematology and Oncology (2 years)
- j) Paediatric Surgery (2 years)
- k) Cardiothoracic Surgery (3 years)
- l) Cardiothoracic Anaesthesia and Critical Care (2 years)
- m) Women's Imaging (2 years)
- n) Rhinology (2 years)
- o) Nephrology (2 years)
- p) Medical Gastroenterology and Hepatology (2 years)
- q) Critical Care Medicine (2 years)
- r) Neonatology (2 years)

Eligibility for MSc Cardiology:

- (i) Holder of MMed degree in Internal Medicine or Paediatrics and Child Health of this University or its predecessor with good academic and professional conduct.
- (ii) Holder of a degree equivalent to MMed degree in Internal Medicine or Paediatrics and Child Health from other recognized universities with good academic and professional conduct.

Eligibility for MSc Neurology:

- (i) Holder of MMed degree in Internal Medicine or Paediatrics and Child Health of this University or its predecessor with good academic and professional conduct.
- (ii) Holder of a degree equivalent to MMed degree in Internal Medicine or Paediatrics and Child Health from other recognized universities with a good academic and professional conduct.

Eligibility for MSc Respiratory Medicine:

- (i) Holder of MMed degree of this University or its predecessor in Internal Medicine or Paediatrics and Child Health with good academic and professional conduct.
- (ii) Holders of a degree equivalent to MMed degree in Internal Medicine or Paediatrics and Child Health from other approved universities, with good academic and professional conduct.

Eligibility for MSc Surgical Gastroenterology and Hepatobiliary Surgery:

- (i) Holder of MMed Surgery of this University or its predecessor with good academic and Professional conduct.
- (ii) Holders of a degree equivalent to MMed Surgery degree from other recognized universities, with good academic and professional conduct.

Eligibility for MSc Urology:

- (i) Holder of MMed degree in General Surgery of this University or its predecessor with good academic and professional conduct.
- (ii) Holder of a degree equivalent to MMed General Surgery from other recognized universities with good academic and professional conduct.

Eligibility for MSc Vascular and Interventional Radiology:

- (i) Holder of MMed in Radiology of this University or its predecessor with good academic and Professional conduct.
- (ii) Holder of a degree equivalent to MMed in Radiology degree from other recognized universities, with good academic and professional conduct.

Eligibility for MSc Neuroradiology:

- (i) Holder of MMed in Radiology of this University or its predecessor with good academic and Professional conduct.
- (ii) Holder of a degree equivalent to MMed in Radiology degree from other recognized universities, with good academic and professional conduct.

Eligibility for MSc Plastic and Reconstructive Surgery:

- (i) Holder of MMed degree in General Surgery of this University or its predecessor with good academic and professional conduct.
- (ii) Holder of a degree equivalent to MMed General Surgery from other recognized universities with good academic and professional conduct.

Eligibility for MSc Paediatric Hematology and Oncology:

- (i) Holder of MMed degree in Paediatrics and Child Health of this University or its predecessor with good academic and professional conduct.
- (ii) Holder of a degree equivalent to MMed Paediatrics and Child Health from other recognized universities with good academic and professional conduct.

Eligibility for MSc Paediatric Surgery:

- (i) Holders of Master of Medicine (MMed) degree in General Surgery of this University or its predecessor with good academic and professional conduct.
- (ii) Holders of a degree equivalent to MMed degree in General Surgery from other recognized universities with good academic and professional conduct.

Eligibility for MSc Cardiothoracic Surgery:

- (i) Holder of MMed degree in General Surgery of this University or its predecessor with good academic and professional conduct.
- (ii) Holder of a degree equivalent to MMed in General Surgery from other recognized universities with good academic and professional conduct.

Eligibility for MSc Cardiothoracic Anaesthesia and Critical Care:

- (i) Holders of Master of Medicine (MMed) degree in Anaesthesia of this University or its predecessor with good academic and professional conduct.
- (ii) Holders of a degree equivalent to MMed degree in Anaesthesia from other recognized universities with good academic and professional conduct.

Eligibility for MSc Women's Imaging:

- (i) Holder of MMed degree in Radiology of this University or its predecessor with good academic and professional conduct.
- (ii) Holder of a degree equivalent to MMed Radiology from other recognized universities with good academic and professional conduct.

Eligibility for MSc Rhinology:

- (i) Holder of MMed degree in Otorhinolaryngology of this University or its predecessor with good academic and professional conduct.
- (ii) Holder of a degree equivalent to MMed Otorhinolaryngology from other recognized universities with good academic and professional conduct.

Eligibility for MSc Nephrology:

- (i) Holders of MMed degree in Internal Medicine or Paediatrics and Child Health of this University or its predecessor with good academic and professional conduct.
- (ii) Holder of a degree equivalent to MMed degree in Internal Medicine or Paediatrics and Child Health from other recognized universities with good academic and professional conduct.

Eligibility for MSc Medical Gastroenterology and Hepatology

- (i) Any holder of MMed degree in Internal Medicine or Paediatrics and Child Health of this University or its predecessor with good academic and professional conduct.
- (ii) Holders of a degree equivalent to MMed degree in Internal Medicine or Paediatrics and Child Health from other approved universities, with good academic and professional conduct.

Eligibility for MSc Critical Care Medicine:

- (i) Holder of MMed degree in Anaesthesiology or MMed in Emergency Medicine of this University or its predecessor with good academic and professional conduct.
- (ii) Holder of a degree equivalent to MMed Anaesthesiology or MMed Emergency Medicine from other recognized universities with good academic and professional conduct.

Eligibility for MSc Neonatology:

- (i) Holder of MMed degree in Paediatrics and Child Health of this University or its predecessor with good academic and professional conduct.
- (ii) Holder of a degree equivalent to MMed Paediatrics and Child Health from other recognized universities with good academic and professional conduct.

2. Master of Science (MSc) Programmes:

- (a) Human Anatomy (2 years)
- (b) Biochemistry and Molecular Biology (2 years)
- (c) Clinical Pharmacology and Precision Therapeutics (2 years)
- (d) Clinical Psychology (2 years)
- (e) Medical Microbiology (2 years)
- (f) Applied Medical and Exercise Physiology (2 years)
- (g) Histotechnology (2 years)
- (h) Cardiovascular Perfusion (2 years)

Eligibility for MSc Human Anatomy:

- (i) Holders of the MD and DDS degrees of this University with a minimum GPA of 2.7 or average of "B".
- (ii) Graduates from other universities who have been admitted to the status of Doctor of Medicine and DDS or equivalent degree, provided they have a minimum GPA of 2.7 or average of "B".
- (iii) Holders of BSc in Human Anatomy from recognized universities with a minimum GPA of 2.7 or average of "B".
- (iv) Holders of BVM or its equivalent from a recognized university with a credit or distinction in anatomy with a minimum GPA of 2.7 or average of "B".
- (v) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for MSc Biochemistry and Molecular Biology:

- (i) Graduates with MD, DDS, BPharm, BScRTT, BMLS of this or other university with a minimum GPA of 2.7 or average of "B".
- (ii) Graduates from other recognized universities who have completed their studies and earned BVM or equivalent with a minimum GPA of 2.7 or average of "B".
- (iii) Holders of BSc in Biochemistry, Molecular Biology, Chemistry, Biology or Zoology, Biotechnology, and Microbiology with a minimum GPA of 2.7 or average of "B".
- (iv) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for MSc Clinical Pharmacology and Precision Therapeutics:

- (i) Holders of the M.D, DDS, BPharm and BSc Nursing degrees of this University with a minimum GPA of 2.7 or average of "B".
- (ii) Graduates from other Universities who have been admitted to the status of MD, DDS, BPharm and BSc Nursing or equivalent, provided they have a minimum GPA of 2.7 or average of "B".
- (iii) Holders of BSc in Pharmacology from recognized universities with a minimum GPA of 2.7 or average of "B".
- (iv) Holders of Bachelor of Veterinary Medicine (BVM) or its equivalent from a recognized university with a minimum GPA of 2.7 or average of "B".
- (v) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for MSc Clinical Psychology:

- (i) Holders of BSc in Psychology, Counseling Psychology or equivalent of this or

- other recognized Universities with a minimum GPA of 2.7 or average of "B".
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".
 - (iii) All applicants must have a minimum of 2 years post-internship working experience.

Eligibility for MSc Medical Microbiology:

- (i) Possession of the MD, DDS, BSc N, BPharm, BMLS, BSc EHS, of this University with a minimum GPA of 2.7 or average of "B".
- (ii) Graduates from other Universities who have been admitted to the status of MD, DDS, BPharm, BMLS, BSc EHS BSc N or equivalent, provided they have a minimum GPA of 2.7 or average of "B".
- (iii) Holders of BSc in Microbiology, BSc Applied Microbiology, BSc in Food Science and Technology and Bachelor of Veterinary Medicine (BVM) from recognized Universities with a minimum GPA of 2.7 or average of "B".
- (iv) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for MSc Applied Medical and Exercise Physiology

- (i) Holders of the MD, DDS, BPharm, BMLS, BScRTT and BScN degrees of this University with a minimum GPA of 2.7 or average of "B".
- (ii) Graduates from other Universities who have been admitted to the status of MD, DDS, B Pharm, BMLS, BScRTT and BScN or equivalent, provided they have a minimum GPA of 2.7 or average of "B".
- (iii) Holders of BSc. in Physiology from recognized Universities with a minimum GPA of 2.7 or average of "B".
- (iv) Holders of Bachelor of Veterinary Medicine (BVM) or its equivalent from a recognized University with a minimum GPA of 2.7 or average of "B".
- (v) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for MSc Histotechnology

- (i) Holders of Bachelor in Medical Laboratory Sciences (BMLS General of BMLS Histotechnology) or equivalent degree of this University, its Predecessors or other recognized Universities with a minimum GPA of 2.7 or average of "B".
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for MSc Cardiovascular Perfusion:

- (i) Holders of Doctor of Medicine, Bachelor of Science (BSc) in Nursing or BSc in Nursing Anesthesia degree of this University, its predecessor or other recognized universities with good academic and professional conduct with a minimum GPA of 2.7 or average of "B".
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".
- (iii) All applicants must have a minimum of 2 years post-internship working experience.

3. Master of Medicine (MMed) Programmes in:

NOTE that programme duration for most MMed programmes has been increased to **four (4) years** as indicated.

- (a) Anaesthesiology (**4 years**)
- (b) Anatomical Pathology (3 years)
- (c) Clinical Oncology (**4 years**)
- (d) Emergency Medicine (**4 years**)
- (e) Haematology and Blood Transfusion (**4 years**)
- (f) Internal Medicine (3 years)
- (g) Clinical Microbiology and Infectious Diseases (3 years)
- (h) Obstetrics and Gynaecology (**4 years**)
- (i) Ophthalmology (**4 years**)
- (j) Orthopaedics and Traumatology (**4 years**)
- (k) Otorhinolaryngology (**4 years**)
- (l) Paediatrics and Child Health (3 years)
- (m) Psychiatry (3 years)
- (n) Radiology (**4 years**)
- (o) General Surgery (**4 years**)
- (p) Urology (**4 years**)

Eligibility for MMed programmes:

- (i) A holder of a Doctor of Medicine (MD) degree of this University, its Predecessors or other recognized universities with a minimum GPA of 2.7 or average of "B" grade in relevant subject(s).
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".
- (iii) All applicants must have a minimum of 2 years of post-internship working experience, except applicants for the MMed in Anatomical Pathology and Microbiology and infectious diseases programs.

B. Programmes in the School of Dentistry

Master of Dentistry (MDent) in:

NOTE that the programme duration for MDent Oral and Maxillofacial Surgery has been increased to **four (4) years**.

- (a) Oral and Maxillofacial Surgery (**4 years**)
- (b) Restorative Dentistry (3 years)
- (c) Oral Public Health (3 years)
- (d) Paediatric Dentistry (3 years)
- (e) Orthodontics (3 years)

Eligibility for MDent programmes:

- (i) A holder of a Doctor of Dental Surgery (DDS) degree of this University, its Predecessors or other recognized universities with a minimum GPA of 2.7 or

- average of "B".
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".
 - (iii) All applicants must have a minimum of 2 years of post-internship working experience, except the applicants for MDent Oral Public Health.

C. Programmes in the School of Pharmacy

NOTE that the programme duration for some MSc and MPharm programmes in the School of Pharmacy has been increased to **three (3) years** as indicated.

1. Master of Science (MSc) in:

- (a) Pharmaceutical Management (2 years)
- (b) Medicinal and Pharmaceutical Chemistry (**3 years**)
- (c) Pharmacovigilance and Pharmacoepidemiology (2 years)

2. Master of Pharmacy (MPharm) in:

- (a) Industrial Pharmacy (**3 years**)
- (b) Clinical Pharmacy (**3 years**)
- (c) Quality Control and Quality assurance (2 years)

Eligibility for MPharm and MSc programmes (except MSc Pharmacovigilance and Pharmacoepidemiology):

- (i) Applicants with a BPharm degree from a recognized University with a minimum GPA of 2.7 or average of "B".
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for Master of Science in Pharmacovigilance and Pharmacoepidemiology

- (i) Applicants with a BPharm, Doctor of Medicine (MD), Doctor of Dental Surgery (DDS), BSc Nursing or BSc Midwifery degree from a recognized University with a minimum GPA of 2.7 or average of "B".
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

D. Programmes in the School of Nursing: Master of Science (MSc) in:

NOTE that the programme duration for **ALL** MSc programmes in the School of Nursing has increased to **three (3) years** as indicated.

- (a) Emergency and Critical Care Nursing (**3 years**)
- (b) Mental Health Nursing and Psychotherapy (**3 years**)
- (c) Cardiovascular Nursing (**3 years**)

Eligibility for MSc Emergency and Critical Care Nursing, Mental Health nursing and Psychotherapy and Cardiovascular Nursing programmes:

- (i) Applicants with a BSc Nursing degree with a GPA of 2.7 of this University, its predecessors or other recognized universities with a minimum GPA of 2.7 or average of "B".
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or

average of "B".

- (iii) All applicants must have a minimum of 2 years post-internship working experience.

E. Programmes in the School of Public Health and Social Sciences:

NOTE that the programme duration for MPH Distance Learning has been increased to **three (3) years**.

- (a) Master of Medicine in Community Health (MMed Community Health) (3 years)
- (b) Master of Public Health (MPH) – Regular Track (1 year)
- (c) Master of Public Health (MPH) – Executive Track (2 years)
- (d) Master of Public Health (MPH) – Distance Learning (**3 years**)
- (e) Master of Public Health (MPH) – Implementation Science (regular track, 2 years)
- (f) Master of Science in Health Policy, Management and Entrepreneurship (MA-HPME) (2 years)
- (g) Master of Science in Health Economics and Policy (MSc HEP) (2 years)
- (h) Master of Science in Applied Epidemiology (MSc AE) (2 years)
- (i) Master of Science in Epidemiology and Laboratory Management (MSc ELM) (2 years)
- (j) Master of Science in Environmental Health (MSc EH) (2 years)
- (k) Master of Science in Project Management, Monitoring and Evaluation in Health-Executive Track (MSC PMMEH-Executive Track) (2 years)
- (l) Master in Social and Behavioral Change for Health (Regular Track) (2 years)
- (m) Master of Science in Nutritional Epidemiology (MSc NE) (2 years)

Eligibility for MMed in Community Health: -

- (i) An applicant who has Doctor of Medicine (MD) degree with a minimum GPA of 2.7 or average of "B".
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for Master of Public Health (MPH) – Regular Track, Executive Track, Distance Learning and Implementation Science programmes

- (i) A graduate from any recognized University in health-related fields of study including but not limited to medicine, pharmacy, dentistry, nursing, radiology, laboratory sciences, midwifery, sociology, anthropology, health statistics, health service administration, environmental health sciences, demography, biology, food science, epidemiology and health information sciences with a minimum GPA of 2.7 or average of "B".
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for Master of Science in Health Policy, Management and Entrepreneurship (MA-HPME)

- (i) Holders of a first degree in Medicine, Dental Surgery, Pharmacy, Environmental Health Sciences, Nursing, Sociology, Anthropology, Health Statistics, Demography, Biology, Food Sciences, Human Nutrition, Veterinary Sciences, Epidemiology, Health Information Sciences and other

related fields with a minimum GPA of 2.7 or average of "B".

- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for MSc Health Economics and Policy – Evening programme

- (i) Holders of Doctor of Medicine (MD), Doctor of Dental Surgery (DDS), Bachelor of Pharmacy, BSc Nursing, BSc Midwifery, BSc (Environmental Health Science), Bachelor of Medical Laboratory Sciences (BMLS), BMLS Haematology and Blood Transfusion, BMLS Parasitology and Medical Entomology, BMLS Clinical Chemistry, BMLS Histotechnology, Bachelor of Science Radiation Therapy Technology (BSc RTT), Bachelor of Biomedical Engineering with a minimum GPA of 2.7 or average of "B".
- (ii) Holders of a first degree in Economics, Statistics, Actuarial Sciences, food sciences, veterinary sciences, epidemiology, and other related fields with strong analytical skills with a minimum GPA of 2.7 or average of "B".
- (iii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for Master of Science in Applied Epidemiology

- (i) Graduates from any recognized University in Medicine, Dentistry, Laboratory Sciences, Veterinary Sciences, Pharmacy, Environmental Health Sciences, Nursing, statistics, demography, biology, food science and public health or any other health-related fields with a minimum GPA of 2.7 or average of "B".
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".
- (iii) All applicants must have a minimum of 2 years post-internship working experience.

Eligibility for Master of Science in Epidemiology and Laboratory Management

- (i) Graduates from any recognized University with a first degree in the fields of Laboratory Sciences, Medical Sciences, Veterinary Sciences, Biological sciences, Microbiology, Parasitology and Entomology or any other laboratory related fields with a minimum GPA of 2.7 or average of "B".
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".
- (iii) All applicants must have a minimum of 2 years post-internship working experience.

Eligibility for Master of Science in Environmental Health

- (i) Holders of a BSc in Environmental Health Sciences with a minimum GPA of 2.7 or average of "B".
- (ii) Holders of a first degree in science-related subjects (BSc Env. Eng., BSc Chemical and Processing Eng, BSc General etc.) with a minimum GPA of 2.7 or average of "B".
- (iii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for Master of Science in Project Management, Monitoring and Evaluation in Health - Executive Track

- (i) Graduates this or other recognized Universities in any field of study that includes but not limited to health disciplines; economics, anthropology, statistics, environmental health sciences, demography, biology, food science, epidemiology, health information sciences, community development, public administration, public health, social works and sociology with a GPA of at least 2.7 or average of "B".
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for Master in Social and Behavioral Change for Health (Regular Track)

- (i) Graduates from MUHAS in BSc EHS, BSc N, MD, DDS with a minimum GPA of 2.7 or average of "B".
- (ii) Graduates from other recognized Universities in BSc EHS, BScN, MD, DDS, LLB, BSc (Ed), BA (Ed), BA (Econ.), BA (Soc.), BSc. (Food Science and Technology) and BA (Pol. Scs.) or other health-related fields with a minimum GPA of 2.7 or average of "B".
- (iii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

Eligibility for Master of Science in Nutritional Epidemiology (MSc NE)

- (i) Graduates of this or other recognized Universities in the fields of Nutrition Sciences, Medicine, Dentistry, Laboratory Sciences, Veterinary and Agricultural Sciences, Pharmacy, Environmental Health Sciences, Nursing, or any other relevant health related fields with prior nutrition training.
- (ii) Graduates with bachelor's degrees in other fields of study such as statistics, epidemiology, demography, food science, dietetics, social science, and public health may also apply provided they are graduates from recognized Universities.
- (iii) Applicants must have scored at least a GPA of 2.7 in their undergraduate degree programme, and B grade at a subject specific to Nutrition Epidemiology.
- (iv) Applicants with Postgraduate Diploma with GPA of 3.0 in addition to undergraduate degree.

F. Programme in the Institute of Traditional Medicine:

Master of Science in Herbal Products Development (2 years)

Eligibility for MSc Herbal Products Development:

- (i) Graduates from recognized Universities with BPharm or its equivalent, BSc degree in Chemistry, Zoology, or Botany as one of the major subjects or a degree in Biotechnology, Biochemistry, Nutrition, or Chemical engineering with a minimum GPA of 2.7 or average of "B".
- (ii) Postgraduate diploma in any relevant field with a minimum GPA of 3.0 or average of "B".

IMPORTANT: Programme Duration

College/ School/ Institute	Programme category	Duration		Programme
		Years	Semesters	
Campus College of Medicine	MSc super specialization	2	4	All MSc super specialization EXCEPT <i>Neurosurgery and cardiothoracic surgery</i>
		3	6	<i>Neurosurgery and cardiothoracic surgery</i>
	MSc	2	4	All MSc programmes
	MMed	4	8	All MMed, EXCEPT MMed in <i>Anatomical Pathology, Internal Medicine, Psychiatry, Clinical Microbiology and infectious diseases, Pediatrics and Child</i>
		3	6	MMed Anatomical Pathology, Internal Medicine, Psychiatry, Clinical Microbiology and infectious diseases, and Paediatrics and Child Health
School of Dentistry	MDent	3	6	All MDent programmes EXCEPT <i>MDent Oral and Maxillofacial Surgery</i>
		4	8	<i>MDent Oral and Maxillofacial Surgery</i>
School of Pharmacy	MSc	2	4	All MSc programmes EXCEPT <i>Medicinal and Pharmaceutical Chemistry</i>
		3	6	<i>MSc Medicinal and Pharmaceutical Chemistry</i>
	MPharm	2	4	All MPharm programmes EXCEPT <i>Clinical Pharmacy and Industrial Pharmacy</i>
		3	6	<i>Clinical Pharmacy and Industrial Pharmacy</i>
School of Nursing	MSc	3	6	All MSc programmes
School of Public Health and Social Sciences	MPH MSc	2	4	MPH-Executive track and Implementation Science
		1	2	MPH Regular Track
		3	6	MPH Distance Learning
		2	4	All MSc programmes
Institute of Traditional Medicine	MSc	2	4	MSc Herbal Products Development
